Peter Brandvold

*The High Cost of Dying* Ruth Mulvey Harmer, 1963

**The High Cost of Dying** Gregory W. Young, 2011-03-04 This important volume offers a comprehensive overview of the funeral home business and provides valuable inside information needed by thoughtful consumers, legal advisors, trust officers, and even clergy - all those who must confront the hard, practical questions that surround one of life's most trying and emotion-filled experiences. How does one select a funeral home? What obligations and functions are properly the family's and which should be expected of a funeral home? Who is financially responsible for the funeral? What funeral options are available and which are best? Is it possible to arrange a dignified, yet affordable funeral? Is it crass to be concerned about costs? These are just some of the questions addressed by former funeral home director Gregory W. Young in this easy-to-read reference guide that aids consumers in arranging a funeral and avoiding unnecessary charges. Young's compassion for the grief-stricken and his in-depth understanding of funeral preparation combine to provide a unique perspective on the history and psychology of the American funeral. Each chapter of this information-packed book covers an important aspect of the contemporary funeral: the need for consumerism, the funeral in history, how the funeral director can help survivors, making the choice between burial and cremation, the importance of the funeral arrangement conference, outlining the funeral contract, describing common funeral rip-offs, how to pre-arrange a funeral, answering frequently asked consumer questions, and much more. Of vital importance are the special features of this remarkable volume: the handy funeral arrangement checklist that helps consumers determine their needs, and a discussion of price ranges for specific services, caskets, burial vaults and miscellaneous expenses. Never before has so much valuable information been compiled by such a noted authority on a topic that will inevitably touch us all.

**Death: The High Cost of Living** Neil Gaiman, 1994-05-10 From the pages of Neil Gaiman's SANDMAN comes the young, pale, perky, and genuinely likable Death. One day in every century, Death walks the Earth to better understand those to whom she will be the final visitor. Today is that day. As a young mortal girl named Didi, Death befriends a teenager and helps a 250-year old

homeless woman find her missing heart. What follows is a sincere musing on love, life and (of course) death. *Collects Death: The High Cost of Living* #1-3.

**Affairs in Order** Patricia June Anderson, 1992 Anderson tells how to plan ahead by making a will and planning for disposition and commemoration; focuses on how to deal with imminent death, bioethics, mercy killing, life support systems, and hospice programs; and tells how to make funeral arrangements, deal with finances, and handle grief and bereavement.

*Sourcebook on Death and Dying* James A. Fruehling, 1982

**Dying in America** Institute of Medicine, Committee on Approaching Death: Addressing Key End-of-Life Issues, 2015-03-19 For patients and their loved ones, no care decisions are more profound than those made near the end of life. Unfortunately, the experience of dying in the United States is often characterized by fragmented care, inadequate treatment of distressing symptoms, frequent transitions among care settings, and enormous care responsibilities for families. According to this report, the current health care system of rendering more intensive services than are necessary and desired by patients, and the lack of coordination among programs increases risks to patients and creates avoidable burdens on them and their families. *Dying in America* is a study of the current state of health care for persons of all ages who are nearing the end of life. Death is not a strictly medical event. Ideally, health care for those nearing the end of life harmonizes with social, psychological, and spiritual support. All people with advanced illnesses who may be approaching the end of life are entitled to access to high-quality, compassionate, evidence-based care, consistent with their wishes. *Dying in America* evaluates strategies to integrate care into a person- and family-centered, team-based framework, and makes recommendations to create a system that coordinates care and supports and respects the choices of patients and their families. The findings and recommendations of this report will address the needs of patients and their families and assist policy makers, clinicians and their educational and credentialing bodies, leaders of health care delivery and financing organizations, researchers, public and private funders, religious and community leaders, advocates of better care, journalists, and the public to provide the best care possible for people nearing the end of life.

*The Unspoken Argument* Mary Clement, Derek Humphry, Ana Begovic-Lapic, 2002

**Values at the End of Life** Roi Livne, 2019-06-10 Once defiant of death—or even in denial—many American families and health care professionals are embracing the notion that a life consumed by suffering may not be worth living. Sociologist Roi Livne documents the rise and effectiveness of hospice and palliative care, and the growing acceptance that less treatment may be better near the end of life.

**Death and Dying in New Mexico** Martina Will de Chaparro, 2007-06-30 This thoroughly researched study uses death to explore the intersection of religious culture and politics in colonial New Mexico.

**Dealing Creatively with Death** Ernest Morgan, 1994 This manual on death education is a 'must' for any involved in hospice care or work with the terminally ill. It covers everything from living with terminally ill individuals to the right to die, memorial societies, and death ceremonies. Its focus on the emotional and economic costs of death is unparalleled.-- Midwest Book Review.

**The Cost of Dying** Peter Brandvold, 2019-07-30 Of all the legends of the Old West, few are as stained with ink, blood, and bullets as the violent days of bounty hunter Lou Prophet. But what happens when the hunter becomes the hunted? Heaven knows there'll be hell to pay . . . **THE DEVIL RIDES AGAIN** After a hard night with his sometime lover Louisa Bonaventure—"the Vengeance Queen"—Lou Prophet decides to cool his heels at a local honky tonk. Things heat up fast when he defends one of the girls from a sadistic brute who also happens to be the deputy sheriff. And now Prophet is running for his life . . . **WITH A BOUNTY ON HIS HEAD** Heading south of the border to Mexico, Prophet isn't the only man marked for death. The young red-headed pistolero Colter Farrow has made an awful lot of enemies, too—and now practically every bounter hunter south of the Rio Grande is gunning for blood. For money. For fun. And, now, for Lou Prophet . . . "Here's a writer with hot, fast violence and the guts to write what he wants." —Tom McNulty, *Dispatches from the Last Outlaw*

**Death and Dying** Barbara A. Backer, Natalie Hannon, Noreen A. Russell, 1994 It is important to recognize and accept the uniqueness of each individual's response to loss, dying and death. This excellent second edition conveys the message that understanding and care should be valued as highly as efficiency and cost-effectiveness in today's high-tech medical system. *Death and Dying: Understanding and Care* identifies patterns of response to dying and death in American society, it discusses problems associated with the cessation of life, and it examines the structure and process of interaction among the terminally ill, their families and helping professionals. **THIS TITLE IS DESIGNATED AS A KIP (KEEP IN PRINT) EDITION AS OF 1/6/00 AND WILL BE REPRINTED BASED ON CUSTOMER NEED/DEMAND.**

**How to Beat the High Cost of Dying** Tom Moon Mullins, 2018-02-22 Louie doesn't want to die alone or in a Nursing home. The paradise of Thailand appears to be a panacea! The clock of life is ticking and waits for no man! Louie is trying to delay the inevitable and the Disneyland milieu of Bangkok seems the place to live the dream! Louie is sick physically and sick of his existence in America. Louie is an aging Social Worker who has come to grips with his mortality. He will now decide how to deal with the inevitable.

*The Dying Patient* Orville G., Jr. Brim, Howard E. Freeman, Sol Levine, Norman A. Scotch, 1970-12-31 There has hitherto been limited systematic social research on the prolongation and termination of life, and minimal agreement of the resolution of the moral and social dilemmas that dying provokes. Among the topics discussed by the contributors are: the social context of dying—when, where, and why people die; what they think about death; the cultural background of the patients' attitudes; and how medical practitioners cope with terminal illness. The social, ethical, legal, and economic problems arising from the prolongation and termination of life are also set forth.

*The High Cost of Dying* Reed Crandall, Al Feldstein, 2016-02-10 Reed Crandall's mastery of fine line detail and expertly nuanced pen-and-ink texture is a perfect fit for EC Comics. This collection of 21 Crandall favorites, delineated in his classically illustrative style, includes "The Silent Towns," a Ray Bradbury story about the last man and woman on Mars; "Carrion Death," a stark horror story about a man struggling through the desert with a corpse handcuffed to his wrist as the vultures circle closer; "Sweetie-Pie," the grisly story of a ghoul who sets up a roadside hazard to procure, um, fresh meat; "The Kidnapper," about a man who decides to kidnap a

baby to replace the baby that had been stolen from him and his wife; "Space Suits," a science fiction love triangle that leads to jealousy, betrayal, and murder, and "The High Cost of Dying," the title story, in which a man must make an awful choice between burying his wife and feeding his children.

**Death and Dying. Everyone Is Doing It** Richard A. Jordan, 2013-09-18 A Loved one just passed away. Who do I call? What do I do? You need to help and prepare before you leave. You need to make lists and tell people what assets you do have and just as important, what assets you do not have to help guide those you leave behind. No one wants to talk about death so there are many unanswered questions that may cost you thousands of dollars. You do not have to read the whole book straight through. It was written to help you prepare for the transfer of everything you own and everything you owe. Can you just leave everything for someone else? Yes, but you should help them. Even a simple note listing your assets and their locations can save those coming to tidy up a great deal of time and effort. And there is so much more that is easy to do and needs to be done. Use the check lists in the book. What do I do? How do I do it? Who pays for things? Can state or local government force me to pay for someone's funeral? What if I do not want to be the executor? Can I be sued if I just make my best effort? I just found something valuable left by the deceased; now what? Does Medicaid have a claim on the estate? Medicare? Veterans and their families? Are there Free Funerals? This book was written to both Preplan a Funeral and organize an Estate for disposition. It is also used to help right now if someone just passed. (Tidy Up). We took the time to repeat some information so you would not have to search for it. You have enough on your mind right now. There is a Time Line that explains the general order in which things happen when someone dies and what you can do to prepare. Next there is more detailed information covering key points that are quick and easy to understand. After the Appendix there is a Glossary of Terms and Definitions that quickly explain things to be aware of and watch out for. Is the estate insolvent (broke)? Check through the assets section and you may be reminded of assets to look for that are worth more than enough to cover expenses. Did the loved one pass on without a Will? What happens now? Is the home underwater or is there a reverse mortgage? What do you do? It is not until you sit down and take a good hard look at everything that must be done just to clean up after us that you realize how much work it can be. We have an obligation to make this as easy as we can for those who remain behind. Someone must come behind us and tidy up. We need to help them. When a loved one passes you will have very little time to properly do all of the things that will have a lasting impact on so many friends and family members. Everyone needs to think about this today. Use this book as a tool to Preplan someone's passing. Many very simple things need to be done that can make the situation so much easier. It is not difficult for you once you understand what is going to happen and the order in which it happens. Who pays for the funeral? They had no money. They had no real assets and their home is underwater. Our parents have both been in poor health for such a long time now and no one wanted to discuss their passing. We used your book to begin talking and actually made their passing a lot easier for them. They were both comforted that they would not be a burden. The first thing service providers wanted was for us to sign everything and just trust them. Thanks to your book we knew what to watch out for. We saved thousands of dollars. Thank you. Can the government force me to pay for someone's funeral? Yes, sometimes. And it

happens more and more every day. Who is responsible for all of their debt? We want to have a home funeral. Can we do this? We answer these questions and many more that you may not think to ask. We help in locating assets. We give you a general idea of what things will cost and how long it may take. It is our sincerest desire that this book helps make your life easier in this time of need.
