Massacres of the Mountains Volume 2 of 2 J. P. Dunn,2001-09-01 J.P. Dunn wrote Massacres of the Mountains in an attempt to separate historical fact from sensational fiction and to verify the problems that plagued the Indian tribes in this country for years. He doesn't assign blame, but lets it fall where it belongs by meticulous research and the accurate, unbiased depiction of the true causes and subsequent results of some of the most famous Indian conflicts. Each chapter includes a list of authorities as well as original source documents and evidence relating to the subject. Volume 1 ISBN is 9781582182759

Childcare Provision in Neoliberal Times Aisling Gallagher,2023-09 In the absence of public provision, many governments rely on the market to meet childcare demand. But who are the actors shaping this market? What work do they do to marketize care? And what does it mean for how childcare is provided? Based on an innovative theoretical framework and an in-depth study of the New Zealand childcare market, Gallagher examines the problematic growth of private, for-profit childcare. Opening the 'black box' of childcare markets to closer scrutiny, this book brings to light the complex political, social and economic dynamics behind childcare provisioning.

Out Of The Shadows David J. Fogarty,2018-01-30 "Out of the Shadows" follows Caroline York in the 1760s. Newly-arrived from Ireland, she settles upon her uncle's farm to administer it. When they were besieged by unsolicited intrusions, Caroline repels them, only to suffer the mysterious death of her uncle, after which she herself is kidnapped by a surly and arrogant British captain. Her daughter and husband conspire to find her. They enlist support from the one-remaining French garrison in the region and a friendly Iroquois chieftain. Caroline is finally rescued. In turn, she vows to literally clean up the New York frontier by seeking to change the status-quo between those with power and those held in subservience. Armed with a beguiling wit and charm, she becomes the mistress of deception and cunning as she prevails upon some of the major power brokers of the day. In due course, she brings about needed changes in the New York socio-political structure which helped transform the colony into the standard-bearer of 18th century social justice, so carving out her own legacy.

"In the Heart G. A. Henty,2023-09-17 Until comparatively lately that portion of the United States in which I have laid this story was wholly unexplored. The marvellous cañons of the Colorado River extend through a country absolutely bare and waterless, and save the tales told by a few hunters or gold-seekers who, pressed by Indians, made the descent of some of them, but little was known regarding this region. It was not until 1869 that a thorough exploration of the cañons was made by a government expedition under the command of Major Powell. This expedition passed through the whole of the cañons, from those high up on the Green River to the point where the Colorado issues out on to the plains. Four years were occupied by the party in making a detailed survey of the course of the main river and its tributaries. These explorations took place some eight or nine years after the date of my story. The country in which the Big Wind River has its source, and the mountain chains contained in it, were almost unknown until, after the completion of the railway to California, the United States government was forced to send an expedition into it to punish the Indians for their raids upon settlers in the plains. For details of the geography and scenery I have relied upon the narrative of Mr. Baillie-Grohman, who paid several visits to the country in 1878 and the following years in quest of sport, and was the first white man to penetrate the recesses of the higher mountains. At that time the Indians had almost entirely deserted the country. For the details of the dangers and difficulties of the passage through the cañons I am indebted to the official report of Major Powell, published by the United States government...FROM THE BOOKS.

Killing Bugs for Business and Beauty Mark Kuhlberg,2022-03-31 Killing Bugs for Business and Beauty examines the beginning of Canada's aerial war against forest insects and how a tiny handful of officials came to lead the world with a made-in-Canada solution to the problem. Shedding light on a largely forgotten chapter in Canadian environmental history, Mark Kuhlberg explores the theme of nature and its agency. The book highlights the shared impulses that often drove both the harvesters and the preservers of trees, and the acute dangers inherent in allowing emotional appeals instead of logic to drive environmental policy-making. It addresses both inter-governmental and intra-governmental relations, as well as pressure politics and lobbying. Including fascinating tales from Cape Breton Island, Muskoka, and Stanley Park, Killing Bugs for Business and Beauty clearly demonstrates how class, region, and commercial interest intersected to determine the location and timing of aerial bombings. At the core of this book about killing bugs is a story, infused with innovation and heroism, of the various conflicts that complicate how we worship wilderness.

A contemporaries described him as a man of strong will, reasonable ambitions and a hard, steady worker. Henty wrote about eighty books for boys. Best known for adventure stories such as The Young Bugler, Under Drake's Flag, With Clive in India, When London Burned: Story of Restoration Times and the Great Fire, Moore at Corunna, At Aboukir and Acre, A Story of Napoleon's Invasion of Egypt, With Buller in Natal, With Roberts to Pretoria and With Kitchener in the Soudan, In Freedom's Cause, Under Drake's Flag, In Times of Peril, The Lion of the North and In the Reign of Terror.

Queen Victoria's Daughters-in-Law John Van Der Kiste,2023-04-30 Of Queen Victoria's four sons, the eldest married a Danish princess, one a Russian Grand Duchess, and the other two princesses of German royal houses. The first to join the family of the 'Grandmama of Europe' was Alexandra, eldest daughter of the prince about to become King Christian IX of Denmark. Charming, ever sympathetic and widely considered one of the most attractive royal women of her time, she was prematurely deaf and suffered from a limp which was made fashionable by court ladies due to her popularity. Alexandra proved an ideal wife for the Prince of Wales, later King Edward VII. Grand Duchess Marie, daughter of Tsar Alexander II of Russia and wife of Alfred, Duke of Edinburgh and later Saxe-Coburg Gotha, was cultured and intelligent, but dowdy, haughty and, convinced of the Romanovs' superiority, resented having to give precedence at court to her in-laws. Louise of Prussia, a niece of William I, German Emperor, had the good fortune to escape from a miserable family life in Berlin and marry Arthur, Duke of Connaught, a dedicated army officer who was always the Queen's favorite among her children. Finally, Helen of Waldeck-Pyrmont, sister of Emma, Queen Consort of the Netherlands, became the wife of the cultured Leopold, Duke of Albany, but he was hemophiliac and their marriage was destined to be the briefest of all, cut short by his sudden death less than three years later. All four were very different personalities, proved themselves to be supportive wives, mothers and daughters-in-law in their own way, and dedicated workers for charity at home and abroad. Based partly on previously unpublished material from the Royal Archives at Windsor and Madrid, and the Leonie Leslie Papers, University of Chicago, this is the first book to study all four as a family group.

Prohibition in South Dakota: Astride the White Mule Chuck Cecil, 2016 South Dakota has always had an intermittent relationship with prohibition. Constantly changing legislation kept citizens, saloonkeepers, bootleggers and other scofflaws on tenterhooks, wondering what might come next. The scandalous indiscretions of the lethal Verne Miller and the contributions of agents of change like Senators Norbeck and Senn kept ne'er-do-wells on edge. In 1927, the double murder of prohibition officers near Redfield dominated headlines. From the Black Hills stills of Bert Miller to the Sioux Falls moonshine outfit buried under Lon Vaught's chicken house, uncork these oft-overlooked and tumultuous eighteen years in state history. In the first book of its kind, award-winning journalist Chuck Cecil delivers the boisterous details of an intoxicating era.
