Natural Hazards and the Mitigation of their Impact Gábor Mezősi,2022-08-18

This book deals with natural hazards of geophysical, meteorological, hydrological, and biological types that are causing increasing social and economic damage. The development of these hazards and their impact on the living and non-living environment are described in the individual chapters. The compilation synthesises a natural and social geography approach, explores mitigation options and focuses attention on the processes that are most prevalent in Europe and Western Asia, in addition to global phenomena. The author argues that, with the right knowledge and preparedness, the wide-ranging impacts of natural hazards intertwined with climate change can be reduced. This work provides a wealth of digitally accessible professional information to help readers identify and manage natural hazards. The book is useful for students, educators, professionals, practitioners, and those interested in decision making.

The Sheer Curtain Maria Elena Garza,2016-06-17 This short novel is dedicated to my wonderful family: my children, Cathy, Fernando, Phillip; my grandchildren Jozette, Alaena, Phoenix; and my husband, Max. The novel is especially written for an audience of young readers or adults who choose to have a child's imagination. It was such fun for me to develop the characters and scenes of this mystery. It all starts with a woman's silhouette that appears on the third-floor window of this old Victorian mansion. No one in the town of Sneila has ever seen her except when she stands behind the sheer curtain. The children of the town look forward to Halloween every year. The children together walk down the dirt road to the mansion that sits at the edge of town behind enormously tall trees and a black iron fence. Every Halloween, the children know that, in front of the mansion outside the gate, there will be a mysterious white cauldron filled with magic candies for each child. The candies are in baggies with each child's name written on the front of the baggie. How does she know every child's name? Where does this candy come from? The children agree that the candy is very different, like it's out of this world. These are only two of the mysteries that exist in the town of Sneila. Much mystery lives in the town of Sneila. The number of people in this town never changes. When one person dies, another is born. People who

die are not buried. The number 8 appears throughout the town. Sometimes you have to add two digits to find the 8. The infinity symbol appears throughout the novel. Magic turtles surface and communicate with the two main characters, Samantha and Victoria. Flickering lights, hidden doors, basement, baskets, spaceships, magic turtles, mysterious bubbles, candles, and fairies create a magical kingdom. Wrinkles and gray hair are witnesses to times past. The surprise ending is sure to give you goose bumps! Other books from the author include the following: Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real (poetry book) Friends and Angels (poetry book) The Secret Meeting of the Sworceracs

The Poetics of Slumberland Scott Bukatman, 2012-03-26 In *The Poetics of Slumberland*, Scott Bukatman celebrates play, plasmatic possibility, and the life of images in cartoons, comics, and cinema. Bukatman begins with Winsor McCay's *Little Nemo in Slumberland* to explore how and why the emerging media of comics and cartoons brilliantly captured a playful, rebellious energy. *Slumberland* is more than a marvelous world for Nemo and its other citizens; it is an aesthetic space defined by the artist's innovations. The book broadens to consider similar 'animated' behaviors in seemingly disparate media--films about Jackson Pollock, Pablo Picasso, and Vincent van Gogh; the musical *My Fair Lady* and the story of *Frankenstein*; the slapstick comedies of Jerry Lewis; and contemporary comic superheroes--drawing them all together as purveyors of embodied utopias of disorder.--Page 4 of cover.

It's the perfect environment in which to bake delicious, unforgettable cookies. After years of struggle, Mrs. Sugar's Cookies succeeds beyond Ruby's wildest dreams. But closest to her heart is the memory of the man she longs for in her soul . . . "Pleasant prose fortified by good plotting . . . Readers should enjoy this bustling tale." –Publishers Weekly Praise for the writing of Fern Michaels "Tirelessly inventive and entertaining." –Booklist on *Up Close and Personal* "Fast-moving . . . Foundations, Chaos, Awakening The Sun Card: Enlightenment, Joy, Success, Vitality Rachel Ferrer fled the church when she was eighteen, burying her trauma to chase her dreams, only to have them thwarted when her husband died shortly after their son was born. Now she and her tarot-reading roommate do their best to get by. Nicolas Rivera should be happy. He answered his call to the ministry and has held a position in the church he grew up in for more than a decade. He's married and he loves his kids, but something in him has shifted and the life he thought he wanted doesn't feel like it fits anymore. When his childhood best friend's widow reappears in his life, Nicolas tells himself that his desire to be near Rachel is altruistic. Until it isn't. Rachel and Nicolas have been on the periphery of each other's lives for years, but when their worlds collide, attraction sparks, lightning crashes and the walls they have been hiding behind begin to crumble. Lightning Crashes is an exvangelical romance that examines what happens when we build our lives on faulty foundations and what can happen when we leave that behind and step into the sun. Follow Rachel and Nicolas down the path of temptation, through their yearning slow-burn, and into their happily ever after.
