Katy Perry Elise O.,2012-03-02 This book is part of Hyperink's best little books series. This best little book is 3,900+ words of fast, entertaining information on a highly demanded topic. Based on reader feedback (including yours!), we may expand this book in the future. If we do so, we'll send a free copy to all previous buyers. ABOUT THE BOOK She's quirky, she's talented, she's Katy Perry! Katy Perry has dominated the pop music scene since 2008 with hit after hit from her albums, One of the Boys (2008) and Teenage Dream (2010). Katy Perry had the third highest grossing tour and was the most played artist on the radio for 2011. With her

glowing white skin, dark wavy hair and bright blue eyes, it's no wonder that the world has fallen under this musical Snow White's spell. Katy Perry hasn't always been riding high on the waves of success. In fact, she was dropped multiple times by record labels before finally finding the perfect match. Unlike some pop acts, Perry is not content to be a cog in someone else's machine. Katy is actively involved in the artistic process of her music and shows, from songwriting to conceptualizing her worldwide tours. EXCERPT FROM THE BOOK By the time Katy was fifteen years old, she had caught the attention of people in Nashville, Tennessee. Interested labels flew her out to Nashville to develop her songwriting skills. Perry eventually signed with a Christian music label, Red Hill. At the age of seventeen, in 2001, Perry released her first album, a collection of gospel songs titled Katy Hudson. The album was ultimately unsuccessful, and Katy was dropped from the Red Hill label. Looking back at that time in her life, Perry says that she says she is a different person now than she was then. As Katy has seen more of the world, her ideas are not as church-driven as they were in the past. In her interview with the Scotsman she says, When I started out in my gospel music my perspective then was a bit enclosed and very strict, and everything I had in my life at that time was very church-related. I didn't know there was another world that existed beyond that. Following her lackluster results in Nashville, Perry moved to Los Angeles. Katy's next venture in the music industry was at Island Records. When she arrived at the record label she found her Christian background put her at a serious disadvantage. The executives at Island Records wanted to know who she wished to collaborate with, and were rather surprised when she did not know any secular artists. After working with famed songwriter-producer Glen Ballard, though, Katy quickly was schooled in the wide world of secular music. Perry cited Alanis Morissette as a particularly influential artist for her own music. Though she was supposed to release a record in 2005 with Island Records, the project was not completed and she was dropped from

the label. Later some of the songs that Katie and Glen Ballard wrote together were picked up by singer Kelly Clarkson for her album All I Ever Wanted... Buy a copy to keep reading!

Katy Perry: A Life of Fireworks Chloe Govan, 2011-11-04

affair and the struggle Katy faced between her sexuality and her religious background. Exclusive stories revealing the making of her albums. Tales of the love affair and marriage to notorious television presenter Russell Brand. Exclusive interviews with Katy's religious mentors, friends, co-songwriters, producers video directors, journalists, fellow journalists and teachers. ABOUT THE AUTHOR Chloe Govan has written about travel, lifestyle and music for a variety of publications around the world including Travel Weekly, the Times and Real Travel, where she has a monthly column. All the Ugliest Songs by Katy Perry Torpal

Cueo, 2019-06-29 This book is apparently for real. In the introduction it is mentioned that we will talk about all the ugliest songs, but... surprise! In the book there are only several lovely blank pages with the inscription: Error 404: No song found. It was impossible to find any ugly songs. All the songs by Katy Perry are amazing. With the exception of the last page... Such a fair amount of irony, to use this book as a gift or instead as a simple greeting card. Since the pages are almost completely empty, the booklet is also a nice notebook to write down notes.
