Congratulations - your application for a Mesozoic hunting licence has been successful! Before you travel back in time and charge headlong into a pack of prehistoric big game, we strongly advise that you read the following guidebook. It will provide you with information crucial to success - and survival! You will learn the basic facts of the geography, climate and environmental conditions of the three periods that make up the exciting Mesozoic era. The book then covers the huge variety of dinosaurs that stalk these times, giving tips on identification, tracking, and the best weapons to bring them down! Let the hunt begin!

*Dinosaur Hunting* Leonie Bennett,2008 Simple text and color photographs introduce dinosaurs and the scientists who study them.

*Dino Hunt* Britton Latulippe,2019-10-18 This dinosaur book is a story of boyhood adventure--a struggle between boy and beast, courage and cowardice, cunning and compassion, prey and pets, pride and parents. Join little Jonathan as he sets out, all by himself, on an exciting dino hunt!With Rhyming, rhythmic text and fun illustrations, kids who love dinosaur books will fall in love with this tale.

**Dino Hunt** Anastasia Suen,2020-03-05 Look high! Look low! Look over! Look under! The dino hunt has begun, turning a day at the museum into another adventure for

Robot and Rico.

**The Great Dinosaur Hunt and Other Dino-mite Stories** ,2018 Dino tales! It took over 150 years to finally unravel the mystery surrounding this particular dinosaur. A man named Don gets his lifelong dream of having a dinosaur named after him. A scientist solves the mystery of a wounded Ice-Age creature. Fossil footprints lead to an important discovery. Stories by Dougal Dixon, Dino Don Lessem, Gail Jarro, and Melissa Stewart.

**The Dino Hunt** Dallas Graham,Adrian Paz,2020-02-29 Having a knowledgeable knack for science, an absolute love for dinosaurs, and an unquenchable quest for adventure, Owen Swash, young paleontologist, invited a select group of daring friends to see the top-secret-something he had been working on for years, in the basement of the natural history museum. The mission of these fearless adventurers was to recover dinosaur DNA from the Triassic Period and re-engineer a kinder, gentler, new-age dino. Impossible! - You say? Don't give up, just yet, on courageous friends with an ingenious idea, who refuse to leave anyone behind.

**The Great Dinosaur Hunt** Irene Schultz,1996 The Woodlander family is out to solve another mystery.

**Dinosaur Hunt** Karen Carr,2002-10-08 On a muddy riverbank, a hungry dinosaur stalks her prey. From her hiding place in the nearby trees, she spies a giant, four-legged plant eater. At the right moment, she leaps from the trees and lunges at the slower dinosaur, tearing at its flanks with teeth and sharp claws. It's an average day in southern Texas, 115 million years ago. This dinosaur attack happened. We know for certain, because these two animals left their footprints in the mud -- and they're still there, hardened into stone for all to see. Dinosaur Hunt presents this dramatic event and brings the two combatants vividly back to life. It is the tale of a young Acrocanthosaurus, a

predatory dinosaur similar to T. rex. As she grows she learns to hide, hunt, and survive in the eat-or-be-eaten age of dinosaurs. The astounding, lifelike art of Karen Carr transports us to this strange and threatening world and re-creates one of the most gripping tales a few footprints ever told.

*Dino Treasure Hunt* Latosha Henry, 2010-05-11 This book is for any child who likes dinosaurs its cute, short and to the point. The dinosaurs go on an adventure to find treasure that lies within their family's dinosaur land in which they live by discovering a map that blew into their yard. The young dinosaurs ask for their parent's permission before they decide to go on the fun adventure together. They have dangerous obstacles along their journey, which make the book more interesting and exciting. I would recommend this book for Boy's and Girls who like to be read to or that enjoy reading books themselves.

**Dinosaur Hunt** Book Company Publishing Pty, Limited, The, 2008 There's nowhere to hide in these two beautifully illustrated and exciting Search, Find and Count Spotlight books. Using their very own special 'spotlight', Children can bring to life the scary acetate images of creatures lurking in the dark and mysterious worlds of dinosaurs and bugs!

**Dinosaur Hunt** David Catrow, 2010 Max Spaniel considers himself a dinosaur hunter and finds all sorts of objects in his backyard as proof that they exist.

Dino Hunt Max Davine, 2015-03-31 Jimmy Reeves is a down on his luck wildlife wrangler, his career once saw him traveling the globe, working on relocation programs and starring in documentary films. Now, he and his business partner Paul Franciscus are lucky if they can get a gig wrangling bulls in Arizona. Until one day, when they receive a massive advance payment from a mysterious company based in Florida. In return, they are to do what once

brought them glory the world over; trap and relocate endangered animals. Little do they know they're not going to the Everglades to trap alligators, they're going through time and space to rescue great, big dinosaurs! But others have come to pillage the Cretaceous world for its natural resources, and to enslave and exploit the prehistoric inhabitants. They are ruthless, they are well equipped, and they will stop at nothing. It's up to unwitting Reeves to make a stand not just for the dinosaurs, but to save his own life, teaming up with an alluring paleontologist and a helicopter pilot nicknamed Crash to save the land of the forgotten from human annihilation.

A cross between Tony Hillerman and Larry McMurtry, this is one hell of a good read.--Douglas Preston, author of *Tyrannosaur Canyon* and *Blasphemy* The cowboys who work on the ranchlands of Montana expect more than their fair share of trouble. One of them is Mike Wire, a former homicide detective. Mike is about to learn murder and mayhem can happen under Motnana's big skies, too.
