Nineteenth-Century Transatlantic Reprinting and the Embodied Book Jessica DeSpain,2016-05-06 Until the Chace Act in 1891, no international copyright law existed between Britain and the United States, which meant publishers were free to edit text, excerpt whole passages, add new illustrations, and substantially redesign a book's appearance. In spite of this ongoing process of transatlantic transformation of texts, the metaphor of the book as a physical embodiment of its author persisted. Jessica DeSpain's study of this period of textual instability examines how the physical book acted as a major form of cultural exchange between Britain and the United States that called attention to volatile texts and the identities they manifested. Focusing on four influential works"Charles Dickens's *American Notes for General Circulation*, Susan Warner's *The Wide, Wide World*, Fanny Kemble's *Journal of a Residence on a Georgian Plantation*, and Walt Whitman's *Democratic Vistas*"DeSpain shows that for authors, readers, and publishers struggling with the unpredictability of the textual body, the physical book and the physical body became interchangeable metaphors of flux. At the same time, discourses of destabilized bodies inflected issues essential to transatlantic culture, including class, gender, religion, and slavery, while the practice of reprinting challenged the concepts of individual identity, personal property, and national identity.

The Narrow Circle Nathan Hoks,2013-06-04 Selected as a winner of the National Poetry Series by Dean Young John Ashbery called *Reveilles*, Nathan Hoks's debut book, a "dazzling" collection and Hoks a poet whose "fine gradations of observation turn the reader into a barometer of strong subtleties like those of the weather, that can be minute even as they affect us powerfully." The poems in Hoks's new book, *The Narrow Circle*, perform a similar magic. In associative lyrics and fabulist prose, Hoks explores inner and outer experiences. The poems frequently focus on the body as a membrane where everything becomes inside-out—where the "face disperses with angels of teeth and loam," where "sky comes out of the mouth," where a giant green worm "burrows a hole in the head," and where the heart is a vestibule that cannot be closed. Suites of pictures within the text further delineate this inward-outward pull, offering visualizations of interior voices and sketches of exterior shadows.

Reenactments Hai-Dang Phan,2019-02-19 In *Reenactments*, poet Hai-Dang Phan explores the history, memory, and legacy of the Vietnam War from his vantage point as a second-generation Vietnamese American. Woven throughout the poems is a narrative of his family's exodus from Vietnam that beautifully elucidates the American record of immigration, dislocation, inheritance, and ultimately hope. The poems are persuasively varied in their approach. The past and present, the remembered and imagined, all intersect at shifting angles, providing bold new perspectives. And, in a fresh move, Phan widens the lens, interspersing translations of several other contemporary Vietnamese poems to the mix. This subtle and moving debut is an important addition to the literature of immigration.

With a dangerous love triangle and a mother out for revenge, *Darling Nikki* is a cunningly crafted thriller sure to keep readers guessing until the very end.--Publisher's description.

Embryoyo Dean Young,2007 People have often tried to pin down what it is that Dean Young does. He has been variously called a New Age surrealist, son of the New York School, a comically tragic poet who knows the pain at the heart of a joke, a lunatic, a stuffed bunny, and a fire engine of the Romantic imagination. But if these things are true, they come at us in a unique, compelling, warm, funny, poignant, and sometimes cracked voice. Each of his poems is an enactment, a representation of psychic life as it moves through modes of argument, autobiography, and conventional lyric impulses while making room for textual experimentation. For Young, what is most important is that the poem be felt and that through his work one can participate in the alarm and beauty, the fury and injury inherent in being alive.
