David Stone

Geez Bible J T Alexander, 2023-04-14 A thorough and in-depth examination of the translation and interpretation of the Ethiopian Bible into the archaic language of Geez is found in *Geez Bible: Translation and Interpretation*. This book explores the history of translation, the difficulties encountered, and the effects that various translations and interpretations have had on Ethiopian culture and society as well as the Ethiopian Orthodox Church. In addition to describing how the translation process differs from those of other languages and how culture and tradition play a part in how the Bible is understood, the book gives an overview of the Geez language and the Ethiopian Orthodox Church. It also explores the debates around various Bible interpretations and how they have affected the Ethiopian Orthodox Church. The book explores how the Ethiopian Orthodox Church has been impacted by the translation and interpretation of the Bible and how this has affected Ethiopian culture and society. The possibility for fresh translations and interpretations of the Ethiopian Bible are discussed, as well as the difficulties of conserving and developing the Geez language and culture. Through the prism of the translation and interpretation of the Ethiopian Bible into the antiquated language of Geez, *Geez Bible: Translation and Interpretation* provides a thorough and insightful look into the history, culture, and society of Ethiopia.

The Bible was first translated into Ge'ez, the language of the Ethiopian Orthodox Tewahedo Church, by Syrian missionaries in the fourth century, which was the beginning of Christianity in Ethiopia. Abu Rumi then produced the first Amharic translation of the Bible in the first half of the nineteenth century. Books of the Ethiopian Bible Ethiopian Church, 2019-09-30 The Ethiopian Bible is the oldest and most complete bible on earth. Written in Ge'ez an ancient dead language of Ethiopia it's nearly 800 years older than the King James Version and contains over 100 books compared to 66 of the Protestant Bible. The Ethiopian Coptic Bible Dr Frank Benjamin, 2022-11-04 From the fourteenth century to the late nineteenth century, Coptic in Ethiopian handwriting Ge'ez Bibles were printed in Ethiopia, the first independent African country. Teach Yourself New Testament David Stone, 1996 For both student and the general reader, this book gives a sound basis for an understanding of the New Testament. Stone introduces the New Testament books, their background, the approaches taken to them by scholars, and the ways in which the New Testament is used today.

Parenthesis in Biblical Hebrew Tamar Zewi, 2007 In its examination of parenthesis in Biblical Hebrew, this book presents a linguistic description

of Biblical Hebrew parenthetical units through integration of several research disciplines and scholarly approaches: linguistics, discourse studies, text linguistics, textual philology, comparative Semitics, Bible translations, and literature.

The Garima Gospels Judith S. McKenzie, Francis Watson, 2016-12-31 The three Garima Gospels are the earliest surviving Ethiopian gospel books. They provide glimpses of lost late antique luxury gospel books and art of the fifth to seventh centuries, in the Aksumite kingdom of Ethiopia as well as in the Christian East. As this work shows, their artwork is closely related to Syriac, Armenian, Greek, and Georgian gospel books and to the art of late antique (Coptic) Egypt, Nubia, and Himyar (Yemen). Like most gospel manuscripts, the Garima Gospels contain ornately decorated canon tables which function as concordances of the different versions of the same material in the gospels. Analysis of these tables of numbered parallel passages, devised by Eusebius of Caesarea, contributes significantly to our understanding of the early development of the canonical four gospel collection. The origins and meanings of the decorated frames, portraits of the evangelists, Alexandrian circular pavilion, and unique image of the Jerusalem Temple are elucidated. The Garima texts and decoration demonstrate how a distinctive Christian culture developed in Aksumite Ethiopia, while also belonging to the mainstream late antique Mediterranean world. Lavishly illustrated in colour, this volume presents all of the Garima illuminated pages for the first time and extensive comparative material. It will be an essential resource for those studying late antique art and history, Ethiopia, eastern Christianity, New Testament textual criticism, and illuminated books.

The Hatata Inquiries Zara Yaqob, Walda Heywat, 2023-11-20 The Hatata

Inquiries are two extraordinary texts of African philosophy composed in Ethiopia in the 1600s. Written in the ancient African language of Ge'ez (Classical Ethiopic), these explorations of meaning and reason are deeply considered works of rhetoric. They advocate for women's rights and rail against slavery. They offer ontological proofs for God and question biblical commands while delighting in the language of Psalms. They advise on right living. They put reason above belief, desire above asceticism, love above sectarianism, and the natural world above the human. They explore the nature of being as well as the nature of knowledge, the human, ethics, and the human relation with the divine. They are remarkable examples of something many assume doesn't exist: early written African thought. This accessible English translation of the Hatata Inquiries, along with extensive footnotes documenting the cultural and historical context and the work's many textual allusions, enables all to read it and scholars to teach with it. The Hatata Inquiries are essential to understanding the global history of philosophy, being among the early works of rational philosophy. The book includes a translation by Ralph Lee with Mehari Worku and Wendy Laura Belcher of the Hatata Zara Yaqob and the Hatata Walda Heywat. The appendices by Jeremy R. Brown provide information on the scribal interventions in and the differences between the manuscripts of the two Hatatas. The book also includes a map, chronology, summary of the translation principles, and a discussion of the authorship debate about the Hatata Inquiries.

The Bible in Ethiopia Curt Niccum, 2014-05-28 The Ethiopic version provides a window into the state of the Greek Bible as it circulated in East Africa at the end of the fourth century. It is, therefore, an extremely important witness to the Bible's early transmission history, yet its testimony has

typically been ignored or misunderstood by text critics. This study examines the history of the book of Acts in Ethiopia and reconstructs its earliest attainable text, which then is assessed using the latest text-critical methods. It therefore provides a solid base for interpreting the data of this key witness and lays the groundwork for future text-critical work in Ethiopic and other early versions.

The Apocrypha Manuel Komroff, 1992

The Ethiopic Text of the Book of Ezekiel Michael Anthony Knibb, 2015 Ezekiel is one of the few books of the Ethiopic Old Testament of which no critical edition has hitherto existed, and the aim of this work is to fill that gap. It provides a critical edition of the oldest accessible text of the Geez version and is based on a collation of fifteen manuscripts. The Ethiopic version is a daughter version of the Septuagint, and the work sheds light on the character of the original translation and on its subsequent history. The latter included the revision of the translation in the early mediaeval period, which was in part influenced by a Syriac-based Arabic version, and a further revision of the translation based on the Masoretic text.

Bible Translation and African Languages Gosnell L. O. R. Yorke, Peter M. Renju, 2004

The Text of New Testament B.M. Metzger, B.D. Ehrman, 1985

Revelation from God Embaye Melekin, 2014-09-26 This book contains the revelation of God. It is the Word of God revealed unto me by the Lord. God

spoke and dictated unto me the messages, and I wrote what I heard in my own words. Jesus Christ, the Son of God, spent ten years of his life travelling across the kingdom of Judah, healing and driving out demons from numerous people. What were revealed unto me are just a few of the numerous healings and Jesus' interactions with many people. Now we know what Jesus did between the ages of twenty and thirty years. The second part is another divine revelation. The Lord also revealed unto me, using the Bible, the origins and identities of the Asian people, the Jews, the Arabs, the Europeans, and the African people. It is a confirmation that we are all descendants of Abraham and a blessed people of God. This knowledge is to be revealed unto mankind at the end of time, which is now. This is a prophetic time. We are at an era of a new beginning, and thus the revelation of God is manifested unto us now. Mankind shall unite in the knowledge of God and in the blessings of his Son, Jesus Christ, and shall coexist in harmony from now onward.

Africa and the Bible Edwin M. Yamauchi, 2006-07-01 The curse of Ham has been used to legitimize slavery. Both Ethiopians and Arabians claim the queen of Sheba. Could Moses and Jesus have been black? Edwin Yamauchi explores the historical and archaeological background of biblical texts that refer to Africa and traces the results of past interpretations and misinterpretations. He covers such topics as the curse of Ham's son Canaan, Moses' Cushite wife, Simon the Cyrene, and afrocentric biblical interpretation. Along the way, he dispels myths, interacts with current theories, and provides readers with sound judgments as to what the Bible does and does not say. Readers interested in the connections between Africa and the Bible will enjoy this

insightful book. More than eighty photos, maps, and charts are included.
