Tobias Bleicker

Invisible Borders in a Bordered World Alexander C. Diener, Joshua Hagen, 2022-09-02 This book critically challenges the usual territorial understanding of borders by examining the often messy internal, transborder, ambiguous, and in-between spaces that co-exist with traditional borders. By considering those less visible aspects of borders, the book develops an inclusive understanding of how contemporary borders are structured and how they influence human identity, mobility, and belonging. The introduction and conclusion provide theoretical and contextual framing, while chapters explore topics of global labor and refugees, unrecognized states, ethnic networks, cyberspace, transboundary resource conflicts, and indigenous and religious spaces that rarely register on conventional maps or commonplace understandings of territory. In the end, the volume demonstrates that, despite being invisible on most maps, these borders have a very real, material, and tangible presence and consequences for those people who live within, alongside, and across them.

Kudeta Militer di Myanmar dalam Perspektif Hukum Internasional Farid Pardamean Putra Irawan, Penerbit Pustaka Rumah Cinta, Buku ini ditujukan sebagai bentuk peranan penulis dalam memperkaya khasanah dalam bidang ilmu pengetahuan khususnya hukum internasional. Mayoritas buku yang membahas terkait kajian suatu permasalahan yang ditinjau dalam segi hukum internasional saat ini masih sedikit sekali, sehingga keterbatasan tersebut membuat para mahasiswa maupun akademis-akademis lainnya menggantungkan kepada sumber-sumber buku yang ditulis oleh penulis asing. Hal ini sangat menyulitkan bagi mereka yang kurang menguasai bahasa Inggris. Berangkat dari permasalahan tersebut, penulis berkeinginan untuk dapat membuat suatu buku hasil dari penelitian terhadap suatu permasalahan yang menyangkut hukum internasional sampai dapat menyelesaikannya ini. Secara singkat buku ini membahas terkait permasalahan kudeta militer yang terjadi di Myanmar dan perkembangannya dalam sudut pandang hukum internasional. Buku ini menjadi jawaban dari pertanyaan yang kerap kali dijumpai mengenai Bagaimana respon dunia internasional menanggapi kudeta militer di Myanmar? Apa sanksi tegas yang dapat diberikan ke Myanmar? Bagaimana peraturan terkait kudeta dalam hukum internasional? Kesemuanya itu dijelaskan secara rinci dalam buku ini.

National Geographic Visual Atlas of the World National Geographic Society (U.S.), 2009 A comprehensive, up-to-date atlas encompasses more than three hundred thematic maps, along with more than six hundred color photographs, illustrations, charts, and graphs, that document the world's natural and cultural wonders.

The 4th ICIESC was realized this year with various presenters, lecturers, researchers and students from universities both in and out of Indonesia. The 4th International Conference on Innovation in Education, Science and Culture (ICIESC) 2022 shows up as a Mathematics and Natural Science, Material Science, Physics Education, Biology Education, Chemistry Education, Vocational Education, Applied Sciences-Computers, Multimedia Technology, Applied Mathematics, E-learning system, Applied Sciences-Information Technology, Applied Sciences-Engineering, Social Science and Humanities, Management Innovation and Heritage Culture research platform to gather presentations and discussions of recent achievements by leading researchers in academic research. With the number participants 260 participants, who came from the various national and international universities member, research institute, and academician. There are 181 papers passed through rigorous reviews process and accepted by the committee. All of papers reflect the conference scopes and become the latest trend. It has been our privilege to convene this conference. Our sincere thanks, to the conference organizing committee; to the Program Chairs for their wise advice and brilliant suggestion on organizing the technical program and to the Program Committee for their thorough and timely reviewing of the papers. Recognition should go to the Local Organizing Committee members who have all worked extremely hard for the details of important aspects of the conference programs and social activities. We welcome you to read this proceeding and hope the reader can find according to your interests and scientific field.

Network Security and Communication Engineering Kennis Chan, 2015-07-06 The conference on network security and communication engineering is meant to serve as a forum for exchanging new developments and research progresss between scholars, scientists and engineers all over the world and providing a unique opportunity to exchange information, to present the latest results as well as to review the relevant issues on

Cool Tech DK, 2011-07-18 Connected is a thrilling journey through the physical side of the virtual world. Everyone is familiar with the internet and will check their email without a second thought, but who knows how the messages get from one place to another and what processes the data goes through during the trip? Imagine yourself as a digital bit-the basic unit of information-and join the other billions of bits as they race through cyberspace. Trace their routes under seas, across continents, and through space, zooming through beaches, buildings, roads, and pipelines as information crosses the globe. Marvel at the technology that keeps you connected, from the ships installing lines deep in the ocean, to the robots locating wire breaks, the satellites beaming signals across the earth, the teams retrieving and splicing lines together, and the servers directing and feeding internet traffic around the world. The book also takes a look back at the history of the internet, exploring the people and inventions that led to its creation. In this section, you'll tour a virtual museum to see how the technology has progressed over the years, changing the lives of ordinary people everywhere.
