Brand-Driven City Building and the Virtualizing of Space Alexander Gutzmer,2014-04-24 This book is an investigation of the cultural phenomenon of branding and its transformational effects on the contemporary spatial – and urban – reality. It develops a novel understanding of the rationale behind the construction of large-scale architectural complexes that relate to corporate brands, and of its tremendous cultural effects. The author suggests that what we see today is the creation of global mass ornaments, of a thorough ornamentalization of the entire globe. The origins of this are discussed with regard to examples of corporate brand-building from Europe and China (Autostadt Wolfsburg, BMW Welt Munich and Anting New Town). Additional cases are several simulated spaces in Berlin and the space-branding activities of companies like Apple or Prada. Theoretically, the author develops an innovative poststructuralist framework, combining ideas from Gilles Deleuze with the space philosophy of Peter Sloterdijk. He analyzes how the corporate redefinition of space makes the city enter into a mode of virtual urbanity. This idea leads to a notion of a global urban and, ultimately, the global mass ornament. This concept of a global mass ornament is developed here with reference to Sloterdijk's concept of a world of spheres. The latter is used to understand the new mode of spatiality of mediatized spaces. The book makes the point that our world is involved in a process of mass ornamentalization that has only just begun. The concept of the global mass ornament is the first to come to grips with a culture in which branding is effectively changing the physiognomy of the earth. The global mass ornament is a banner for a cultural transformation that employs architecture, sign theory and mechanisms borrowed from traditional advertising and from social media, as well as social processes – and that we have yet to properly understand. This book is a significant step forward in this respect.

I've become too comfortable, allowing life to wash over me. But it's time to decide if I need to take my precocious little girl and move on. **Pop Song** Larissa Pham, 2022-05-17 A warm and expansive portrait of a woman's mind that feels at once singular and universal, this collection of essays interweaves commentary on modern life, feminism, art, and sex with the author's own experiences of obsession, heartbreak, and vulnerability (BuzzFeed). Like a song that feels written just for you, Larissa Pham's debut work of nonfiction captures the imagination and refuses to let go. Pop Song is a book about love and about falling in love—with a place, or a painting, or a person—and the joy and terror inherent in the experience of that love. Plumbing the well of culture for clues and patterns about love and loss—from Agnes Martin's abstract paintings to James Turrell's transcendent light works, and Anne Carson's Eros the Bittersweet to Frank Ocean's Blonde—Pham writes of her youthful attempts to find meaning in travel, sex, drugs, and art, before sensing that she might need to turn her gaze upon herself. Pop Song is also a book about distances, near and far. As she travels from Taos, New Mexico, to Shanghai, China and beyond, Pham meditates on the miles we are willing to cover to get away from ourselves, or those who hurt us, and the impossible gaps that can exist between two people sharing a bed. Pop Song is a book about all the routes by which we might escape our own needs before finally finding a way home. There is heartache in these pages, but Pham's electric ways of seeing create a perfectly fractured portrait of modern intimacy that is triumphant in both its vulnerability and restlessness.

Sh\*tuff My Dad Wrote Frank Napoleon, Jr., 2011-11-17 I always assumed that in addition to picking through my meager box of old watches, rings, and other possessions, my family would scour my hard drive looking for items I had written during my life. Realizing it was a remote possibility they would undertake let alone find such treasures in the labyrinth of file folders I've created over the years, I decided to compile a collection of my written works into this single volume. It is my hope they will glean some wisdom from the collection if only to draw comfort in the realization that their Dad was once a twenty-something contemplating marriage, and a thirty something father, or even fifty-something and aging against his will.
