**Organizing for Mission and Growth** George R. Knight,2006 The twentieth century brought new problems: racial conflict that led to the establishment of regional conferences and the call for Black unions, and congregational rumblings that continue to the present. As the church contemplates a third cycle of restructuring, the author wonders whether it will be flexible enough to change again.

**Organizing Your Youth Ministry** Paul Borthwick,2004-03-01 We need to get organized around here! That is the common cry of youth workers who feel burdened by so much to do in so little time, so many responsibilities and so few results, so much criticism--it seems--so little support. Paul Borthwick agrees that getting organized is essential for effective your ministry, and he has written an essential book to help those of you in youth ministry organize three different areas of your lives: Personal: How do your personal goals and your need for personal growth fit with your youth ministry? If you're married, are your spouse and children helped or hurt by your involvement with kids? Are your other responsibilities suffering? As Borthwick says, Good ministry is the result of a balanced personal life.Ó Professional: Do you see yourself as a youth professional? Is your interaction with pastor and church board characterized by mutual respect? It's the youth worker who will help other people see youth ministry as a profession and not just a fun-and-games operation.Ó Practical: Is your budget balanced? Do you frequently begin activities feeling only half-prepared? Do your volunteers and coworkers know what is expected of them? Better planning and time management can create programs, lessons, and activities that help people grow, learn, and love each other.Ó Part I of 'Organizing Your Youth Ministry' examines the need to the youth minister to organize his or her personal life as well as ministry, setting priorities, and the special challenges of church youth ministry. Part II addresses the philosophical foundations of youth ministry organization: Why do we do what we do? What is it young people really need? How do you work with a team? Where do parents fit in? Part III discusses how to organize the daily, weekly, monthly, and yearly administrative demands of the youth ministry, from budgets to retreats, from activities to Sunday school lessons, from choir to missions projects, from discipleship programs to the special needs of junior-high students. Part IV helps us to evaluate our goals and to measure the effectiveness of our youth ministry -- always keeping in mind that, as Borthwick says, the ultimate purpose isn't just to produce better programs or a more efficient discipleship systemÓ but to present each person complete in ChristÓ (Col. 1:28 NASB). So if you, like every other youth worker, have too much to do, too little time to do it in, and sometimes don't know where to begin, 'Organizing Your Youth Ministry' can help. Give it a try -- and you'll find out why Paul Borthwick says that organization can be a ministry in itself.

**Mission Drift** Peter Greer,Chris Horst,2014-02-10 A Christianity Today 2015 Book Award Winner Is your organization in danger of Mission Drift? Without careful attention, faith-based organizations drift from their founding mission. It's that simple. It will happen. Slowly, silently, and with little fanfare, organizations routinely drift from their purpose, and many never return to their original intent. Harvard and the YMCA are among those that no longer embrace the Christian principles on which they were founded. But they didn't drift off course overnight. Drift often happens in small and subtle ways. Left unchecked, it eventually becomes significant. Yet Mission Drift is not inevitable. Organizations such as Compassion International and InterVarsity have exhibited intentional, long-term commitment to Christ. Why do so many organizations--including churches--wander from their mission, while others remain Mission True? Can drift be prevented? In Mission Drift, HOPE International executives Peter Greer and Chris Horst tackle these questions. They show how to determine whether your organization is in danger of drift, and they share the results of their research into Mission True and Mission Untrue organizations. Even if your organization is Mission True now, it's wise to look for ways to inoculate yourself against drift. You'll discover what you can do to prevent drift or get back on track and how to protect what matters most. No organization is exempt from the danger of drifting away from its original mission. In Mission Drift, Peter and Chris provide solid guidance for remaining laser-focused on core values--from the board level to daily organizational culture. This book is a timely message for any organization working hard to remain Mission True. --Wess Stafford, president-emeritus, Compassion International Peter Greer and Chris Horst have identified one of the deepest challenges any leader faces: how to ensure that an organization stays true to its mission, especially when that mission becomes countercultural. --Andy Crouch, executive editor, Christianity Today Essential reading for twenty-first-century believers if we are to gain new vision, unity, and strength. Mission Drift is spine straightening, mind clearing, and courage inspiring. This book is true-north wisdom for leaders--and a gift of hope for the world God loves. --Kelly Monroe Kullberg, founder, The Veritas Forum and author, Finding God Beyond Harvard Many of us in leadership have learned--often painfully--that our mission needs to be built into every aspect of our organization, from leadership to receptionist, from hiring to implementation. We can't afford not to follow the lessons in this valuable book. --Richard Stearns, president, World Vision U.S. and author, The Hole in Our Gospel Keeping an eternal perspective is essential in our work. Mission Drift gives a clear message inspiring and challenging us to intentionally keep Christ at the center of all efforts. --David Green, founder and CEO, Hobby Lobby Stores, Inc. Written with clarity, boldness, and urgency, the authors provide insight into and examples of the causes and solutions to drift using the stories of real organizations...A must-read! Recommend this book to every business and church leader.--CBA Retailers+Resources This book is a must-read for leaders, easy to read, practical, engaging and inspirational. The principals outlined not only apply to major corporations, but also to any organization, church and even to one's own personal life. Mission Drift . . . will be well worth the effort and time, and you will find yourself wanting to begin implementing what you've learned to safeguard your organization from drifting away from its mission.--Foursquare.org

**Baptists and Mission** Ian M. Randall,Anthony R. Cross,2008-03-01 Every three years since 1997, an International Conference on Baptist Studies has been held--each conference being in a different country. The theme in 2006, when the conference was held in Nova Scotia, was Baptists and Mission. This is a theme that has been at the heart of Baptist life. Papers examined home and foreign mission, evangelicalism, and social concern. This volume draws together a range of the papers that were delivered. This volume has studies of significant Baptist figures such as Hanserd Knollys, Andrew Fuller, and Earl Merrick. Home mission in a number of settings in North America and Europe is examined. The range of places covered in the papers on overseas mission is considerable, including Bolivia, Mexico, India, Ivory Coast, and Brazil. All of these studies, by historians drawn from many different contexts, add new insights in this crucial area of Baptist studies.

**Winning On Purpose** Dr. John E. Kaiser,Thomas G. Bandy,Bill Easum,2010-09-01 Do you really want the mission to succeed? Are you prepared to live within clear boundaries? Are you ready to align yourself with a greater purpose? Do you have what it takes? Winning on Purpose offers leaders a way to organize congregations for success by creating structures that enable church life and health. As a comprehensive and powerful application of

the biblical call to mission, Winning on Purpose sets forth the Accountable Leadership strategy. This model of leadership brings together standards for mission, boundaries, and accountability, and then shows how these standards come to life through the performance of four key players: the board, the pastor, the staff, and the congregation.To read a sample from the book click here

**Mission: Organization - A Simple Guide To Keeping An Orderly Life** Noah Daniels,2013-12-27 I've got to get my house office and personal life organized! When did you last speak these words? Was it when you recognized that you're literally drowning under gobs of paper? Perhaps it was when you got a look of the enormous laundry pile that you can never seem to catch up on. Maybe it was when you looked at all of the jumble in your kitchen, basement, bedroom, garage, den, front room and everywhere else. You might have even pondered tossing everything out the window! Was it when you urgently searched for those missing tickets? It may have been when you missed that crucial appointment. Or when that deadline sneaked up on you. Perhaps it was when you recognized that you had enough To Do's on your list to last you a lifespan. Was it when you urgently searched for that missing customer folder? Or even worse, it might have occurred when you determined you had no time left for yourself, your kinsperson, your acquaintances, that needed holiday and basically everything in life that you love to do. You're not alone. Those words have been expressed again and again by thousands of individuals all over the world. Disorganization may actually trap you into living a life filled with tension, frustration and bedlam. It may rob you of the precious time you ought to be spending enjoying your life. By defeating disorganization, you may be set free to live the sort of life you've always dreamed of. You deserve to be organized!

Countering Mission Drift in a Faith-based Organization Peirong Lin,2019-09-27 This book presents the case study of World Vision as a useful contribution in the discussion of mission drift, a common phenomenon facing faith-based organizations. Mission drift has been categorised as a drifting away from the organization’s founding mission, purpose and identity. Practical theological interpretation is undertaken in this case study. There are four phases involved in this approach: design, collection, analysis and recommendation. In the first phase, design, the key terms of the dissertation are explicated. One key model used is the identity formation model of organizations. In the second phase, collection, the actual collection of the empirical research is documented. Empirical research was done in two separate locations where World Vision worked in: Papua New Guinea and Nepal. In the third phase, analyzing, the findings of the empirical research are analysed firstly using the identity formation model, and more normatively, through the use of the normative practice model. In the final phase, recommendations are made in light of the analysis. These recommendations are also framed using the identity formation model with content and process recommendations given.
