Over Byron Bay Jane Ellyson,2018-10-15 Inconvenient timing and tragedy draws together and then tears apart two friends. Will they risk their friendship for love? Or will their secrets and past mistakes be too formidable? It's the story of friendship. A deep friendship that neither Melissa Brinkley nor Andrew Wyatt were prepared to risk for love. It's a story of heartbreak and hope. Of two people with extraordinarily bad timing. It's a story or relationships within and between families. It's a bumpy story of running away and of new beginnings set between the Bangalow, Boston, Brisbane and Byron Bay.

Plant a Tree Grow a Fish Mary Gardner,2023-07-24 Byron Bay - the pearl of the New South Wales Northern Rivers, nestled beside pristine beaches and fringed by verdant rainforest. Mary Gardner walks, snorkels and dreams amid the natural beauties that make this region unique. .Plant a tree grow a fish heralds a new style of nature writing, unapologetically fashioning poetry, science, history and observation into a glittering mosaic. More than a field guide, Mary has written a love story from her marine ecologist's perspective. This book is for anyone whose imagination and curiosity are piqued by Byron Bay's treasury of coastal and hinterland riches. Creatures from anemones to sand bubbler crabs, platypuses to brush turkeys, whales to plankton are examined and celebrated. Landscape and flora are gloriously revealed, from the tiniest native orchid to the ubiquitous casuarinas to the fragile wallum heath lands. Overall looms the threat of unsustainable, rapacious development and a ticking clock, urging the need to act now, before all is lost.
