Purchase of the print or Kindle book includes a free PDF eBook.

Key Features: Learn how to plan your content and prepare your PowerPoint masters. Create beautiful content using PowerPoint features and add-ins. Deliver impressive presentations by leveraging PowerPoint's advanced delivery tools.

Book Description: Giving great business presentations that stand out can mean the difference between getting and losing out on an important promotion, a critical client deal, or a grant. To start creating PowerPoint presentations that showcase your ideas in the best light possible, you'll need more than attractive templates; you'll need to leverage PowerPoint's full range of tools and features. This is where this PowerPoint book comes in, leading you through the steps that will help you plan, create, and deliver more impactful and professional-looking presentations. The book is designed in a way to take you through planning your content efficiently and confidently preparing PowerPoint masters. After you've gotten to grips with the basics, you'll find out how to create visually appealing content using the application's lesser known, more advanced features, including useful third-party add-ins. The concluding chapters will equip you with PowerPoint's

advanced delivery tools, which will enable you to deliver memorable presentations. By the end of this book, you'll be able to confidently choose processes to create and deliver impactful presentations more efficiently. What you will learn

- Plan your PowerPoint presentation content and know your audience
- Prepare PowerPoint masters to speed up the development process and maintain consistency
- Add and modify visual and multimedia elements
- Use transitions and animations efficiently
- Build flexibility and interactivity into your presentations
- Practice your delivery with Presenter Coach
- Leverage Presenter View during delivery to increase your confidence
- Use PowerPoint Live in Teams for easy-to-manage remote presentations

Who this book is for If you are a business professional looking for best practices for presentations and are interested in the features PowerPoint has to offer to help you create and deliver impactful presentations, this book is for you. No formal presentation design knowledge is needed, but you do need to know PowerPoint's basic tools and functions such as starting and saving files, adding, copying, pasting, or moving slides. A sound understanding of cloud storage and the use of Office 365 is also needed.

A Trainer's Guide to PowerPoint Mike Parkinson, 2018-10-02 Learn the Secrets Needed to Master PowerPoint for Training As a successful facilitator, you know the importance of the resources in your professional toolkit. How you engage your audience and improve learning can be affected by how well you use them. But mastery of PowerPoint evades many. Feedback on presentations can range from "What was the point?" to "That changed my life." Most, though, fall closer to the former. If you are looking for a guide to the PowerPoint practices that will push your presentations into the latter category, look no further. A Trainer's Guide to PowerPoint: Best Practices for Master Presenters is Mike Parkinson's master class on the art of PowerPoint. While Parkinson wants you to understand how amazing a tool PowerPoint is, he's the first to tell you that there is no magic button to make awesome slides. There are, however, proven processes and tools that deliver successful PowerPoint content each and every time you use them. In this book he shares them, detailing his award-winning PowerPoint process and guiding you through three phases of presentation development—discover, design, and deliver. What's

more, Parkinson is a Microsoft PowerPoint MVP—most valuable professional—an honorific bestowed by Microsoft on those with “very deep knowledge of Microsoft products and services.” He shares not only his tips and best practices for presentation success, but also those from several of his fellow MVPs. Parkinson invites you to master PowerPoint as a tool—just like a paintbrush and paint—and to realize that the tool doesn't make the art, you do.

All about New CLAiT using Microsoft PowerPoint XP. Andrea Jones, 2005
Microsoft PowerPoint Introduction and Certification Study Guide Daniel John Stine, Serving as both a training guide for Microsoft PowerPoint and a study guide for the PowerPoint certification exam, Microsoft PowerPoint Introduction and Certification Study Guide is an indispensable resource for

PowerPoint users at every level of expertise. Starting with the essentials and building to more complicated steps, each chapter breaks one of five essential PowerPoint skill sets into manageable pieces. These are the exact skills measured by the exam, but the logical skill progression benefits all PowerPoint users and prepares you to create effective and compelling presentations. Concise steps and descriptions make the information easy to follow and remember. Clearly labeled screenshots and images clarify important PowerPoint features without being overwhelming. Those taking the exam will find practical tips on how to locate a testing center, register for the exam, and get the best score possible, along with study materials including practice exam software and video tutorials for every outcome in the book. Whether you are looking to develop your PowerPoint skills or to positively impact your school or work life through certification, Microsoft PowerPoint Introduction and Certification Study Guide can help you do both. Why certification is important Microsoft PowerPoint Certification is an easily verifiable way to showcase your willingness to learn new skills and software, and it provides a myriad of other benefits as well. Not only can certification enhance your PowerPoint skills, it can help get you hired, boost academic performance, prepare for the demands of the job, open doors to career opportunities, and be more productive and confident working on projects at school, home, or work. Microsoft PowerPoint (Microsoft 365 Apps and Office 2019) certification is the first step to prove your skill level

and open doors to career opportunities. Outline of the book Build a strong foundation in PowerPoint and prepare for the exam with this all-in-one manual. In the first chapter, get comfortable with PowerPoint's user interface and important terminology. A brief review of efficient practices reminds users of valuable keyboard shortcuts and commands. Those interested in taking the exam will learn how to register for the exam and find an exam center, what to expect during the exam, and get information on scoring and how to retake the exam. The subsequent chapters teach you how to independently create presentations using the core skills measured by the Microsoft PowerPoint Certification Exam: manage presentations; manage slides; insert and format text, shapes, and images; insert tables, charts, smartArt, 3D models, and media; and apply transitions and animations. Practice tasks, a self-exam and review questions after each chapter help solidify the skills you learn. Video camera icons within the text denote exercises that have a corresponding video tutorial, 85 in all, for when you need extra help or learn best by observation. Free PowerPoint practice exam software included Unlike any other PowerPoint exam manual available, this book includes free PowerPoint practice exam software. The final chapter focuses on the practice exam, which closely mimics the format of the real exam. Custom-built and specially designed by SDC Publications, the practice exam can be taken multiple times so you are comfortable with the test software, how to mark and return to questions, question format, live in-application steps, and how the

results are presented. Study materials for all learning styles 50 flashcards
