Do You Believe in Magic? Paul A. Offit, M.D., 2013-06-18 Medical expert Paul A. Offit, M.D., offers a scathing exposé of the alternative medicine industry, revealing how even though some popular therapies are remarkably helpful due to the placebo response, many of them are ineffective, expensive, and even deadly. Dr. Offit reveals how alternative medicine—an unregulated industry under no legal obligation to prove its claims or admit its risks—can actually be harmful to our health. Using dramatic real-life stories, Offit separates the sense from the nonsense, showing why any therapy—alternative or traditional—should be scrutinized. He also shows how some nontraditional methods can do a great deal of good, in some cases exceeding therapies offered by conventional practitioners. An outspoken advocate for science-based health advocacy who is not afraid to take on media celebrities who promote alternative practices, Dr. Offit advises, “There’s no such thing as alternative medicine. There’s only medicine that works and medicine that doesn’t.”

**Hotter Than a Match Head** Steve Boone, Tony Moss, 2014-08-01 On October 15, 1967, bass player Steve Boone took the Ed Sullivan Show stage for the final time, with his band The Lovin' Spoonful. Since forming in a Greenwich Village hotel in early 1965, Boone and his bandmates had released an astounding nine Top 20 singles, the first seven of which hit the Billboard Top 10, including the iconic Boone co-writes Summer in the City and You Didn't Have to Be So Nice. Little did Steve Boone know that the path of his life and career would soon take a turn for the bizarre, one that would eventually find him looking at the world through the bars of a jail cell. From captaining a seaworthy enterprise to smuggle marijuana into the U.S. from Colombia, to a period of addiction, to the successful reformation of the band he'd helped made famous, *Hotter Than a Match Head* tells the story of Boone's personal journey along with that of one of the most important and enduring groups of the 1960s.

**Boy's Life** Robert McCammon, 2011-10-18 An Alabama boy's innocence is shaken by murder and madness in the 1960s South in this novel by the New York Times–bestselling author of *Swan Song*. It's 1964 in idyllic Zephyr, Alabama. People either work for the paper mill up the Tecumseh River, or for the local dairy. It's a simple life, but it stirs the impressionable imagination of twelve-year-old aspiring writer Cory Mackenson. He's certain he's sensed spirits whispering in the churchyard. He's heard of the weird bootleggers who lurk in the dark outside of town. He's seen a flood leave Main Street crawling with snakes. Cory thrills to all of it as only a young boy can. Then one morning, while accompanying his father on his milk route, he sees a car careen off the road and slowly sink into fathomless Saxon's Lake. His father dives into the icy water to rescue the driver, and finds a beaten corpse, naked and handcuffed to the steering wheel—a copper wire tightened around the stranger's neck. In time, the townsfolk seem to forget all about the unsolved murder. But Cory and his father can't. Their search for the truth is a journey into a world where innocence and evil collide. What lies before them is the stuff of fear and awe, magic and madness, fantasy and reality. As Cory wades into the deep end of Zephyr and all its mysteries, he'll discover that while the pleasures of childish things fade away, growing up can be a strange and beautiful ride. "Strongly echoing the childhood-elegies of King and Bradbury, and every bit their equal," *Boy's Life*, a winner of both the Bram Stoker and World Fantasy Awards, represents a brilliant blend of mystery and rich atmosphere, the finest work of one of today's most accomplished writers (Kirkus Reviews).

Do You Believe In Magic? M. E. Nevill,2016-12-19 Have you ever wondered if you are really in control of your life? Or could it be that someone or something has been placed in front of a computer somewhere and is pushing buttons and sending messages to your brain? What really influences our daily decisions: friends, family, God, the government perhaps, or a dog? These are the questions Dr. Anthony Harding begins to ask himself shortly after arriving in San Diego. He's convinced that the only way his two daughters will ever overcome their mother's death and the stigma of her alcoholism and drug addiction and the only way to repair his own status as a dead-beat dad is to jump on a job offer that will move them as far away from Chicago's south side as possible. His expectations doesn't include being attracted to a pint-sized independent neighbor from Louisiana whose best friend seems to be a miniature chocolate poodle that appears to have a talent for making unusual things happen.

**Believe in Magic** Robin Turner,2020-11-12 'Heavenly is more than a record label, it's the absolute nectar of all that's brilliant in the culture of these island. I love the shit out of them and everything they stand for.' Irvine Welsh BELIEVE IN MAGIC tells the story of Heavenly Recordings in thirty vignettes, photography and ephemera, all of which relate to landmark records, moments and characters in the label's first three decades. A label responsible for creating satellite communities of fans around the world and at all the major festivals, Heavenly was set up by Jeff Barrett in 1990 after several years working for Factory and Creation as the acid house revolution was in full swing; early releases set the tone and tempo for the mood of the decade to come - their first single was produced by perhaps the most revered acid house DJ of them all, Andrew Weatherall; and this was quickly followed by era-defining singles from Saint Etienne, Flowered Up and Manic Street Preachers, music which perhaps captures the flavour of the early '90s better than any other. Heavenly was always tuned to an aesthetic that was sensitive to the anarchic spirit of the times; defiantly eclectic with a radar set to taste and a never-ending commitment to discovering new talent. In 1994 they set up The Heavenly Sunday Social, which became one of the most influential and mythologised clubs in recent British history, where the Chemical Brothers - then the Dust Brothers - made their name. For thirteen weeks, it was the hottest nightclub on the planet. For 180 demented acolytes in a basement room below the Albany pub. Over nearly 200 releases in thirty years Heavenly have consistently produced some of the most exciting music across all genres, and this book collects rare artwork and wild anecdotal evidence into a celebration of a label that is one of the most beloved institutions on the independent landscape. BELIEVE IN MAGIC includes contributions from Manic Street Preachers, Beth Orton, Doves, Don Letts, Edwyn Collins, Confidence Man, Mark Lanegan, King Gizzard and The Lizard Wizard.
