Dialogues of Courtesans Lucian (of Samosata.),1902

Asphodels Bernardo Couto Castillo,2020-12 In Greek mythology, the asphodel is a flower associated with death; the souls of ordinary mortals are sent to the Asphodel Meadows, vast fields of the underworld. In the twelve stories of Asphodels, Mexican author Bernardo Couto Castillo (1879-1901), a cult figure in Mexico due to his short life and French-influenced Decadent writings, explores death in its many varieties, from Lady Death wandering the streets of the city in merciless search of her next victim, to a hypochondriac who goes mad out of fear of death, to an ultra-refined killer turning to murder due to the beauty of its symphony in White and Red, to the extraordinary final metaphysical account of the torture of a soul. Although asphodels do not make a single appearance in this collection, they are like death itself: invisible, everywhere. Asphodels, originally published in 1897, was the only book to appear in the author's lifetime. Presented here for the first time in English, in a superb translation by Jessica Sequeira, it will be sure to gratify lovers of Decadent fiction, horror and modernismo.

Crossmedia Innovations Indrek Ibrus,Carlos Alberto Scolari,2012 Crossmedia and transmedia are keywords of increasing importance for media professionals and scholars alike. Spinning Inward Maureen Murdock,1987-11-12 If you have ever wished you could show children and teenagers how to enrich their lives with meditation and visualization, this book will delight you. It presents simple exercises in guided imagery designed to help young people ages three through eighteen to relax into learning, focus attention and increase concentration, stimulate

creativity, and cultivate inner peace and group harmony. The use of guided imagery has been internationally recognized as an effective method of whole brain learning. The author's approach will have special appeal to parents and teachers who are frustrated by an educational system that seems to reward only those children who excel at verbal, linear learning. With the exercises in this book, young people can discover learning styles that are effective and enjoyable for them. These techniques of guided imagery offer adults as well as children a unique way to tap the wealth of creativity and wisdom within.

Transmedia Archaeology C. Scolari, P. Bertetti, M. Freeman, 2014-11-04 In this book, the authors examine manifestations of transmedia storytelling in different historical periods and countries, spanning the UK, the US and Argentina. It takes us into the worlds of Conan the Barbarian, Superman and El Eternauta, introduces us to the archaeology of transmedia, and reinstates the fact that it's not a new phenomenon.

Daybook Anne Truitt, 2023-07-06 A beautiful new edition of the cult classic that counts Zadie Smith and Rachel Kushner among its fans – with a new introduction by Celia Paul. 'I am an artist. Even to write it makes me feel deeply uneasy.' Renowned American artist Anne Truitt kept this illuminating and inspiring journal between 1974-8, determined to come to terms with the forces that shaped her art and life. She recalls her childhood on the eastern shore of Maryland, her career change from psychology to art, and her path to a sculptural practice that would 'set colour free in three dimensions'. She reflects on the generous advice of other artists, watches her own daughters' journey into motherhood, meditates on criticism and solitude, and struggles to find the way to express her vision. Resonant and true, encouraging and revelatory, Anne Truitt guides herself – and her readers – through a life in which domestic activities and the needs of children and friends are constantly juxtaposed against the world of colour and abstract geometry to which she is drawn in her art. Beautifully written and a rare window on the workings of a creative mind, *Daybook* showcases an extraordinary artist whose insights generously and succinctly illuminate the artistic process. 'Truitt wrote as she sculpted, returning to the past again and again to find fresh truths.' The New Yorker 'This miracle of a book will inspire artists for generations to come.' Celia Paul

Uncursing the Dark Betty De Shong Meador, 1992 Beginning with the myth of Inanna's descent to the Underworld, rendered in breathtaking poetry, Betty de Shong Meador sets forth on a journey of the feminine in five stages--poetry, essay, and prose tying together her study of feminine initiation across time and culture. Her description of a Blessingway Sing reveals the balance of feminine and masculine achieved in the Navajo culture. A critique of Doris Lessing's novels captures the felt sense of descent and discovery. Research on a Greek women's ritual--the Thesmophoria--and a survey of recent archeological findings from the ancient goddess cultures add history and substance to the ideas of the feminine. A clinical study of the relationship between female therapist and female client demonstrates one contemporary mode for such exploration. Thus we learn that there are many routes for exploring the lost initiations of women into the progress of their souls and the ways of the Goddess.
