Vigilant James Alan Gardner, 2014-04-01 To fight android assassins, a young woman channels her father's heroism—and faces a troubled past—in this “enjoyable, fast-moving, off-planet adventure” (SF Site). In the twenty-fifth century, under the leadership of the League of Peoples, war and crime are things of the past and life is held sacred. That is, as long as you are healthy and beautiful. But those who are deformed or flawed, or who appear to be misfits in any way, are destined—or is “doomed” a better word?—to become Explorers, crews assigned to probe worlds so hostile, the chances of returning are somewhere between slim and none. In Vigilant, the third volume of the League of Peoples series, a deadly plague has struck planet Demoth, wiping out millions of the winged Ooloms. Humans, however, were left completely untouched. But before the Oolom population was utterly devastated, Dr. Henry Smallwood found a cure. He lived as a hero for only a year before dying in a mining accident. Having grown up without a father, Dr. Smallwood's daughter Faye attempts to

escape her troubled past by joining the Vigil, a planetary organization that monitors the government. But on her first assignment, things go terribly awry and she and her team are targeted by android assassins. Uncovering a conspiracy that threatens the fate of Demoth, Faye turns to the only person she can trust—Festina Ramos.

Men's Health Workout War Jim Cotta, 2015-04-07 Competition motivates men. And scientific research proves that competition and rewards motivate people to stick to exercise and diets. Former Los Angeles Lakers strength coach Jim Cotta harnesses men's passion for one-upmanship with an innovative get-in-shape program in Men's Health Workout War. This book features a highly effective, 60-day exercise and diet program broken up into quarters and an overtime round. The unique hook is that it makes the fitness instruction much more effective by turning it into a friendly weight-loss war that uses locker-room-style trash talking and cash prizes to drive dramatic results. Basketball great Shaquille O'Neal, who penned the book's foreword, used a shirts off competition against Charles Barkley on national television to spur his own body transformation, and Cotta was his weight-loss coach. That gave Cotta the idea to build a blueprint for grassroots fitness competitions, complete with multiple contest formats and advice on using social media to build excitement.
