1900-1965 American Premium Record Guide L. R. Docks, 1992

FCC Record United States. Federal Communications Commission, 2013

Designed for Hi-Fi Living Janet Borgerson, Jonathan Schroeder, 2018-10-23 How record albums and their covers delivered mood music, lifestyle advice, global sounds, and travel tips to midcentury Americans who longed to be modern. The sleek hi-fi console in a well-appointed midcentury American living room might have had a stack of albums by musicians like Frank Sinatra, Elvis Presley, or Patti Page. It was just as likely to have had a selection of LPs from slightly different genres, with such titles as *Cocktail Time*, *Music for a Chinese Dinner at Home*, *The Perfect Background Music for Your Home Movies*, *Honeymoon in Hawaii*, *Strings for a Space Age*, or *Cairo! The Music of Modern Egypt*. The brilliantly hued, full-color cover art might show an ideal listener, an ideal living room, an ideal tourist in an exotic landscape—or even an ideal space traveler. In *Designed for Hi-Fi Living*, Janet Borgerson and Jonathan Schroeder listen to and look at these vinyl LPs, scouring the cover art and the liner notes, and find that these albums offered a guide for aspirational Americans who yearned to be modern in postwar consumer culture. Borgerson and Schroeder examine the representations of modern life in a selection of midcentury record albums, discussing nearly 150 vintage album covers, reproduced in color—some featuring modern art or the work of famous designers and photographers. Offering a fascinating glimpse into the postwar imagination, the first part, “Home,” explores how the American home entered the frontlines of cold war debates and

became an entertainment zone—a place to play music, mix drinks, and impress guests with displays of good taste. The second part, “Away,” considers albums featuring music, pictures, and tourist information that prepared Americans for the jet age as well as the space race.

American Premium Record Guide, 1900–1965 L. R. Docks, 1997 ... The only source dedicated to music from 1900 to 1965. Plus its extensive coverage of 78s puts you in line for vintage-vinyl collecting success. Inside you'll find: 30,000 individual recordings; 9,000 price changes; 7,500 recording artists with 900 first-time listings!; 1,600 label photos including 200 additions ... ; 78s, 45s, EPs and LPs; four major categories (jazz, big band; country Western; blues; R & B, rock 'n' roll); all-inclusive artist index ...--Back cover.

Dust & Grooves Eilon Paz, 2015-09-15 A photographic look into the world of vinyl record collectors—including Questlove—in the most intimate of environments—their record rooms. Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

1915–1965 American Premium Record Guide L. R. Docks, 1986 78's, 45's and LP's.

Record Supplement Gramophone Shop, inc., New York, 1953

The Vinyl Countdown Travis Elborough, 2009-03-31 VINYL MAY BE FINAL NAIL IN CD'S COFFIN ran the headline in a Wired magazine article in October 2007. Ever since the arrival of the long-playing record in 1948, the album has acted as the soundtrack to our lives. Record collections—even on a CD or iPod—are personal treasures, revealing our loves, errors in judgment, and lapses in taste. In *The Vinyl Countdown*, Travis Elborough explores the way in which particular albums are deeply embedded in cultural history or so ubiquitous as to be almost invisible. While music itself has experienced several different movements over the past sixty years, the album has remained a constant. But the way we listen to music has changed in the last ten years. In the age of the iPod, when we can download an infinite number of single tracks instantaneously, does the concept of the album mean anything? Elborough moves chronologically through relevant periods, letting the story of the LP, certain genres, youth cults, and topics like sleeve designs, shops, drugs, and education unfurl as he goes along. *The Vinyl Countdown* is a brilliant piece of popular history, an idiosyncratic tribute to a much-loved part of our shared consciousness, and a celebration of the joy of records.
