Exit Liliana Badd,2010-07-13 ... Since my illness, I have had some real challenges. I perceive the rigorous succession of circumstances. I trespassed across the borders of my former life; I crossed the seas, left cities behind me, followed the course of rivers or plunged into the desert, always making my way toward other cities; I affronted death... I allowed other men to touch my body; I met men and women and listened to their stories; I stirred controversy and passions; and all that led me – where? To understand that to live is to be marked, to see life in the present tense. To live is to change, to acquire the words of a story and this is the only celebration, we, mortals really know. The words of a story. Still doubting... “Deep into that darkness peering, long I stood there, wondering, fearing, doubting, dreaming dreams no mortal ever dared to dream before.” (Edgar Allan Poe) Ondine’s story is dedicated to all those men and women I will never meet in person, and whose lives collapsed on a beautiful day, condemned to an incurable illness. It is my hope that Ondine’s story will be like a ray of sunshine, a pleasant interlude, in their daily wrestle. And when they feel depressed, defeated and overwhelmed by their fate, I would like to remind them that, for as little as we know with certitude, for wealthy or poor, for healthy or sick, for old or younger, for all of us, sooner or later, at the end of our journey through the space called Life, there it is, majestic in its implacable serenity, silently awaiting... the EXIT. The book ends with a twist – an unexpected twist that will truly surprise the readers. The Author

Butterfly porcupine ,2010 Kai is an extrovert. He likes making friends and hangs out with the close-knit group of teenagers who live in Aintree Court, West London, most of whom have grown up together and attend Aintree High School. At the end of the school term Kais summer was all planned out: party, date the hottest girl around, play football, play basketball and pursue his hobby, taking pictures with his camera. He lands a job working for a professional photographer, and gets to spend the last weekend of summer at the Reading Music Festival. Life is good. That is, until a new arrival to Aintree moves into the house across from his.... Tasha is a shrinking violet. If she could pick a superpower, she wouldnt have to think about it. It would be invisibility. Tasha is not a people person. At the end of term she leaves her old school, her mother and her friends behind and moves to Aintree to live with her estranged father, his second wife and their son, Marc. Tasha’s summer was all planned out too: settle in her new home, bond with her father’s family and (hopefully) keep a low profile. It’s not long before she discovers that not everyone in Aintree is thrilled to have her around. Homesick and unable to fit in, life is not exactly great. That is, until she receives an unexpected, genuine offer of friendship... or is it?

The Care and Handling of Roses With Thorns Margaret Dilloway, 2012-08-02 Winner of the ALA Reading List Award Difficult and obstinate. Thriving under a set of specific and limited conditions. That pretty much describes me. Maybe that's why I like these roses so much. Roses are Galilee Garner's passion. An amateur breeder, she painstakingly cross-pollinates her plants to coax out new, better traits, striving to create a perfect strain of her favorite flower, the Hulthemia. Her dream is to win a major rose competition and one day have her version of the bloom sold in the commercial market. Gal carefully calibrates the rest of her time to manage the kidney failure she's had since childhood, going to dialysis every other night, and teaching high school biology, where she is known for her exacting standards. The routine leaves little room for relationships, and Gal prefers it that way. Her roses never disappoint her the way people have. Then one afternoon, Riley, the teenaged daughter of Gal's estranged sister, arrives unannounced to live with her, turning Gal's orderly existence upside down. Suddenly forced to adjust to each other's worlds, both will discover a resilience they never knew they had and a bond they never knew they needed.

Latitude Zero Diana Renn, 2014-07-03 When a bicycle racing champion dies suddenly, a teen sleuth travels to Ecuador to solve the mystery. "I have to run," said Juan Carlos. "You will call? Please? It is very important." "Yes. I will call. Definitely. At two." That's what Tessa promises. But by two o'clock, young Ecuadorian cycling superstar Juan Carlos is dead, and Tessa, one of the last people ever to speak to him, is left with nothing but questions. The media deems Juan Carlos's death a tragic accident at a charity bike ride, but Tessa, an aspiring investigative journalist herself, knows that something more is going on. While she grapples with her own grief and guilt, she is being stalked by spies with an insidious connection to the dead cycling champion. Tessa's pursuit of an explanation for Juan Carlos's untimely death leads her from the quiet New England backwoods to bustling bike shops and ultimately to Ecuador itself, Juan Carlos's homeland. As the ride grows bumpy, Tessa no longer knows who's a suspect and who is an ally. The only thing she knows for sure is that she must uncover the truth of why Juan Carlos has died and race to find the real villain—before the trail goes cold.

Golda Slept Here Suad Amiry, 2014-11-17 Politics enters the lives of every family in Palestine. In this literary-historical tour de force, Suad Amiry traces the lives of individual members of Palestinian families and, through them, the histories of both Palestine and the émigré Palestinian community in other countries of the Middle East. Amiry mixes nostalgia with anger while mocking Israeli doublespeak that seeks to wipe out any trace of a Palestinian past in West Jerusalem. She juxtaposes serial bombardments and personal tragedies; evokes the sights and smells of Palestinian architecture and food; and weaves for us the tapestry that is the Palestinian reality, caught between official histories and private memories. Through poetry and prose, monologue and dialogue, we glimpse the lost Palestinian landscape, obscured by the silent battle between remembering and forgetting.

Adventures of Alura the Sleuth Hyacintha Lord, Twelve-year-old Alura the sleuth is always on the case. With her sleuthing notebook in hand, Alura is constantly scribbling down notes about her many investigations. With her best friend, Kim, by her side, Alura plans to become a detective one day. In the meantime, they investigate and solve mysteries at school; like why has their favourite teacher, Miss Thompson, been absent for over three weeks? Meanwhile, another mystery is brewing: Alura's cousin, Jeremy, finds the skeleton of a young girl wearing a blue dress hidden in his family's barn. Who was this girl and what happened to her? There can only be a few suspects. This turns out to be Alura's biggest, and most challenging, case yet. She's up to the task, but will she ever solve this mystery?
