GTA V: THE FINAL WAR: The Chronicles Of Life Tymir Rawlings, 2020-03-07 Based on 2019 Blockbuster hit GTA V: THE FINAL WAR! Explore the danger of this book as, Micheal, Franklin, Trevor, Jimmy, Amanda & More GTA V Characters, goes to great lengths to tear Los Santos apart. Trevor's childhood itself was an unhappy one. His father was physically abusive towards him, as stated in Hang Ten, while his mother was emotionally abusive, overbearing, treated him with condescension and saw him as a useless boy who cared little about his mother. When he was a child, Trevor's father abandoned him in a shopping mall, which Trevor later burned down in retaliation. Trevor also had a brother named Ryan, whom Trevor was not fond of. Ryan died in an accident prior to 2013. His first job involved robbing a place that cashed checks. However, Trevor was caught because the clerk turned out to be someone who knew him, resulting in him serving four months of a six month sentence. Over time, Michael developed a relationship with a stripper, Amanda, which created some friction between them, due to Trevor and Amanda's mutual hatred of each other. Despite this, Trevor became seen as an uncle to the couple's children, Jimmy and Tracey, although Jimmy is understandably nervous around Trevor. Over the following years, Michael became more cautious as a criminal, because he saw himself as having more to lose should he be imprisoned or killed, which led Trevor to believe Michael was going soft. Some time later, Trevor met Brad Snider, who would often join Trevor and Michael and commit robberies together. Michael and Brad did not trust or like each other, but Trevor got along with Brad to a certain degree. Not long before the Prologue, Trevor told Brad about his beliefs of Michael going soft. Brad then suggested that they should cut off Michael and work only with each other. Trevor declined, believing he should stay loyal to Michael. Everything that is in both films are heavily tied in this book from Airplane Crashes to Cop Shootouts!

Wordplay and the Discourse of Video Games Christopher A. Paul,2012-03-15 In this timely new book, Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning, lead to identification and division, persuade, and circulate ideas. Paul examines the broader social discourse about gaming, including: the way players are socialized into games; the impact of the lingering association of video games as kid's toys; the dynamics within specific games (including Grand Theft Auto and EA Sports Games); and the ways in which players participate in shaping the discourse of games, demonstrated through examples like the reward system of World of Warcraft and the development of theocracy. Overall, this book illustrates how video games are shaped by words, design and play; all of which are negotiated, ongoing practices among the designers, players, and society that construct the discourse of video games.
