How to Make the Body Jennifer Creech,Thomas O. Haakenson,2022-05-05 How to Make the Body: Difference, Identity, and Embodiment brings together contemporary and historical readings of the body, exploring the insights and limits of established and

emerging theories of difference, identity, and embodiment in a variety of German contexts. The engaging contributions to this volume utilize and challenge cutting-edge approaches to scholarship on the body by putting these approaches in direct conversation with canonical texts and objects, as well as with lesser-known yet provocative emerging forms. To these ends, the chapter authors investigate “the body” through detailed studies across a wide variety of disciplines and modes of expression: from advertising, aesthetics, and pornography, to social media, scientific experimentation, and transnational cultural forms. Thus, this volume showcases the ways in which the body as such cannot be taken for granted and surmises that the body continues to undergo constant--and potentially disruptive--diversification and transformation.

Invisible Witnesses Wayne Sheridan, 2016-04-08 An attractive female student is found dead in the darkened gloom beneath an overpass . . . The DA moves quickly to pin the brutal slaying—a “mugging gone wrong”—on a homeless man known to frequent the area. As Detective “Gunny” Hawkins of the Bristol Police investigates the seemingly impressive evidence and facts of the case, he grows less and less sure that the DA has the right man . . . and certain that something far more insidious is going on than a mugging. It becomes clear to Hawkins that a murderer is on the loose in Bristol . . . one willing to kill again to cover his tracks, if necessary. In a race against time, Gunny works tirelessly to find the killer before he strikes again. For him, it is more than merely a fight for justice, but a battle at every turn with the political ambitions of the DA, his own superiors, and the court of public opinion that has already judged and convicted the incarcerated suspect. Will Gunny find the truth and bring the killer to justice in time? Will the killer prove to be too elusive and send an innocent man to prison? Will key players in this riveting crime drama overcome their past traumas, losses, alcohol and drug addiction, and other personal challenges to play their part in solving the case? Will the homeless community in Bristol help or hinder authorities in getting to the truth? Find out in *Invisible Witnesses*! Wayne Sheridan is a writer who draws from his years of experience in church leadership and service to challenge and encourage Christians to live in God’s truth, purpose, and power. His growth experiences include four years in the military during the Vietnam War, twenty years in hospital administration, six years in small business ownership, and fifteen years of directing a homeless mission in Bristol, Tennessee.
