**Darling Venom** Parker S. Huntington,2021-12-10 From Wall Street Journal bestseller Parker S. Huntington comes a broken love story laced with angst and forbidden romance.I wasn't supposed to be on that roof on Valentine's Day.Neither was Kellan Marchetti, the school's designated freak.We met on the verge of ending our lives.Somewhat, the tattered strings of our tragedies tangled and tightened into an unlikely bond.We decided not to take the plunge and agreed to check on each other every Valentine's Day until school ended. Same time. One roof. Two restless souls. We kept our promise for three years. On the fourth, Kellan made a decision, and I was left to deal with the consequences. Just when I thought our story ended, another one began. They say all love stories look the same and taste different. Mine was venomous, disgraceful, and written in scarlet scars. My name is Charlotte Richards, but you can call me Venom.

**The Image of the City** Kevin Lynch,1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

**The Nightmare Factory** Thomas Ligotti,Stuart Moore,Joe Harris,2007-09-04 A fractured mind is often the way into a world not suspected by those of an innocent normality. Enter the universe of renowned horror master Thomas Ligotti—a universe where clowns take part in a sinister winter festival, a scheming girlfriend makes reality itself come unraveled, a crumbling asylum's destruction unleashes a greater horror, and a mysterious Teatro comes and goes, leaving only shattered dreams in its wake. In the tradition of Edgar Allan Poe and H. P. Lovecraft, Ligotti's sophisticated tales of terror take us to places few would suspect exist, where madness is only a thought away. The Nightmare Factory adapts four of Ligotti's most chilling tales into fine graphic literature by famed writers and artists Stuart Moore, Joe Harris, Colleen Doran (The Sandman), Ben Templesmith (30 Days of Night), Ted McKeever (Batman), and Michael Gaydos (Alias). Featuring all-new introductions to each story by Thomas Ligotti.

**The Selected Prose of Fernando Pessoa** Fernando Pessoa,2007-12-01 A selection of prose by “Portugal’s greatest writer of the twentieth century . . . as addictive, and endearing, as Borges and Calvino” (The Washington Post Book World). Building on the wonderful Fernando Pessoa & Co.: Selected Poems, which was acclaimed by Booklist as “a beautiful one-volume course in the soul of the twentieth century,” translator Richard Zenith has now edited and translated selections from Pessoa’s prose, offering a second volume of this forgotten master’s flights of imagination and melancholy wit. Though known primarily as a poet, Pessoa wrote prose in several languages and every genre—the novel, short stories, letters, and essays. The pieces collected here span intellectual inquiry, Platonic dialogue, and literary rivalries between Pessoa’s many alter egos—a diverse cast of literary voices he called ‘heteronyms’—who launch movements and write manifestos. There are appreciations of Shakespeare, Dickens, Wilde, and Joyce; critical essays in which one heteronym derides the work of another; experiments with automatic writing; and works that toy with the occult. Also included is a generous selection from Pessoa’s masterpiece, The Book of Disquiet, freshly translated by Richard Zenith from newly discovered materials. Fernando Pessoa was one of the greatest exponents of modernism. The Selected Prose of Fernando Pessoa is an important contribution to literature that brings back to life a forgotten but crucial part of the canon.

**Dilettanti** Bruce Redford,2008-08-07 Bruce Redford re-creates the vibrant culture of connoisseurship in Enlightenment England by investigating the multifaceted activities and achievements of the Society of Dilettanti. Elegantly and wittily he dissects the British connoisseurs whose expeditions, collections, and publications laid the groundwork for the Neoclassical revival and for the scholarly study of Graeco-Roman antiquity. After the foundation of the society in 1732, the Dilettanti commissioned portraits of the members. Including a striking group of mock-classical and mock-religious representations, these portraits were painted by George Knapp, Sir Joshua Reynolds, and Sir Thomas Lawrence. During the second half of the century, the society’s expeditions to the Levant yielded a series of pioneering architectural folios, beginning with the first volume The Antiquities of Athens in 1762. These monumental volumes aspired to empirical exactitude in text and image alike. They prepared the way for Specimens of Antient Sculpture (1809), which combines the didactic (detailed investigations into technique, condition, restoration, and provenance) with the connoisseurial (plates that bring the illustration of ancient sculpture to new artistic heights). The Society of Dilettanti’s projects and publications exemplify the Enlightenment ideal of the gentleman amateur, which is linked in turn to a culture of wide-ranging curiosity.

**The ACME Novelty Library** Chris Ware,2006 What would happen if William Faulkner, James Joyce, Samuel Beckett and Eugene O'Neill drew masterful strips for their Sunday comics pages? *Business and Non-profit Organizations Facing Increased Competition and Growing Customers' Demands* Anna Ujwary-Gil,Adam Nalepka,2018 We are pleased to introduce our 17th and latest volume from our regular conference: Business and Non-profit Organizations Facing Increased Competitions and Growing Customers' Demands, which contains articles highlighting the problems of contemporary for-profit and non-profit organizations. The added value is the inclusion of multifaceted aspects of an organization's functioning, including the sectoral and industrial view. The diversity of the approach to the problems of organization, management, business and economy becomes a valuable interdisciplinary view of the economic reality that surrounds us. The monograph is divided into four sections. In the first section: Business and non-profit organizations as the objects of research, articles are exposing the area of strategic management, including a museum as a research object, surgical workflow, the performance of cultural organizations, and organizational forms of housing resource management. In addition, this section covers a process-oriented view of management, including process maturity of the organization and process approach to the analysis of creative capital; and mixed project-management methodology. In a separate thread, there are articles related to public university mergers based on an example of two academic case studies; the analysis of scientific excellence as a factor influencing academic involvement; and the nature of competition for non-profit and for-profit organizations. The second section, entitled Modern tools for business and non-profit organization management, opens with an article on design thinking and the TransistorsHead tool used to analyze teams through organizational terms. Other tools used in eye tracking, such as enova365 and Soneta, are presented in an article on the optimization of an IT system. In the context of profiling scientific research, not only in the area of academic entrepreneurship but also in the search for research gaps, bibliometrics is undoubtedly a useful tool discussed in a further article. In another article, an attractive tool for competence analysis is the business model and the construction of the competence assessment method, which could prove to be helpful in assessing the effectiveness of professional careers. Other articles in this section feature the concept of innovation and knowledge management; medical data management based on a precise legal basis; external financing and its impact on the flexibility of enterprises; and a systemic, process and resource approach to port modularity. In the next section: Business and non-profit organizations in a market economy, the primary thematic topic is corporate social responsibility, client capital creation, and social entrepreneurship. We note the greater emphasis on the social aspects of the organization's functioning and on the social economy. The human thread and the so-called ecosystem in business are becoming more and more desirable, and the perspective of business is changing: from a profit-oriented one towards a more societal one. In the last section, entitled Business and non-profit organizations - sectoral and industrial aspects, there are articles discussing the issues of organization in macroeconomic terms. This section opens with an article presenting the structural characteristics of industrial clusters and research streams in this area. Subsequently, we have articles that present: the municipality, from the point of view of the configuration of the network of relations between stakeholders, and their involvement in the creation of smart specialization strategies; the determinants of employment change in the Polish services sector; consumer awareness of the credit market; the transparency of public finances; local food and regional products; consumer behaviour in Ukraine; as well as, trade credit, profitability and leverage in Polish companies. Every year, this monograph is built on articles that present an up-to-date view of the business and geo-economic reality that surrounds us, whose organizations form the backbone of the economy and its sectors. The dynamics of changes are so significant that such studies bring readers closer to current trends and draw the interest of researchers.

**The Anger Gap** Davin L. Phoenix,2019-12-26 Anger is a powerful mobilizing force in American politics on both sides of the political aisle, but does it motivate all groups equally? This book offers a new conceptualization of anger as a political resource that mobilizes black and white Americans differentially to exacerbate political inequality. Drawing on survey data from the last forty years, experiments, and rhetoric analysis, Phoenix finds that - from Reagan to Trump - black Americans register significantly less anger than their white counterparts and that anger (in contrast to pride) has a weaker mobilizing effect on their political participation. The book examines both the causes of this and the consequences. Pointing to black Americans' tempered expectations of politics and the stigmas associated with black anger, it shows how race and lived experience moderate the emergence of emotions and their impact on behavior. The book makes multiple theoretical contributions and offers important practical insights for political strategy.

Finding Me Viola Davis,2023-04-04 THE INSTANT SUNDAY TIMES BESTSELLER 'A mind-blowing and emotionally honest tale of survival against all odds.' BERNARDINE EVARISTO 'A breathtaking memoir...I was so moved by this book.' Oprah 'It is startlingly honest and, at times, a jaw-dropping read, charting her rise from poverty and abuse to becoming the first African-American to win the triple crown of an Oscar, Emmy and Tony for acting.' BBC News THE DEEPLY PERSONAL, BRUTALLY HONEST ACCOUNT OF VIOLA'S INSPIRING LIFE In my book, you will meet a little girl named Viola who ran from her past until she made a life changing decision to stop running forever. This is my story, from a crumbling apartment in Central Falls, Rhode Island, to the stage in New York City, and beyond. This is the path I took to finding my purpose and my strength, but also to finding my voice in a world that didn't always see me. As I wrote Finding Me, my eyes were open to the truth of how our stories are often not given close examination. They are bogarted, reinvented to fit into a crazy, competitive, judgmental world. So I wrote this for anyone who is searching for a way to understand and overcome a complicated past, let go of shame, and find acceptance. For anyone who needs reminding that a life worth living can only be born from radical honesty and the courage to shed facades and be...you. Finding Me is a deep reflection on my past and a promise for my future. My hope is that my story will inspire you to light up your own life with creative expression and rediscover who you were before the world put a label on you.
