Artistic Cartography and Design Explorations Towards the Pluriverse Satu Miettinen,Enni Mikkonen,Maria Cecilia Loschiavo dos Santos,Melanie Sarantou,2022-12-19 This edited volume uses an interdisciplinary approach to art and design that not only reframes but also repositions agendas and actions to address fragmented global systems. Contributors explore the pluriverse of art and design through epistemological and methodological considerations. What kinds of sustainable ways are there for knowledge transfer, supporting plural agendas, finding novel ways for unsettling conversations, unlearning and learning and challenging power structures with marginalised groups and contexts through art and design? The main themes of the book are art and design methods, epistemologies and practices that provide critical, interdisciplinary, pluriversal and decolonial considerations. The book challenges the domination of the white logic of art and design and shifts away from the Anglo-European one-world system towards the pluriverse. The book will be of interest to scholars working in art history, visual studies, arts-based research, and design studies. The Open Access version of this book, available at www.taylorfrancis.com, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

The German-Jewish Cookbook Gabrielle Rossmer Gropman,Sonya Gropman,2017-09-05 This cookbook features recipes for German-Jewish cuisine as it existed in Germany prior to World War II, and as refugees later adapted it in the United States and elsewhere. Because these dishes differ from more familiar Jewish food, they will be a discovery for many people. With a focus on fresh, seasonal ingredients, this indispensable collection of recipes includes numerous soups, both chilled and hot; vegetable dishes; meats, poultry, and fish; fruit desserts; cakes; and the German version of challah, Berches. These elegant and mostly easy-to-make recipes range from light summery fare to hearty winter foods. The Gropmans-a mother-daughter author pair-have honored the original recipes Gabrielle learned after arriving as a baby in Washington Heights from Germany in 1939, while updating their format to reflect contemporary standards of recipe writing. Six recipe chapters offer easy-to-follow instructions for weekday meals, Shabbos and holiday meals, sausage and cold cuts, vegetables, coffee and cake, and core recipes basic to the preparation of German-Jewish cuisine. Some of these recipes come from friends and family of the authors; others have been culled from interviews conducted by the authors, prewar German-Jewish cookbooks, nineteenth-century American cookbooks, community cookbooks, memoirs, or historical and archival material. The introduction explains the basics of Jewish diet (kosher law). The historical chapter that follows sets the stage by describing Jewish social customs in Germany and then offering a look at life in the vibrant _migr_ community of Washington Heights in New York City in the 1940s and 1950s. Vividly illustrated with more than fifty drawings by Megan Piontkowski and photographs by Sonya Gropman that show the cooking process as well as the delicious finished dishes, this cookbook will appeal to readers curious about ethnic cooking and how it has evolved, and to anyone interested in exploring delicious new recipes.

The Having Suh Yoon Lee,Jooyun Hong,2019-02-05 In this groundbreaking book, a #1 bestseller in South Korea, a financial guru shares the secret to building your fortune using your emotion and opens the door to a new world full of hope and prosperity. When Wharton MBA Jooyun Hong went searching for the key to increasing wealth in a time of growing inequality, she did not expect to find herself studying under a famed and fascinating guru, known for advising the 1% of South Korea. She now shares what she learned from the guru in this life-changing narrative, and it starts with a simple emotion she calls Having. There, they started a conversation about how everyday people can achieve their financial goals more easily and quickly by living in synch with their true emotions. In destinations ranging from Paris to Kyoto, this philosophical journey lays out a framework for achieving an empowered relationship with money. The guru has found that almost everyone has the capacity to earn 3 to 7 million dollars—and some have a capacity for much more. As Jooyun applies the guru's practical but revolutionary insights to her everyday life—including journaling about the emotions that accompany spending money—she experiences a transformation of her mood, fulfillment, and ultimately, her net worth. By changing your emotions about money, you can make every purchase a step toward becoming your true self. Having is the power that attracts wealth, and this incredible series of lessons will guide you to claim that power in your own life. Learn to feel what you already have, and you'll be able to have so much more.

The Plotters's first convenient comparison may be to the ever-expanding John Wick movies --Los Angeles Review of Books Behind every assassination, there is an anonymous mastermind--a plotter--working in the shadows. Plotters quietly dictate the moves of the city's most dangerous criminals, but their existence is little more than legend. Just who are the plotters? And more important, what do they want? Reseng is an assassin. Raised by a cantankerous killer named Old Raccoon in the crime headquarters The Library, Reseng never questioned anything: where to go, who to kill, or why his home was filled with books that no one ever read. But one day, Reseng steps out of line on a job, toppling a set of carefully calibrated plans. And when he uncovers an extraordinary scheme set into motion by an eccentric trio of young women--a convenience store clerk, her wheelchair-bound sister, and a cross-eyed librarian--Reseng will have to decide if he will remain a pawn or finally take control of the plot. Crackling with action and filled with unforgettable characters, The Plotters is a deeply entertaining thriller that soars with the soul, wit, and lyricism of real literary craft.

Politics as Text and Talk Paul Chilton,Christina Schäffner,2002-10-31 Human beings are political animals. They are also articulate mammals. How are these two aspects linked? This is a question that is only beginning to be explored. The present collection makes a contribution to the investigations into the use of language in those situations which, informally and intuitively, we call 'political'. Such an approach is revealing not only for politics itself but also for the human language capacity. Each chapter outlines a particular method or analytic approach and illustrates its application to a contemporary political issue, institution or mode of political behaviour. As a whole, the collection aims to give a sample of current research in the field. It will interest those who are beginning to carry the research paradigm forward, as well as provide an introduction for newcomers, whether they come from neighbouring or remote disciplines or from none.
