Under Their Thumb Bill German,2022-06-15 At age sixteen, Bill German began publishing a Rolling Stones fanzine out of his bedroom in Brooklyn. And when he presented an issue to the band on a street in New York, he obviously made an impression: before he knew it, the Stones had hired him to document their career, inviting him in to the studio and to their private jam sessions. He traveled the world with them, stayed at their homes, and, for almost two decades, witnessed their wild parties and nasty feuds. Yet through it all, he never lost his identity as that “nice boy from Brooklyn.” *Under Their Thumb* is a fish-out-of-water tale about a fan who wanted to know everything about his favorite rock group—and suddenly learned too much. This updated edition, published to mark the Stones’ sixtieth anniversary, features forty new pages of text and more than thirty never-before-seen photos.

Creating Through Mind and Emotions Mário S. Ming Kong,Maria do Rosário Monteiro,Maria João Pereira Neto,2022-07-01 The texts presented in *Proportion Harmonies and Identities (PHI) Creating Through Mind and Emotions* were compiled to establish a multidisciplinary platform for presenting, interacting, and disseminating research. This platform also aims to foster the awareness and discussion on *Creating Through Mind and Emotions*, focusing on different visions relevant to Architecture, Arts and Humanities, Design and Social Sciences, and its importance and benefits for the sense of identity, both individual and communal. The idea of *Creating Through Mind and Emotions* has been a powerful motor for development since the Western Early Modern Age. Its theoretical and practical foundations have become the working tools of scientists, philosophers, and artists, who seek strategies and policies to accelerate the development process in different contexts.

Drawing (...) City (...) Body, Dwelling on Earth Pedro António Janeiro,2019-01-08 This international seminar’s fifth edition, dedicated to the theme *Desenho (...) Cidade (...) Corpo, Habitando a Terra (Drawing [...] City [...] Body, Inhabiting the Earth)* was held as a joint activity between: this C.I.A.U.D./F.A./U.Lisboa Research Project, the University of São Paulo, represented by the Maria Antônia University Centre, and the Faculty of Architecture and Urbanism of the Federal University of Juiz de Fora. Its objectives were threefold: To discuss how Drawing in/of the City and the elements that identify it (geographical area, inhabitants, natural landscape

and/or built landscape; present, desired or memorable facts and data) are represented and identified through the presence and/or action of the body, in the form of gestures, movements, interventions, displacements or permanence. To problematise the association between Drawing and City from the starting point of the perception of the Body, assuming this mediation as a condition for the particular construction of that relationship. To identify the presence of the Body in the Representations/Drawings of the City, submitting this event or phenomenon to analysis, aiming for cognitive production. The contributions will be of interest to artists, academics and professionals in the fields of drawing and the arts, architecture, sociology, philosophy, urbanism and design.

From Hanoi to Hollywood Linda Dittmar, Gene Michaud, 1990 Probing the large body of emotion-laden, controversial films, *From Hanoi to Hollywood* is concerned with the retelling of history and the retrospection that such a process involves. In this anthology, an awareness of film as a cultural artifact that molds beliefs and guides action is emphasized, an awareness that the contributors bring to a variety of films.
