The Military and Denied Development in the Pakistani Punjab Shahrukh Rafi Khan,Aasim Sajjad Akhtar,2014-11-01 This book focuses on the retrogressive agrarian interventions by the Pakistani military in rural Punjab and explores the social resentment and resistance it triggered, potentially undermining the consensus on a security state in Pakistan. Set against the overbearing and socially unjust role of the military in Pakistan's economy, this book documents a breakdown in the accepted function of the military beyond its constitutionally mandated role of defence. Accompanying earlier work on military involvement in industry, commerce, finance and real estate, the authors' research contributes to a wider understanding of military intervention, revealing its hand in various sectors of the economy and, consequently, its gains in power and economic autonomy.

The Village M. Mansoor,2014-08-14 This book is an adaptation from the field work and dissertation conducted in late 1980s in a Punjabi village in Pakistan. With special attention to the communal rites and rituals, this book studies the life and culture of the village where society has undergone a sea of change in recent years. The old culture, characterized by the distinct rules, rites, rituals, and ceremonies continues to be fading fast, being replaced by a mass culture enabled by media and other agents of change. The focus of the book is not the new culture; it is the old one that has been there for thousands of years and continues to thrive to a certain extent in many parts of Punjab. Based on one of the first scientific fieldwork-based Anthropological studies conducted in that part of Punjab, this book presents a fascinating snapshot of life and culture of a typical Pakistani Punjabi village.

The Contextualized Psalms (Punjabi Zabur) Yousaf Sadiq,2020-11-09 The metrical translation of the Psalms into the Punjabi language, set to indigenous music in the late nineteenth century in India, plays a vital role in the personal and communal worship of the global Punjabi Christian community. This book is a pioneer work that comprehensively encompasses the cultural, socio-historical, missional, and sociolinguistic aspects of the Punjabi Psalter. It investigates the unique and fascinating story of the contextualizing of Psalms in an exclusive South Asian Punjabi context and engages in an in-depth study on the life and work of Rev. Dr. Imam-ud-Din Shahbaz. This work determines to bring a deeper appreciation for the Punjabi Psalter by encouraging the Punjabi Christians to not only pass the Psalms on to the next generations but also to grow in loving and valuing their mother-tongue, the

Punjabi language. The thrust of this book is to esteem the shared heritage of the global Punjabi Christian community—the Psalms in Punjabi, commonly known as the Punjabi Zabur.

A History of Islamist Militancy in Pakistani Punjab Arif Jamal, 2011 The Punjabi Taliban is the newest focus of terrorism experts in the West. The organization first drew attention after the 2007 Red Mosque crisis in Islamabad. A six-month standoff between the government and radical Islamic fundamentalists headquartered in the mosque ended violently with a raid by Pakistani troops. The assault resulted in the deaths of more than 100 militants and the army's commanding officer. After the crisis, groups calling themselves the Punjabi Taliban claimed responsibility for many terrorist attacks inside Pakistan. This report profiles the Punjabi Taliban, also known as the Deobandi Islamist extremists. They are based in Punjab, the most populous province of Pakistan. Tracing the history of Islamist radicalism in the province, the report argues that Punjab is the most radicalized region in the country and that most of the Islamist and jihadist groups in Pakistan are based there. The report also looks at the future of the Deobandi radicalism in Pakistan.

Critical Discourse in Punjabi Rana Nayar, Alpna Saini, Tania Bansal, 2023-09-29 This volume forms a part of the Critical Discourses in South Asia series which deals with schools, movements and discursive practices in major South Asian languages. It offers crucial insights into the making of the Punjabi language and literature, and its critical tradition across a century. The book brings together English translation of major writings of influential figures dealing with literary criticism and theory, aesthetic and performative traditions and re-interpretations of primary concepts and categories in Punjabi. It presents 30 key texts in literary and cultural studies from Punjab from the beginning of development of Punjabi language to its present form, with most of them translated for the first time into English. These seminal essays cover interconnections with socio-historical events in the medieval, colonial and post-independence period in Punjab. They discuss themes such as spiritual and aesthetic visions, poetic and literary forms, modernism, progressivism, feminism, Dalit literature, power structures and social struggles, ideological values, cultural renovations, and humanism. Comprehensive and authoritative, this volume offers an overview of the history of critical thought in Punjabi literature in South Asia. It will be essential for scholars and researchers of Punjabi language and literature, literary criticism, literary theory, comparative literature, Indian literature, cultural studies, art and aesthetics, performance studies, history, sociology, regional studies and South Asian studies. It will also interest the Punjabi-speaking diaspora and those working on the intellectual history of Punjab and conservation of languages and culture.

Pakistan Anatol Lieven, 2012-03-06 In the past decade Pakistan has become a country of immense importance to its region, the United States, and the world. With almost 200 million people, a 500,000-man army, nuclear weapons, and a large diaspora in Britain and North America, Pakistan is central to the hopes of jihadis and the fears of their enemies. Yet the greatest short-term threat to Pakistan is not Islamist insurgency as such, but the actions of the United States, and the greatest longterm threat is ecological change. Anatol Lieven's book is a magisterial investigation of this highly complex and often poorly understood country. Engagingly written, combining history and profound analysis with reportage from Lieven's extensive travels as a journalist and academic, *Pakistan: A Hard Country* is both utterly compelling and deeply revealing.

Imagining Punjab, Punjabi and Punjabiat in the Transnational Era Anjali Gera Roy, 2017-10-02 This book moves away from originary myths of region and identity that have dominated academic and mediatized representations of Punjab, a land-locked region divided between India and Pakistan after the Partition of 1947, and instead focuses on the role of the imagination in producing Punjab. It deconstructs Punjab as an ethno-spatial, ethno-linguistic and ethno-cultural construct produced by the communities who dwell there, those who have left it and those formed by new narratives of the region. By isolating imaginings of Punjab that are not centred on exclusivist regional, linguistic, sectarian or caste perspectives, contributions to this book propose the concept of free-flowing cartographies in relation to Punjab, which facilitate its imaginings as a geographical region, a social construct and a state of consciousness. The region is simultaneously imagined as a

small place, a neighbourhood, a city, and a village, but also as a performative practice and a certain ways of doing things. Through focusing on a number of Punjabi spaces and communities and engaging with Punjab as a geographical region, social construct and state of consciousness, the papers in the book hope to contribute to broader debates on transnationalism, postnationalism, micronationalism, and new identity narratives emerging in the twenty first century. This book was originally published as a special issue of South Asian Diaspora.

The Politics of Ethnicity in Pakistan Farhan Hanif Siddiqi, 2012 In order to understand the Pakistani state and government's treatment of non-dominant ethnic groups after the failure of the military operation in East Pakistan and the independence of Bangladesh, this book looks at the ethnic movements that were subject to a military operation after 1971: the Baloch in the 1970s, the Sindhis in the 1980s and Mohajirs in the 1990s. The book critically evaluates the literature on ethnicity and nationalism by taking nationalist ideology and the political divisions which it generates within ethnic groups as essential in estimating ethnic movements. It goes on to challenge the modernist argument that nationalism is only relevant to modern-industrialised socio-economic settings. The available evidence from Pakistan makes clear that ethnic movements emanate from three distinct socio-economic realms: tribal (Baloch), rural (Sindh) and urban (Mohajir), and the book looks at the implications that this has, as well as how further arguments could be advanced about the relevance of ethnic movements and politics in the Third World. It provides academics and researchers with background knowledge of how the Baloch, Sindhi and Mohajir ethnic conflict in Pakistan took shape in a historical context as well as probable future scenarios of the relationship between the Pakistani state and government, and ethnic groups and movements.

Pakistan's Wars Tariq Rahman, 2022-06-09 This book studies the wars Pakistan has fought over the years with India as well as other non-state actors. Focusing on the first Kashmir war (1947-48), the wars of 1965 and 1971, and the 1999 Kargil war, it analyses the elite decision-making, which leads to these conflicts and tries to understand how Pakistan got involved in the first place. The author applies the 'gambling model' to provide insights into the dysfunctional world view, risk-taking behaviour, and other behavioural patterns of the decision makers, which precipitate these wars and highlight their effects on India-Pakistan relations for the future. The book also brings to the fore the experience of widows, children, common soldiers, displaced civilians, and villagers living near borders, in the form of interviews, to understand the subaltern perspective. A nuanced and accessible military history of Pakistan, this book will be indispensable to scholars and researchers of military history, defence and strategic studies, international relations, political studies, war and conflict studies, and South Asian studies.
