Pre-K Stories Dana Frantz Bentley, Mariana Souto-Manning, 2019-09-06 Pre-K Stories offers a lively exploration of how one classroom community played with and collaboratively engaged in authorship. Stories of the South K. Stephen Prince, 2014 In the immediate aftermath of the Civil War, the North assumed significant power to redefine the South, imagining a region rebuilt and modeled on northern society. The white South actively resisted these efforts, battling the legal strictures of Reconstruction on the ground. Meanwhile, white southern storytellers worked to recast the South's image, romanticizing the Lost Cause and heralding the birth of a New South. Prince argues that this cultural production was as important as political competition and economic striving in turning the South and the nation away from the egalitarian promises of Reconstruction and toward Jim Crow.

War Stories Gordon Korman, 2020-07-21 From the #1 New York Times bestselling author of *Restart*, a story of telling truth from lies -- and finding out what being a hero really means. There are two things Trevor loves more than anything else: playing war-based video games and his great-grandfather Jacob, who is a true-blue, bona fide war hero. At the height of the war, Jacob helped liberate a small French village, and was given a hero's welcome upon his return to America. Now it's decades later, and Jacob wants to retrace the steps he took during the war -- from training to invasion to the village he is said to have saved. Trevor thinks this is the coolest idea ever. But as they get to the village, Trevor discovers there's more to the story than what he's heard his whole life, causing him to wonder about his great-grandfather's heroism, the truth about the battle he fought, and importance of genuine valor.
