Funny Business Jeff Silverman,2011-08-10 For the last twenty-five years, Jeff Silverman has been the President of Yuk Yuk's comedy club: one of the world's largest stand-up comedy chains. With a career spanning more than forty years, Jeff has helped launch the careers of Jim Carey, Howie Mandel and Russell Peters, and started his business career with the 99-cent Roxy Theatre back in the '70s, showcasing cult underground movie marathons. He went on to run the New Yorker Theatre and Horseshoe Tavern music venues, bringing in bands like The Police and The Ramones for the very first time. In the '80s, Jeff turned his attention to television production, and produced Canada's first all-night television show, The All-Night Show, which was a fusion of zany experimental television, old favorites and interactive programming never seen on the air before, or since.

Lincoln and Booth William Vincent,2017-05-16 The drama Lincoln and Booth (a dual tragedy) retells with some fictional detail, of course the story of Abe Lincoln, a hardworking man of humble upbringing and a man of moral turpitude who shies from the egotistical, and of John Wilkes Booth, a man quite the opposite of Lincoln, a man of bombast and inflated moral principle based upon genetic or on bloodline vanity, leading to his ultimate dissolution and megalomania. The play spans from the opening scenes of the biblical ironies surrounding the advent of the Lincoln era in politics all the way to the final assassination and escape of the Shakespearean megalomaniac Booth, who throughout, by the way, employs his deluded and disillusioned Shakespearean reasoning with great epigonal or bombastic conclusiveness while all the way, irony surely plays him all around and ever onward into his mad conviction that he is Brutus come again and Dixie's savior. In between both Wilkes and Abe is Edwin Booth, the great Northern actor (as his demented brother sees him, i.e., for his having formalized (too much) the style of acting away from Wilkes more wild, emotional style, generally

labeled too Southern by Edwin. Wilkes is ever taking on Edwin as a threat and someone he wishes to prove the lesser for both the betrayal of their southern roots (in acting) and of Dixie as well, especially of Maryland, Oh, Maryland a song Booth ever hums or sings out like a political fanatic. The play ends not in Garretts Barn but (in a dream) on the deck of the USS Levant, where Booth meets Philip Nolan, in the fog, on the deck. Yes, Philip Nolan in the Man Without a Country, a book by Everett Hale, a book Booth had read in his recent days. The sets need not be elaborate since this one, like Shakespeare plays themselves, requires little, for it relies on the language, which Booth himself, as well as Lincoln no less and admirer of the Bard bring to the fore of attention, making all extravagant scenery an option. Most necessary as a set piece, however, is the large, full-body mirror in the center stage that serves both as a swinging door from the realm of one White House room to another, as well as a conduit into the others prescience (at first) and later full consciousness, and thru which both protagonist and antagonist speak unknowingly, right at one another, the while more so engaged in monologues to themselves and yet directing other lines more poignantly at their adversary, who likewise happens to be at his own mirror, prepping and primping and worse, imagining the ominous or oppressive other. Both Lincoln and Booth begin within their individual personas as characters in the real play of their lives and wind up, through the vicissitudes of the times and the pressures of political warfare, taking assumed characters (unconsciously and yet not without their true natures), which brought them both to the catastrophe of their tragic fates within this drama or play of their real lives a fact that amazed me during or later on in my research for this work. William Vincent, author If there is any staging or adaptational interest in this script or in any others I have as yet been unable to publish, I wrote myself into poverty in the love and the belief in them. Understanding Humor through Communication John C. Meyer, 2015-10-22 *Understanding Humor through Communication* explores theories of humor origin as well as humor functions in human groups and societies through communication. A model of humor decision by individuals is detailed, followed by humor's emergence in communication. Elements of humor sources (incongruity, superiority, and relief), humor intent (comic or tragic perspectives), and humor perception (ego-involvement, script awareness, bona-fide messages, and non-bona-fide messages) are incorporated. Persuasive, organizational, and interpersonal settings involving humor are explored in depth to consider its functions. The individual choice to experience humor is detailed in its effects, as are the social implications of widespread humor desired and invoked in human society. *Understanding Humor through Communication* will appeal to scholars of communication, psychology, and sociology.

Wake Up Bitch and Fix Me Some Chicken John Booth, 2015-05-07 WAKE UP BITCH AND FIX ME SOME CHICKEN is a humorous look at the patients and staff at a state-run mental health hospital. Whether divinely driven or by serendipitous happenstance, John R. Booth, after a career in the pharmaceutical business, found himself working as a social worker at the largest mental health facility in his state. In his first book, Booth chronicles stories of some of his most memorable patients. His preconceptions of what the patients would be like began an almost immediate transformation upon his arrival. He had heard all the stories and seen all the movies that depicted these souls as dangerous mental defectives and was sure that his life expectancy would take a turn for the worse with prolonged exposure to the crazy cooties he knew they must be infested with. The first day his ideas of mental illness began the transformation from shock and revulsion to seeing humor in the patients' distorted reality and their reactions and adaptation to this reality. Some patients were truly scary and dangerous. Sometimes they would say funny things, and other times they would say things funny. Dan, Poor Pitiful Paul, Doug the Firebug, and all the others are real patients, with real problems, who are really funny, if you just look for it. Whether it is midgets in the walls, misunderstood English, fast-talking Gilbert, or the psychobabble of Nurse Kiki, rest assured, you will

not sleep right through it. This easy read will keep you turning pages, give you a new view of the mentally ill, put a smile on your face, and, in the end, you'll see why John believes that his patients are some of the most precious people on earth.
