The Road Movie Book Steven Cohan, Ina Rae Hark, 2002-01-04 The Road Movie Book is the first comprehensive study of an enduring but ever-changing Hollywood genre, its place in American culture, and its legacy to world cinema. The road and the cinema both flourished in the twentieth century, as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American. When Jean Baudrillard equated modern

American culture with 'space, speed, cinema, technology' he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood, sexuality, gender, class and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the big screen from the 1930s through the 1980s, and, finally, consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include: * Road classics such as *It Happened One Night*, *The Grapes of Wrath*, *The Wizard of Oz* and the Bob Hope-Bing Crosby *Road to films* * 1960's reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde* * Russ Meyer's road movies: from *Motorpsycho!* to *Faster Pussycat! Kill! Kill!* * Contemporary hits such as *Paris Texas*, *Rain Man*, *Natural Born Killers* and *Thelma and Louise* * The road movie, Australian style, from *Mad Max* to the *Adventures of Priscilla, Queen of the Desert*.

The Slasher Movie Book Justin A. Kerswell, 2012 Packed with reviews of the best (and worst) slasher movies and illustrated with a collection of distinctive and often graphic poster artwork from around the world, this book looks at the political, cultural, and social influences on the slasher movie and its effect.

The Movie Business Book Jason E Squire, 2016-08-05 Tapping experts in an industry experiencing major disruptions, *The Movie Business Book* is the authoritative, comprehensive sourcebook, covering online micro-budget movies to theatrical tentpoles. This book pulls back the veil of secrecy on producing, marketing, and distributing films, including business models, dealmaking, release windows, revenue streams, studio accounting, DIY online self-distribution and more. First-hand insider accounts serve as primary references involving negotiations, management decisions, workflow, intuition and instinct. *The Movie Business Book* is an essential guide for those launching or advancing careers in the global media marketplace.

Silent Movie Avi,2003-03 Black-and-white images follow one after another. The story of an immigrant family alone in a big city. Close-ups of a mother, a son -- faces filled with heartache and joy. Plenty of action. Excitement. Melodrama. A Silent Movie.

Horror Movie a Day Brian Collins,2016-03-31 For over six years, Brian Collins watched and reviewed a different horror movie every single day. Most of them stunk. With over 2500 reviews on the Horror Movie A Day website, finding the worthwhile ones can be a chore, so Collins has curated a selection of choice films - 365 of them in fact, one for every day of the year. Each month has a different theme and offers a variety of films within that theme for your viewing enjoyment. And they're not the ones you've seen already - most of the book's selections are obscure, indie, or foreign titles that a casual horror fan hasn't seen yet. Every movie is someone's favorite movie - perhaps this book will introduce you to yours.

It's Only a Movie Charlotte Chandler,2008-12-09 IT'S ONLY A MOVIE is as close to an autobiography by Alfred Hitchcock that you could ever have. Drawn from years of interviews with her subject, his friends and the actors who worked with him on such classics as THE BIRDS, PSYCHO and REAR VIEW WINDOW, Charlotte Chandler has created a rich, complex, affectionate and honest picture of the man and his milieu. This is Hitchcock in his own voice and through the eyes of those who knew him better than anyone could.

I Hated, Hated, Hated This Movie Roger Ebert,2000-04 I Hated, Hated, Hated This Movie is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize. Ebert has no patience for these atrocious movies and minces no words in skewering the offenders.Witness:Armageddon * (1998) - The movie is an assault on the eyes, the ears, the brain, common sense, and the human desire to be entertained. No matter what they're charging to get in, it's worth more to get out.The Beverly Hillbillies* (1993) - Imagine the dumbest half-hour sitcom you've

ever seen, spin it out to ninety-three minutes by making it even more thin and shallow, and you have this movie. It's appalling. North no stars (1994) - I hated this movie. Hated hated hated hated hated this movie. Hated it. Hated every simpering stupid vacant audience-insulting moment of it. Hated the sensibility that thought anyone would like it. Hated the implied insult to the audience by its belief that anyone would be entertained by it. Police Academy no stars (1984) - It's so bad, maybe you should pool your money and draw straws and send one of the guys off to rent it so that in the future, whenever you think you're sitting through a bad comedy, he could shake his head, chuckle tolerantly, and explain that you don't know what bad is. Dear God * (1996) - Dear God is the kind of movie where you walk out repeating the title, but not with a smile. The movies reviewed within I Hated, Hated, Hated This Movie are motion pictures you'll want to distance yourself from, but Roger Ebert's creative and comical musings on those films make for a book no movie fan should miss.

Hedy's Folly Richard Rhodes, 2012-08-07 Pulitzer Prize-winning author Richard Rhodes delivers a remarkable story of science history: how a ravishing film star and an avant-garde composer invented spread-spectrum radio, the technology that made wireless phones, GPS systems, and many other devices possible. Beginning at a Hollywood dinner table, *Hedy's Folly* tells a wild story of innovation that culminates in U.S. patent number 2,292,387 for a secret communication system. Along the way Rhodes weaves together Hollywood's golden era, the history of Vienna, 1920s Paris, weapons design, music, a tutorial on patent law and a brief treatise on transmission technology. Narrated with the rigor and charisma we've come to expect of Rhodes, it is a remarkable narrative adventure about spread-spectrum radio's genesis and unlikely amateur inventors collaborating to change the world.

Movie Theaters ,2022-01-25 Following on the heels of their incredibly successful *The Ruins of Detroit*, this major new project by the prolific French photographer duo Marchand/Meffre, poignantly eulogizes and celebrates the tattered remains of hundreds of movie theaters across America. They are in every American city and town—grandiose movie palaces, constructed during the heyday of the entertainment industry, that now stand abandoned, empty, decaying, or repurposed. Since 2005, the acclaimed photographic duo Marchand/Meffre have been traveling across the US to visit these early 20th-century relics. In hundreds of lushly colored images, they have captured the rich architectural diversity of the theaters' exteriors, from neo renaissance to neo-Gothic, art nouveau to Bauhaus, and neo-Byzantine to Jugendstil. They have also stepped inside to capture the commonalities of a dying culture— crumbling plaster, rows of broken crushed-velvet seats, peeling paint, defunct equipment, and abandoned concession stands—as well as their transformation into bingo halls, warehouses, fitness centers, flea markets, parking lots, and grocery stores. Using a large format camera, the photographers' carefully composed images range from landscape exteriors to starkly beautiful closeups. Presented here in a gorgeous oversized format, exquisitely printed with superior inks and spot varnish, this illustrated eulogy for the American movie palace is certain to become a modern-day classic.

Plutopia Kate Brown, 2013-03-15 While many transnational histories of the nuclear arms race have been written, Kate Brown provides the first definitive account of the great plutonium disasters of the United States and the Soviet Union. In *Plutopia*, Brown draws on official records and dozens of interviews to tell the extraordinary stories of Richland, Washington and Ozersk, Russia--the first two cities in the world to produce plutonium. To contain secrets, American and Soviet leaders created plutopias--communities of nuclear families living in highly-subsidized, limited-access atomic cities. Fully employed and medically monitored, the residents of Richland and Ozersk enjoyed all the pleasures of consumer society, while nearby, migrants, prisoners, and soldiers were banned from plutopia--they lived in temporary staging grounds and often performed the most dangerous work at the plant. Brown shows that the plants' segregation of permanent and temporary workers and of nuclear and non-nuclear zones created a bubble of immunity, where dumps and accidents were glossed over and plant managers freely embezzled and polluted. In four decades, the Hanford plant near Richland and the Maiak plant near Ozersk each issued at least 200 million curies of radioactive isotopes into the surrounding environment--equating four Chernobyls--laying waste to hundreds of square miles and contaminating rivers, fields, forests, and food supplies. Because of the decades of secrecy, downwind and downriver neighbors of the plutonium plants had difficulty proving what they suspected, that the rash of illnesses, cancers, and birth defects in their communities were caused by the plants' radioactive emissions. *Plutopia* was successful because in its zoned-off isolation it appeared to deliver the promises of the American dream and Soviet communism; in reality, it concealed disasters that remain highly unstable and threatening today. An untold and profoundly important piece of Cold War history, *Plutopia* invites readers to consider the nuclear footprint left by the arms race and the

enormous price of paying for it.

Off the Road Jack Hitt, 2005-03 *Off the Road* is a delightfully irreverent tour of the 500-mile pilgrimage route from France to Santiago de Compostela, Spain--sights people believe God once touched. Harper's contributing editor Jack Hitt writes of the many colorful pilgrims he met along the way, in this offbeat journey through landscape and belief.

Low Budget Movie Kendra DeColo, Tyler Mills, 2021-06-15 *Low Budget Movie* weaves together the voices of two contemporary poets into a singular persona who sings about vintage guitars, movie props, Dunkin' Donuts, misogyny, the male gaze, low budget movies, and the unexpected glitter caught in the cracks of it all.

The Negro Motorist Green Book Victor H. Green, The idea of *The Green Book* is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Make My Day J. Hoberman, 2019-07-02 Named a Best Book of the Year by Financial Times Singular, stylish and slightly intoxicating in its scope. —Rolling Stone Acclaimed media critic J. Hoberman's masterful and majestic exploration of the Reagan years as seen through the unforgettable movies of the era The third book in a brilliant and ambitious trilogy, celebrated cultural and film critic J. Hoberman's *Make My Day* is a major new work of

film and pop culture history. In it he chronicles the Reagan years, from the waning days of the Watergate scandal when disaster films like *Earthquake* ruled the box office to the nostalgia of feel-good movies like *Rocky* and *Star Wars*, and the delirium of the 1984 presidential campaign and beyond. Bookended by the Bicentennial celebrations and the Iran-Contra affair, the period of Reagan's ascendance brought such movie events as *Jaws*, *Apocalypse Now*, *Blade Runner*, *Ghostbusters*, *Blue Velvet*, and *Back to the Future*, as well as the birth of MTV, the Strategic Defense Initiative, and the Second Cold War. An exploration of the synergy between American politics and popular culture, *Make My Day* is the concluding volume of Hoberman's *Found Illusions* trilogy; the first volume, *The Dream Life*, was described by Slate's David Edelstein as one of the most vital cultural histories I've ever read; *Film Comment* called the second, *An Army of Phantoms*, utterly compulsive reading. Reagan, a supporting player in Hoberman's previous volumes, here takes center stage as the peer of Indiana Jones and John Rambo, the embodiment of a Hollywood that, even then, no longer existed.
