The Jews-Harp in Britain and Ireland Michael Wright,2017-07-05 The jews-harp is a distinctive musical instrument of international importance, yet it remains one of those musical instruments, like the ocarina, kazoo or even the art of whistling, that travels beneath the established musical radar. The story of the jews-harp is also part of our musical culture, though it has attracted relatively little academic study. Britain and Ireland played a significant role in the instrument's manufacture and world distribution, particularly during the nineteenth and first half of the twentieth centuries. Drawing upon previously unknown written sources and piecing together thousands of fragments of information spanning hundreds of years, Michael Wright tells the story of the jews-harp's long history in the Britain and Ireland. Beginning with an introductory chapter describing the instrument, Part One looks at the various theories of its ancient origin, how it came to be in Europe, terminology, and its English name. Part Two explores its commercial exploitation and the importance of the export market in the development of manufacturing. Part Three looks the instrument's appearance and use in art, literature and the media, finally considering the many players who have used the instrument throughout its long history.

Jew's Harp Walter Hess,2018-02-21 Poetry. Jewish Studies. Walter Hess's remarkable JEW'S HARP is a celebration of family, of tradition, of living through terrible and wonderful times, and even of memory itself. The obvious themes are love and survival. The controlled lyric and narrative voice of the poems is that of a son, and grandson, speaking about his father, mother, wife, children and grandchildren; they speak of the agony of loss and the joy of retrieval; they speak of journeys, from Hitler's Germany, to Ecuador, to safety in America, and a new life. These are poems of an open spirit toward God and His people. These poems create the feel of ritual, a distancing that the depth of his subject and emotion evoke.

The Jew's Harp William P. Chauvin,2015-11-21 Spanning an era from the 1860's to the present, The Jew's Harp begins in the Nerchinsk silver mining district of Siberia. The only hope in the dismal and lonely life of Nikolay Kuznetsov, former Russian silversmith, now exiled, is derived from stealing small splashings of silver from the smeltworks where he is forced to labor. Over many years he saves enough silver to design a beautiful silver Jew's harp for his wife in Moscow. The Jew's Harp traces the path of Kuznetsov's gift as his son, Pytor, carries it to its future. It becomes intertwined in the lives of an orphaned art school student, the atomic bomb era veteran who marries her, the sculptor who inspires her, and shapes the destiny of their son, Matt. On April 12, 1945 three young people with very different backgrounds are at personal crossroads wondering about their future. Little did they know, at that moment, that their paths would intertwine to the haunting strains of Nikolay's silver Jew's harp.
