Cyberpl@y Brenda Danet,2020-05-28 The Internet is changing the way we communicate. As a cross between letter-writing and conversation, email has altered traditional letter-writing conventions. Websites and chat rooms have made visual aspects of written communication of greater importance, arguably, than ever before. New communication codes continue to evolve with unprecedented speed. This book explores playfulness and artfulness in digital writing and communication and answers penetrating questions about this new medium. Under what conditions do old letter-writing norms continue to be important, even in email? Digital greetings are changing the way we celebrate special occasions and public holidays, but will they take the place of paper postcards and greeting cards? The author also looks at how new art forms, such as virtual theatre, ASCII art, and digital folk art on IRC, are flourishing, and how many people collect and display digital fonts on handsome Websites, or even design their own. Intended as a time capsule documenting developments online in the mid- to late 1990s, when the Internet became a mass medium, this book treats the computer as an expressive instrument fostering new forms of creativity and popular culture.

The Pack Nikki O'Neill,2006-11 Fifteen-year-old Erin Angelica Delessandri is a typical high school cheerleader except for one thing: in addition to the normal pressures of being a teenager, she is a child living in an alcoholic family. At home, she's the target of her father's alcoholic rage and is always on edge, never knowing when the yelling will start. Her father's harsh treatment also leads Erin to harbor the vague notion that she's irresponsible and

worthless. At school Erin gets caught up in the party scene with a crew called The Pack. She becomes romantically involved with an older Pack member named Dwane. After Dwane is accused of a gang-related murder, Erin's brother Joey, who is also a member of The Pack, forbids Erin from seeing Dwane. But the evidence suggests that it's Joey, not Dwane, who pulled the trigger. While the drama unfolds at school, Erin's family disintegrates before her eyes. Her mom, upset at the prospect of a failed marriage, becomes depressed and withdrawn. And Erin's little sisters share a secret-a killer secret that must be exposed and dealt with before someone dies.

Catching Shrimp with Bare Hands Michelle Robin La,2015-01-31 *Catching Shrimp with Bare Hands* is the true story of Luong La, a boy growing up in the Mekong Delta in the midst of the Vietnam War. When the 1968 Tet Offensive forces Luong's family to flee the countryside, his mother continues to travel back and forth to their island farm despite threats from the Viet Cong and nearby firefights. Out on their farm in the middle of the Mekong River, Luong wants to catch fish and slingshot birds, but Viet Cong, called mysterious misters by the villagers, stop by his family's hut and stay. The frog dies because of its big mouth, his mother warns. The mysterious misters behead a neighbor, and Luong's aunt goes missing. Luong plans to join the Army as soon as he's old enough to fight, but the war ends before he has a chance. Communism descends, pulling him back in time to a land without electricity or fuel where his family has to hide the books that haven't already been burned. Propaganda that kneads their skulls, neighbors spying on each other, and the threat of starvation drive Luong to escalating acts of defiance. About to get caught by the authorities, he drops out of school to help his family build a boat to escape.
