Veronica Scott

**Daegan** Veronica Scott,2019-11-14 Ex-Special Forces soldier and mercenary Flo Michetti is bored with her assignment as a pilot for the genetically engineered Badari pack in their fight against the evil Khagrish scientists. She jumps at the chance to take a dangerous undercover mission. She infiltrates a group of human prisoners on their way to a secret lab in the southern ocean, where the Badari believe many more of their own kind have been created and are being experimented on. Once Flo has located the lab, found the Alpha among the Badari there and sent a report back, the plan will be to attack and rescue all the prisoners. Arriving at the island Flo learns the true nature of the horrific experiment for which the humans have been brought to this remote location. Time will be perilously short to escape before it's too late for all of them. She has to locate the Alpha of this captive southern pack, who conceals his identity to escape death at the hands of the Khagrish, and get him to join with her and her allies. Daegan feels an instant attraction to Flo when the Badari and the humans are forced together by the Khagrish scientists, but there are mysteries and questions surrounding her. Before he reveals himself as the incognito Alpha she's seeking, he wants answers to allay his doubts. He also wants Flo in his bed...but can he risk his heart to claim her as his mate? Complicating the situation is a dangerous rival for Daegan's position as Alpha, an oncoming hurricane and Flo's resistance to abandoning her life as a soldier of fortune...as the Khagrish scientists prepare to initiate the experiment, the clock is ticking for humans and Badari alike. Author Note: There is an incident in this novel where a supporting character unsuccessfully attempts to commit suicide by drowning. This is the eleventh book in the Badari Warriors world (and the tenth book in the numbered series) and each novel has a satisfying Happy for Now ending for the hero and heroine, not a cliffhanger. Some overarching issues do remain unresolved in each book since this is an ongoing series but romance always wins the day in my novels! **Holiday for the Alpha** Veronica Scott,2021-05-10 Daegan, the Alpha of the South Seas pack, is under a lot of stress and a near disaster in the sanctuary valley pushes him to a breaking point. Flo, his ex-mercenary human mate, knows he needs rest and relaxation but what kind of a holiday can a Badari Warrior take? She thinks she's found a solution extreme enough to satisfy even her intense mate if she can just get him to agree to step away from his duties for a few days. Will Daegan agree to the idea? This is the sixteenth book in the Badari Warriors world and each novel or novella has a satisfying Happy for Now ending for the hero and heroine, not a cliffhanger. Genetically engineered soldiers of the far future, the Badari were created by alien enemies to fight humans. But then the scientists kidnapped an entire human colony from the Sectors to use as subjects in twisted experiments...the Badari and the humans made common cause, rebelled and escaped the labs. Now they live side by side in a sanctuary valley protected by a powerful Artificial Intelligence, and wage unceasing war on the aliens. Some overarching issues do remain unresolved in each book since this is an ongoing series but romance always wins the day in my novels!
