The Elementals: the Quest Sharada M

Subrahmanyam, 2015-06-17 Here is your riddle: I am greater than god. I am more evil than the devil. The poor have me, The rich need me, And death comes to those who eat me. Who am I? *** I am ever hungry, And live if you feed me. I am never thirsty, And die if you quench me. What am I? *** I see much, but change little. I am firm, irresolute, Powerful, but gentle; I have enough strength to rip apart mountains, Yet be moved by gentle stirrings, I am life itself, And I give life to others. Who am I? Im a five letter word that has no end, One through three can amend, One, four and five are something alive, Two and three occur near thee. What am I? *** I am light as a feather, Yet no man can hold me for long. My presence causes life, My absence death. *** I welcome the day with a show of light, I stealthily came here in the night. I bathe the earthy stuff at dawn, But by the noon, alas! Im gone. *** The last, but not the least, little one: Lighter than what I am made of, More of me is hidden than is seen, I am the bane of the mariner, A tooth within the sea. Speak my name.

Answering the Call of the Elementals Thomas Mayer, 2021-06-01 • Explores the hierarchy of elemental beings as well as Christ elemental beings, social elementals, and machine elementals • Explains how elementals inhabit the etheric space that houses our emotions, feelings, and thoughts and how they carry the emotional level of the world • Shows how the author learned to make personal contact with the elementals and shares his experiences as well as the elemental world's urgent call for help We all live in the realm of elemental beings. They permeate our souls, our thoughts, our feelings, and they co-create the world around us, yet we are often completely unaware of them. They, however, are eager to be perceived and acknowledged by us because their future and ours are fundamentally connected. Elementals act as carriers of the emotional level of the world, and Thomas Mayer reveals how he learned to develop and fine-tune his sense of perception to make direct personal contact with them. Providing insight into the elemental hierarchy, from the low workers to the masters and the elemental kings, he portrays Christ elemental beings, social elementals, and machine elementals as well. He also explores the adversarial forces like Lucifer and Ahriman that access the elemental world through the subconscious of humans and seek to destroy our elemental friends. Through sharing his encounters with fairies, dwarves, giants, and others, the author reveals their urgent call for help, an entreaty to anchor the elemental beings again in the awareness of humankind through recognition, acknowledgment, and conscious connection. Let us support the elementals in their crucial, life-giving work, through which they in turn support

us in preserving the Earth we live on.
