*Degree Mills* John Bear, 2012-04-24 When the first edition of *Degree Mills* was published, fake universities and counterfeit degrees were already a significant problem. Fueled by the Internet, this scam continues to grow—now more than half of all people claiming a new PhD in fact have a fake degree. In this updated edition, experts Allen Ezell and John Bear go beyond exposing these fraudulent practices to provide detailed recommendations—for government agencies, educational institutions, and individuals—on what can be done to rid us of them. This eye-opening and definitive guide shows how degree mills operate and how to check the validity of anyone's degree—an indispensable reference book.
