Eye of the Tiger Shark: An AFK Book (Hungry Shark #2)

Ace Landers,2020-03-03 Continue exploring the world of the Hungry Sharks with the Marine Science Club in this laugh-out-loud funny original chapter book, the second book based on the hit mobile video game with catchy music! The sharks are back! At Waverly Middle School, there are two worlds: one on land, and one at sea. Tammy, Kyle, and Alex are three founding members of their school's Marine Science Club. Porbeagle, Hammerhead, and Mako are the three founding members of their school's Terrestrial Land Club. Together, they form one superclub - a superclub that's out to benefit humans and sharks, forever! The only issue is... people are still afraid of sharks. And sharks are still afraid of people.

The Everything Parent's Guide to Raising Mindful Children Jeremy Wardle, Maureen Weinhardt, 2013-06-18 Mindful kids are less stressed, more focused, and much happier! Mindfulness means paying attention on purpose. This sounds simple, but it's not always easy, even for children. Kids face stress every day as they try to fit in with their peers, worry about grades, and struggle to sit still in a classroom. With The Everything Parent's Guide to Raising Mindful Children, you'll learn how practicing mindfulness can help your child refocus attention to reduce anxiety, control emotions and behavior, and even improve grades. Being mindful will help your child: Become more self-aware. Control emotions. Empathize with others. Achieve academic and social success. The Everything Parent's Guide to Raising Mindful Children uses techniques such as meditation and sensory awareness to help your child gain more self-control and be less stressed. You'll also learn how to use mindfulness in your own life! With repetition, these exercises will help your children to manage their own emotions and reach their full potential, now and for years to come.

Edsel brings the story of his #1 NYT bestseller for adults *The Monuments Men* to young readers for the first time in this dynamic, narrative nonfiction project packed with photos. Robert M. Edsel, #1 New York Times bestselling author of *The Monuments Men*, brings this story to young readers for the first time in a sweeping, dynamic adventure detailing history's greatest treasure hunt. As the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. *The Greatest Treasure Hunt in History* recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis.

438 Days Jonathan Franklin, 2015-11-17 The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his

bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with Alvarenga and interviews with his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival.
