The sources include homilies and poetic hymns by ancient Greek and Ethiopian teachers.

The Ethiopian Orthodox Täwahïdo Church Ephraim Isaac, 2012 Ephraim Isaac sketches the history of the Ethiopian Orthodox Tawahido Church and also that of Christianity as a whole in Ethiopia. As the reader will discover, not only are there strong Biblical Hebraic elements in the theology, political theory and liturgical calendar of the Ethiopian Church but there is also a strong influence from Beta Israel and Ethiopian Jews. Besides Jews and Christians, there are also very large numbers of Muslims and various native beliefs in Ethiopia.

Hierarchy and Value Jason Hickel, Naomi Haynes, 2018-08-01 Globalization promised to bring about a golden age of liberal individualism, breaking down hierarchies of kinship, caste, and gender around the world and freeing people to express their true, authentic agency. But in some places globalization has spurred the emergence of new forms of hierarchy—or the reemergence of old forms—as people try to reconstitute an imagined past of stable moral order. This is evident from the Islamic revival in the Middle East to visions of the 1950s family among conservatives in the United States. Why does this happen and how do we make sense of this phenomenon? Why do some communities see hierarchy as desirable? In this book, leading anthropologists draw on insightful ethnographic case studies from around the world to address these trends. Together, they develop a theory of hierarchy that treats it both as a relational form and a framework for organizing ideas about the social good.

Hopeless Romantic Dawit Muluneh, 2021-10-27 Right now, there is a bloody civil war in Ethiopia that is discussed on CNN, BBC and FOXNEWS. And this book aims to shift these discussions back to the late antique period, when Ethiopia was one of the greatest empires in the world and to 1930's when the fascists entered Ethiopia, because that is the root cause of the war that is happening today. Ethiopia has a secret history, and no one is focusing on this. The book attempts to shed light on these points by surveying historical events which leads up to about the sixteenth century-with few exceptions. This time period was selected as the termination point because many sources are available for events dealing with the past two to three centuries of history. Hence, people who are interested in this timeline can easily access the particular era that interests them. In this early part of history, we see how Ethiopia was a great superpower who traded with Egyptians, the Middle East, India, Greeks, Romans and Persians. Trading with such influential regions made the country rich and powerful. This nation was so great that the third century prophet Mani mentioned that Ethiopia was one of the four great empires of the time (along with Rome, China and Persia). Regrettably, this great story is seldomly related to our generation because fascists who came into Ethiopia in the 1930's, with the intent of forcefully taking natural resources (ex. ivory, gold, copper), stole the history of Ethiopia. The second aim of the book deals with how in the late 19th century as the Europeans started to carve up Africa, Italy chose Ethiopia.

Unfortunately for the colonizers, Italy became the only European country to lose to an African nation. As a result, Italy lost respect from other European nations. Newspapers at the time shamed Italy for losing to a nation of black people. Needless to say, Italy wanted revenge. They got their chance with Benito Mussolini and the fascists. Mussolini sent researchers like Carlo Conti Rossini and Enrico Cerulli to study the best way to conquer Ethiopia. These men studied Ethiopian religion, ethnicity and language the same way the Nazis studied the Jewish community, to see the most efficient way to divide and conquer them. The real tragedy happened when the original research of - Conti Rossini and Cerulli - became seen as the official history. The research they conducted, unfortunately found its way into western universities wherein they are being studied to this day. Their writings became the authoritative history of Ethiopia. Regrettably, present-day Ethiopians are now killing each other because of ethnic and religious differences which the Italians wrote was the central cause of conflict in their country. The second section of the book is a fable meant to highlight the negative impact of ethnic divisions in Ethiopia. As the reader will recognize, the style and voice of this section is unique compared with the previous sections. Perhaps the most distinctive feature is that the fable's main character is a fictional talking mouse named Sammy. This mouse and the journey he embarks on are meant to serve as a metaphor for our present state of affairs. The secondary goal of this book is to change our attitude of learning about history. Often times history is told in a dry and uninteresting way that is off-putting to young people. Especially when it comes to the history of Ethiopia, we often shy away from telling our story for fear of insulting others. In reality, history does not have to be dull or contentious. It can be enjoyable and unifying. The way a story is told is arguably just as important as the story being told. With that being said, the author has decided to tell the story of Ethiopia through the symbolic lens of the love that exists between a husband and wife. By employing such a rhetorical device, the author attempts to tell the story of Ethiopia in a way that is digestible for everyone. After all, who doesn't love a good love story?

The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church Christine Chaillot, Christine Chaillot's new book, *The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church: Faith and Spirituality*, presents a topic that is little – if at all – known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books, taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels, in liturgy, theology with commentaries of books (Old and New Testaments, books of the Church fathers and monks) as well as composition of poems (qenes) and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over

the last half-century.

I Need Answers Dawit Muluneh, 2019-12-13 Whether you are just beginning your journey into the Ethiopian Orthodox Tewahedo Church or have long been a member but are looking for answers to your questions about the church, *I Need Answers* is for you. Although the answers are gathered from Church fathers and holy books, the style of writing provides clear answers to complicated questions. The past few years the Ethiopian Orthodox Tewahedo Church has seen her youth leaving in mass numbers. Why? Mainly because the youth cannot get understandable answers to their questions. The Church uses Amharic as its primary language and Ge'ez as the liturgical, preventing young people born in America from being able to understand the worship or teaching of the Ethiopian Orthodox Tewahdo Church.. Deacon Dawit Muluneh, who has traveled around the United States teaching and preaching during the last decade, has gathered the most frequently asked questions and provided answers in a way that can be understood by the youth. Each chapter focuses on a particular question, addressing central themes of Christianity and teaching about the uniqueness of the Ethiopian Orthodox Tewahedo Church. It also addresses issues specific to young adults like spiritual dating and depression and more controversial issues like homosexuality in the context of the church.

Mystery and Meaning Gebre Menfes Kidus, 2011-08-05 MYSTERY and MEANING is a compilation of inspirational quotes, mystical prose, philosophical polemics, and poetic verse from the mind and heart of GEBRE MENFES KIDUS (Servant of the Holy Spirit). The author's words provide a unique and valuable perspective on many of the vital religious, social, and moral issues of our time. Gebre Menfes Kidus balances contemplative reflections with impassioned argument, leaving the reader both challenged and inspired. These essays and aphorisms provide edification for the philosopher, the theologian, the spiritual seeker, and the lay Christian. The author addresses a variety of topics, such as: + Orthodox Theology + Spiritual Warfare + Mysticism + Social Justice + Metaphysics + Christian Pacifism + Biblical Commentary + Human Rights + The Teachings of the Ethiopian Orthodox Church This book was written with the permission and blessing of the author's Priest, Tsebate YemaneBrhane Asrat GebreMariam. All opinions and views contained within are subject to the scrutiny and correction of the Ethiopian Orthodox Tewahedo Church.

The Harp of Glory, 2010 The Harp of Glory is a major hymn sounding the praises of the Theotokos, from the heart of the Ethiopian Orthodox Church in its Golden Age. It is a text hardly known in the Orthodox or Western churches, even though it is truly a religious and literary treasure of world significance. It approaches closely to the character and genius of the Byzantine Akathist to the Mother of God (which it seems to know in part) but is so profoundly rooted in a different indigenous experience that it surely deserves the title of An African Akathist. This beautiful lyrical poem will be of interest to all who follow the rise of biblical exegesis in the ancient church, and forms of the great devotion to the Mother of God that is characteristic of the eastern churches. It is also an exquisitely crafted love song to the Virgin (troubadour style), from a monk scholar-musician wandering the highlands of Ethiopia, long ago.--Publisher's website.

Ethiopia Paulos Milkias, 2011-05-18 This book is the most complete, accessible, and up-to-date resource for Ethiopian geography, history, politics, economics, society, culture, and education, with coverage from ancient times to the present. Arranged by broad topics, the book provides an overview of Ethiopia's physical and human geography, its history, its system of government, and the present economic situation. But the book also presents a picture of contemporary society and culture and of the Ethiopian people. It also discusses art, music, and cinema; class; gender; ethnicity; and education, as well as the language, food, and etiquette of the country. Readers will learn such fascinating details as the fact that coffee was first domesticated in Ethiopia more than 10,000 years ago and that modern Ethiopia comprises 77 different ethnic groups with their own distinct languages.

The Thirteenth Month Elizabeth Hunter,2023-05-23 Time is the most fluid medium in the universe; humans are its most replaceable element. There are rules for traveling: A mage must never go forward. Keep the secrets of the order in all times. And never, ever travel during the thirteenth month. Born into a powerful mage family, Narine Anahid Khoren is a time traveler whose life is constantly in flux. Since committing to the order of the Seba Segal at fourteen, she's spent her life traveling through history, trying to make a difference and sacrificing her life in the present for one jumping through the past. But while the world in 2071 has moved forward, the ancient order of the Seba Segal have become ever more archaic. The secret sect founded by astronomer priests has passed its magic to thousands of generations, perfecting the secrets of divination and time travel, while also amassing power, influence, and riches. Change is on the horizon, and some in the order would do anything to stop it from coming. When one of the highest laws of mage travel is broken in the thirteenth month, Narine, her friends, and one unsuspecting professor will have to scour history to set the timeline right. *The Thirteenth Month* is the first book in the Seba Segal series, an all-new time travel fantasy series by ten-time USA Today bestseller, Elizabeth Hunter, author of the *Elemental Mysteries* and the *Irin Chronicles*.

Book Of The Ethiopian Orthodox Teaching Vanna Labombar,2021-03-08 Faith is the means by which we understand the worlds were framed by the word of God, so that the things which are seen were not made of things which are visible. In this spirituality christian book, you will discover: Part one is intended as a guide to the faith and teaching of the Church. It has the obligation of teaching and transmitting the faith to every generation. The Ethiopians are by nature religious people. This is a natural gift of God, but from time to time the faith must be relearned, and it must be transmitted to the next generation. To keep it purely, one must first learn it for oneself, and then one must teach others, both inside and outside the home. Part two explains how it was that the Ethiopians accepted Christianity, and to emphasize that this means acceptance of Christianity by black African peoples. The Ethiopians accepted Christianity very early--indeed, in the days of the Apostles. This fact clearly demonstrates that Christianity is a faith for all mankind, all races, all colors. And so much more! Let's not waste any more time! Dive in and start reading!

Routledge Handbook of the Horn of Africa Jean-Nicolas Bach,2022-03-31 The Routledge Handbook of the Horn of Africa provides a comprehensive, interdisciplinary survey of contemporary research related to the Horn of Africa. Situated at the junction of the Sahel-Saharan strip and the Arabian Peninsula, the Horn of Africa is growing in global importance due to demographic growth and the strategic importance of the Suez Canal. Divided into sections on authoritarianism and resistance, religion and politics, migration, economic integration, the military, and regimes and liberation, the contributors provide up-to-date, authoritative knowledge on the region in light of contemporary strategic concerns. The handbook investigates how political, economic, and security innovations have been implemented, sometimes with violence, by use of force or by negotiation – including ‘ethnic federalism’ in Ethiopia, independence in Eritrea and South Sudan, integration of the traditional authorities in the (neo)patrimonial administrations, Somalian Islamic Courts, the Sudanese Islamist regime, people’s movements, multilateral operations, and the construction of an architecture for regional peace and security. Accessibly written, this handbook is an essential read for scholars, students, and policy professionals interested in the contemporary politics in the Horn of Africa.
