Free-Range Kids Lenore Skenazy,2021-06-03 Learn to raise independent, can-do kids with a new edition of the book that started a movement In the newly revised and expanded Second Edition of Free-Range Kids, New York columnist-turned-movement leader Lenore Skenazy delivers a compelling and entertaining look at how we got so worried about everything our kids do, see, eat, read, wear, watch and lick -- and how to bid a whole lot of that anxiety goodbye. With real-world examples, advice, and a gimlet-eyed look at the way our culture forces fear down our throats, Skenazy describes how parents and educators can step back so kids step up. Positive change is faster, easier and a lot more fun than you'd believe. This is the book that has helped millions of American parents feel brave and optimistic again – and the same goes for their kids. Using research, humor, and feisty common sense, the book shows: How parents can reject the media message, “Your child is in horrible danger!” How schools can give students more independence -- and what happens when they do. (Hint: Teachers love it.) How everyone can relax and successfully navigate a judge-y world filled with way too many warnings, scolds and brand new fears Perfect for parents and guardians of children of all ages, Free-Range Kids will also earn a place in the libraries of K-12 educators who want their students to blossom with newfound confidence and cheer.

Motherhood ? Is It for Me? Denise L. Carlini,Ann Davidman,2016-11-15 Deciding yes or not to motherhood can be fraught with confusion, pain, and loneliness. Many a woman is undecided about arguably the most important life-defining decision she'll make in her lifetime. With the 'Motherhood -- Is it for me?' program, the authors of this book, both dedicated and seasoned psychotherapists, created a process that has helped countless women over the last 25 years. Finally available in print, this program is the perfect resource for closely examining ambivalence around this crucial life choice. Through precise steps, readers are guided on their own personal journeys toward deeper understanding and learn what they really want. The process even allows a woman who is experiencing extremely painful immobilization to find her way through to her true desire. The authors know from their professional experience that an analytical pros-and-cons approach often fails to successfully answer this most personal question. Interspersed throughout this book are twenty diverse stories of women who made conscious choices, half deciding yes and half deciding no. Their

stories -- and sometimes advice -- create a valuable community that provides support to every reader, breaking the isolation they may feel.--Book cover.

Does This Baby Make Me Look Straight? Dan Bucatinsky,2012-06-05 From actor/writer/producer Dan Bucatinsky, executive producer of NBC's *Who Do You Think You Are?*, a collection of snort-milk-through-your-nose funny stories of parenthood that will obliterate the boundaries of gender and sexual orientation, and sweep readers up on a journey into fatherhood—warts and all. In 2005, Dan Bucatinsky and his partner, Don Roos, found themselves in an LA delivery room, decked out in disposable scrubs from shower cap to booties, to welcome their adopted baby girl—launching their frantic yet memorable adventures into fatherhood. Two and a half years later, the same birth mother—a heroically generous, pack-a-day teen with a passion for Bridezilla marathons and Mountain Dew—delivered a son into the couple's arms. In *Does This Baby Make Me Look Straight?* Bucatinsky moves deftly from sidesplitting stories about where kids put their fingers to the realization that his athletic son might just grow up to be straight and finally to a reflection on losing his own father just as he's becoming one. Bucatinsky's soul-baring and honest stories tap into that all-encompassing, and very human, hunger to be a parent—and the life-changing and often ridiculous road to getting there.
