Crazy Cats Melody Bussey,2001-02-26 A quirky, mischievous, tale of cats, murder, madness and of unfinished business. All Catherine Cat Adams wants is another shot at the American dream. But her American dream turns into the American nightmare when she rescues her four-year-old son from the bottom of a muddy pit where his foot has become entangled in the rib cage of a skeleton. Her discovery places her squarely in conflict with a local politician, William Buchman, who has presidential ambitions and will stop at nothing to keep the truth firmly planted in the ground. Cat must confront the skeletons in her own closet as she races to solve the identity of the true Buchman heir.

Crazy Cat Lady Alison Davies,2020-10-06 Enigmatic, alluring and almost always quirky, cats and the ladies that love them share much in common. As individual as their feline counterparts, crazy cat women exude charm and, while they have their eccentricities, they refuse to hide them. Instead, they take center stage and celebrate what makes them unique; the bond between femme fatale and feline furry. While some sneer at the general adoration cat ladies dish out to their beloved puss (along with the finest fresh salmon) those of us who know understand that what we give out, we get back in so many delightful ways. Yes, cat ladies go the extra mile when it comes to anything feline related. It's all part of the fun. So here's to all you feline loving ladies! This book is a celebration of your pawsomeness. And if you're on the fence when it comes to embracing your inner cat craziness, but recognize some of the 50 traits outlined in these pages, don't be shy. Come join the party - it really is where all the cool cats hang out.

Lined pages without illustrations offering you maximum space to write. Why Write? Writing with pen and paper helps to boost creativity. Helps to improve your memory. Helps to structure your thoughts. Writing on paper is just as important now as it was 10, 20, 50 years ago. Maybe even more. Online media offer many distractions. It's so easy to quickly click or swipe. You might almost forget to just sit down and write down your thoughts, your list of things, draw or doodle whatever is on your mind. Many people talk about mindfulness, conscious living, but getting this notebook and taking time to write or draw helps to get some rest, to get grounded, to pace yourself. Creativity and Inspiration Writing by hand will increase your creativity. It helps you focus your energy and support your flow. Whether you are structuring strategic plans, organising your day, writing your next book, or jotting down your thoughts as a reminder, writing it down makes your creative juices flow. More and better ideas. Quicker and easier. Organising and Memorising Writing down your goals, actions and achievements helps to accomplish more, and to feel proud and successful of what you have achieved. Feeling better. Besides, it has been scientifically proved that writing things down will increase your memory. Last but not least, writing down your experiences and reflections will help to process and manage emotions, and support self-improvement. (We suspect one journal will not be enough, for all the things you can do with pen and paper). A perfect gift and unique present Our Journals and Notebooks are great gifts presents for ladies, women, mom, mother, aunt, sister, girlfriend, teacher, valentine's day, christmas, or on any other occasion. And don't forget mother's day, graduation gifts, co-workers or boss, birthdays, gift baskets or stocking stuffers, your hostess. Or just for yourself, as a daily journal, travel journal, doodle diary, school workbook, grocery lists, to collect poems or recipes, writing stories. And so much more...
