Marty Morrissey

Launching Clare FM Ger Sweeney,2019

It's Marty! Marty Morrissey,2021-10-21 Marty Morrissey - GAA broadcaster extraordinaire and one of the hardest-working people in show business - has been to every corner of Ireland (and a few interesting ones further afield) in his illustrious career. Everywhere he goes, he makes friends and hears terrific stories - and sometimes he becomes a character in them. Now he's sharing them with us, in a book full of his trademark warmth, wit and energy. Starting with his childhood in the Bronx and west Clare, Marty introduces us to the people and places that have mattered most to him. He takes us through his adventures as a Gaelic footballer and hurler, schoolteacher, and coach of schools teams and underage sides for his beloved club, Kilmurry Ibrickane. And he tells the story of his remarkable rise as a broadcaster, from the back of tractors and trailers flatbed trucks to Croke Park on All Ireland finals days - despite having being told by RTÉ Sport that his voice on an early audition tape was 'too thin, too high-pitched'. Now, having established himself as a beloved figure across the full spectrum of the Irish airwaves, Marty is ready to show us who he really is. It's Marty! is an invitation to join the Marty Party, a rollicking ride through contemporary Irish life and sport, from a true national treasure. _____ 'There's a lot of craic and a lot of warmth in it' Newstalk 'Fantastic!' 2FM Breakfast 'A really good read . . . honest and really funny' Miriam O'Callaghan

Flowing Tides Gearóid Ó hAllmhuráin,2016 Whether carried by emigrants and exiles, or distributed by commercial networks, Irish traditional music is one of the most popular world music genres. A Field Guide to the Carboniferous Sediments of the Shannon Basin, Western Ireland James L. Best,Paul B. Wignall,2024-01-23 The Carboniferous Shannon Basin of Western Ireland has become one of the most visited field areas in the world. It provides an ideal opportunity for examining a wide range of ancient sedimentary environments, including carbonate shelf, reefs and mud mounds, black shales and phosphates, and a spectrum of deep sea, shallow marine, fluvio-deltaic and alluvial siliciclastic sediments. The area boasts extensive outcrops and some of the most renowned sections through turbidites, large-scale soft sediment deformation features and sediments that display a response to tectonic and sea-level controls. This field guide provides the first synthesis of the principal localities in this area of Western Ireland, and presents an easily accessible handbook that will guide the reader to, and within, a wide range of sedimentary facies, allowing an understanding of the evolving nature of the fill of this Carboniferous basin and the context of its sedimentary and tectonic evolution. The guide summarizes recent and new work in the area by a range of authors and outlines issues of current debate concerning the Shannon Basin and its palaeoenvironmental interpretation. The field guide will find extensive use in teaching and research by academic researchers, professional and amateur geologists, as well as by applied geologists, geophysicists and reservoir engineers who use these outcrops as analogues for subsurface reservoirs in many areas of the world.

Ireland at the Crossroads Theresa O'Donohoe,2023-06-01 Breaking News: Confusion, anger, and division set in as news leaked that a Direct Provision centre for 115 asylum seekers was being opened in Lisdoonvarna in February 2018. Stories of robbery and rape, along with videos of riots and destruction, were fuelling racism and hatred. Wires were crossed, anger was rising and feelings were mixed as the community responded to the news. The far right spotted an opportunity and moved in to stoke up fears and tensions, while ordinary people tried to balance their desire to help asylum seekers with their concerns about the lack of consultation from the government and worries about inadequate supports. The pattern has been repeated around the country, including Oughterard, Moville, Roosky, East Wall, Ballymun and elsewhere. In Ireland at the Crossroads: Lisdoonvarna, Direct Provision and the Far Right, local community activist Theresa O'Donohoe traces the ways in which the far right co-opted legitimate concerns about a lack of consultation and the housing crisis, twisting narratives to feed their own agendas and fuel racism. She explores the links between those leading the Direct Provision protests and other far-right issues, such as Covid denial, freedom and 'patriotism', and how, if not confronted, fascism will grow in this country. Ireland at the Crossroads is required reading for anyone wondering how the land of 100,000 welcomes got to here, and what to do about it.

Where Clare Leads, Ireland Follows Richard Fitzpatrick,2008 Profiles leading personalities in a range of disciplines: sports, arts, business, crime, and broadcasting, from County Clare, Ireland.

Community Foundations: an introductory report on international experience and Irish potential ,

Community Media and Identity in Ireland Jack Rosenberry,2017-10-10 This book explores how Ireland's community media outlets reflect and shape identity at the local level. While aspects of its culture date back centuries, the nation-state of Ireland is less than one hundred years old. Because of this and other elements of the island's history, Irish identity is a contested topic and the island is a place where culture, identity and geography are tightly intertwined. By addressing how community media serve as agents for community building, the book examines how they in turn influence the way individuals connect with their communities.

Who Owns the World's Media? Eli M. Noam,2016 This publication moves beyond the rhetoric of free media and free markets to provide a dispassionate and data-driven analysis of global media ownership trends and their drivers. Based on an extensive data collection effort from scholars around the world, it covers 13 media industries, including television, newspapers, book publishing, film, search engines, ISPs, and wireless telecommunication, across a 10-25 year period in 30 countries.

The Time of the Tans Tomás Mac Conmara,2019-02-01 'The Black and Tans [raises voice] raided my aunt's house where my mother was in bed at three o'clock in the morning ... I was due to be born three days later ... she got a stroke of paralysis and lost the power of all her left side. So I never saw my mother walk ... she could get around with the aid of a chair.'Stories of the Black and Tans have been told across Ireland since the force was first released into the country in March 1920. Casting a dark and lingering shadow, they remain an evocative and emotive category of memory. For people who lived through it and those who inherited associated stories, the Black and Tans were the embodiment of British repression, violence and malevolence. The Irish War of Independence is a landmark in the chronology of Irish history and profoundly affected all areas of life. Much of that experience was never recorded.Based on Tomás Mac Conmara's almost two decades of oral history recordings, selected from over 400 interviews, as well as access to multiple private family collections, The Time of the Tans illuminates the stories of a period that has dominated the historical consciousness of Ireland. From direct testimony of 105-year-old Margaret Hoey, to the inherited tradition of Flan O'Brien, who was born in 1927, the stories pulsate with an intensity of emotion. The majority of interviewees who were recorded for this research have sadly since passed away. Now, their memories which have been preserved for posterity, breathe new life into an enduringly important period in modern Irish history.

Encyclopedia of Radio 3-Volume Set Christopher H. Sterling,2004-03-01 Produced in association with the Museum of Broadcast Communications in Chicago, the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people, networks and organizations, regulation and policies, audience research, and radio's technology. This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old, with essays that provide essential information on the subject as well as comment on the significance of the particular person, organization, or topic being examined.

Irish Media John Horgan,2012-11-12 Irish Media: A Critical History maps the landscape of media in Ireland from the foundation of the modern state in 1922 to the present. Covering all principal media forms, print and electronic, in the Republic and in Northern Ireland, John Horgan shows how Irish history and politics have shaped the media of Ireland and, in turn, have been shaped by them. Beginning in a country ravaged by civil war, it traces the complexities of wartime censorship and details the history of media technology, from the development of radio to the inauguration of television in the 1950s and 1960s. It covers the birth, development and - sometimes - the death of major Irish media during this period, examining the reasons for failure and success, and government attempts to regulate and respond to change. Finally, it addresses questions of media globalisation, ownership and control, and looks at issues of key significance for the future. Horgan demonstrates why, in a country whose political divisions and economic development have given it a

place on the world stage out of all proportion to its size, the media have been and remain key players in Irish history.

Blood, Sweat, Triumph & Tears John Scally,2020-02-11 Gaelic Games are the focus of endless debate and speculation, set the mood of Monday's post-match workplace and dominate pub-talk. For many of us, life and death run second to major GAA events. Blood, Sweat, Triumph & Tears looks back at some of the best moments from the sporting nation's favourite soap opera. It pays homage to the great players and people in Gaelic football, hurling, ladies' football and camogie. And it glories in the classic victories and thrilling contests witnessed down the decades. Based on exclusive interviews with the greatest personalities in the GAA's rich history, and covering every county in Ireland, here is a unique insight into the passion and politics, the controversies and crises, the wisdom and wit and all the highs and lows of Ireland's national treasure. Full of entertaining anecdotes, inspirational incidents and epic encounters, Blood, Sweat, Triumph & Tears truly captures the magic of the GAA. 'A book to shorten the long winter nights for any GAA fan.' DERMOT EARLEY, Kildare legend 'Will bring back great memories for lovers of Gaelic Games.' KAROL MANNION

Understanding Mega Free Trade Agreements Jean-Baptiste Velut,Louise Dalingwater,Vanessa Bouillet,Valérie Peyronel,2017-08-23 The rise of cross-regional trade agreements is a defining trend of the current international trade system as shown by the signing of the Trans-Pacific Partnership (TPP) in 2015, the negotiations for the Transatlantic Trade and Investment Partnership (TTIP) between the USA and the EU as well as the Regional Comprehensive Economic Partnership (RCEP) between countries in Asia and Oceania. These differ from previous agreements in their economic significance and large geographic scale, and the wide scope of trade-related issues. The current rise of nationalist and isolationist ideologies across Europe and the USA has raised questions on the future of cross-regional trade deals and made the need to understand their implications for economic and political governance ever more urgent. Two main forms of governance that are central to this volume are the democratic tensions over new generation trade deals on the one hand, and their geopolitical ramifications on the other, which have come into collision to herald the advent of a highly uncertain period of world politics. Many of the questions tackled in this volume, surrounding the democratic governance of trade agreements – whether long-held debates on the inclusion of workers’ voices, controversies on intrusive behind the border provisions undermining national sovereignty and local autonomy or new questions on digital rights – are crucial to understand the ebbing popular support for far-reaching trade agreements. This book will be a useful learning tool for students and scholars in a wide range of fields, including Globalisation, Global Governance, International Political Economy, International Trade and Investment and International Law, and should also be of interest to EU trade negotiators, international policymakers and business associations.

Every Single Ball Brian Corcoran,Kieran Shannon,2013-03-22 'You might never have seen a hurling game in your life, but within ten minutes of seeing Brian Corcoran play, you'd know and say, That man with that helmet is special. He just has an authority, a grace, a presence that elevates him from everything else which surrounds him' - Ger Loughnane The year 2006 was about more than an historic three-in-a-row bid for the Cork hurlers; it marked the last year in the inter-county career of probably the county's finest and most revered hurler of the past 20 years. In Every Single Ball, Brian Corcoran gives us a riveting insight into the workings of the most professional team the GAA has ever known as they sought hurling immortality. He also takes us through, in his refreshingly candid and sincere way, one of the most varied and lengthy careers of modern times and the personalities, highs, trials and tribulations he encountered along the way. He brings us into the training grounds and dressing-rooms of Billy Morgan, Larry Tompkins, Canon O'Brien and Jimmy Barry-Murphy, recalls the torment and frustration that caused him to walk away from hurling at only 28 and reveals how, just like his hero, Michael Jordan, he came back and fell in love again with his sport and with winning. Quite simply, Every Single Ball is the story of one of Ireland's greatest sporting comebacks, sportsmen and sports teams.

A Load of Balls John Scally,2011-04-01 As former England striker and television pundit Jimmy Greaves famously said, football is 'a funny old game'. In A Load of Balls: Football's Funny Side, John Scally confirms the truth of his statement by providing a potpourri of double entendres, timeless quips and amusing anecdotes from the tongues of football's elite. Hundreds of silly stories and priceless nuggets have been sourced to recreate the unique excitement, drama and unpredictability of football in the words of the sport's practitioners. The result is a wry, quirky and sometimes outlandish catalogue of comic creations. For lovers of the absurd, outrageous and totally bizarre, this selection of stories and quotes will amuse and delight. Packed with priceless gaffes from the likes of David Beckham ('My parents have been there for me since I was about seven'), Bobby Robson ('We didn't underestimate them; they were just a lot better than we thought') and Paul Gascoigne ('I've never made any predictions about anything and I never will'), this hilarious collection is guaranteed to tickle the funny bone of even the most casual sports fan.

The Pilgrims' Way Leigh Hatts,2022-02-14 This guidebook details the Pilgrims' Way, an historic pilgrimage route to Canterbury Cathedral in Kent, home of the shrine of the martyred archbishop, St Thomas Becket. The route is described both from Winchester in Hampshire (138 miles) and London's Southwark Cathedral (90¼ miles), with an optional spur to Rochester Cathedral. With relatively easy walking on ancient byways, the route from Winchester is presented in 15 stages of 5-14 miles: it can be comfortably completed in under a fortnight. It follows a major chalk ridge through scenic countryside, taking in characterful towns and villages and historic churches. The route from Southwark is described in 10 stages and includes a visit to the ruined Lesnes Abbey. Detailed route description is accompanied by 1:50,000 OS mapping, advice on making the most of a trip and information on the historical background to the pilgrimage, key historical figures and local points of interest. Accommodation listings and details of facilities and transport links can be found in the appendices. Pilgrimages to Becket's shrine began within a few years of the his death in 1170, although Canterbury was a popular destination even before this time due to the nearby shrine of St Augustine. The route has featured in literature, drama and film, and forms the setting for Geoffrey Chaucer's famous Middle English work, The Canterbury Tales.
