Poker World Nicolae Sfetcu, Introduction in poker: online poker, rules, hands, strategy, cheating, casino, tournaments, poker jargon, equipment, gambling, resources. Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough-hewn or polished, warm or cold, charitable and caring or hard and impersonal. It is fickle and elusive, but ultimately it is fair, and right, and just. -- Lou Krieger

Crazy Pineapple 8b Poker Kim Isaac Greenblatt,2006-01-01 Crazy Pineapple 8b Poker covers the rules, strategies and review examples one needs to play this insane version of poker. A popular home game among enthusiasts, Crazy Pineapple 8b is a hi/lo split game meaning that the person with the highest hand splits with the person with the lowest hand (with the 8b standing for Eight or better - eight being the highest card allowable for a low hand). The game is played initially with three cards unlike Texas Hold'em which starts with two. One card is discarded after the flop. The book also briefly covers Omaha 8/b, Pineapple and Tahoe. The author, Kim Greenblatt, a technical specialist and poker hater (though he is pretty good at it), has written the popular book, Practical Low and No Limit Texas Hold'em Ring Games. Readers of that book wrote in and asked him to write a book on this nutty variation of poker that is still played in some casinos and card clubs. Part of the proceeds from the sales of this book will go to finding a cure for Rett Syndrome.

Everything Casino Poker Frank Scoblete,2013-05 Aiding the average poker player to obtain above average results at the casino, this guide to some of the hottest games in poker goes beyond teaching the game itself for intelligent and direct strategies on how to win. Thoroughly examining the rules of each variant of poker and the statistics and strategies that surround them, the guide provides a solid foundation that will better the player's performance and experience, regardless of time spent at the casino tables.
