Nina MacLaughlin

Hammerheads Dale Brown,1991 The Hammerheads, an elite force compromised of the latest and most deadly weaponry ever, prepares to do battle with the Cuchillos drug cartel, halting the flow of drugs entering the United States.

Hammerheads Dale Brown,1991-06-01 Bestselling author Dale Brown tackles the controversial subject on America's drug war. The U.S. government has created an all-new drug-defense agency--Hammerheads--that will never make the war against drugs the same.

Hammer Head: The Making of a Carpenter Nina MacLaughlin,2015-03-16 No other book has made me want to re-read Ovid and retile my bathroom floor, nor given me the conviction that I can do both. I loved it. —Rosie Schaap, author of *Drinking with Men* A warm and inspiring book for anyone who has ever dreamed of changing tracks, *Hammer Head* is the story of a young woman who quit her desk job to become a carpenter. Writing with infectious curiosity, Nina MacLaughlin—a Classics major who couldn't tell a Phillips from a flathead screwdriver—describes the joys and frustrations of making things

by hand. Filled with the wisdom of writers from Ovid to Mary Oliver and MacLaughlin's own memorable accounts of working with wood, unfamiliar tools, and her unforgettable mentor, Hammer Head is a passionate book full of sweat, bashed thumbs, and a deep sense of finding real meaning in work and life.

Easy-to-read text presents scientific information clearly and accurately, while the breathtaking full-color photography captures these mysterious demons of the deep in their shadowy underwater world.
