Modern Philippines Patricio N. Abinales, 2022-07-08 Ideal for students, this comprehensive thematic encyclopedia focuses on the Philippines, an important archipelago nation in Southeast Asia. The Philippines is a nation that has experience being ruled by two separate colonial powers, home to a people who have had strong attachments to democratic politics, with a culture that is a rich mix of Chinese, Spanish, and American influences. What are important characteristics of contemporary daily life and culture in the Philippines today? This volume explores the geography, history, and society of this important island nation. Thematic chapters examine topics such as government and politics, history, food, etiquette, education, gender, marriage and sexuality, media and popular culture, music, art, and more. Each chapter opens with a general overview of the topic and is followed by alphabetically arranged entries that home in even closer on the topic. Sidebars and illustrations appear throughout the text, and appendixes cover a glossary, facts and figures, holidays chart, and vignettes that paint a picture of a

typical Day in the Life of students and adults in the country. A bibliography rounds out the work. Modern Philippines is a comprehensive volume on this leading Southeast Asia island nation.

Musical Renderings of the Philippine Nation Christi-Anne Castro, 2011-05-05
The first cultural history of the Philippines during the twentieth century, *Musical Renderings of the Philippine Nation* focuses on the relationships between music, performance, and ideologies of nation. Spanning the hundred years from the Filipino-American War to the 1998 Centennial celebration of the nation's independence from Spain, the book has added emphasis on the period after World War II. Author Christi-Anne Castro describes the narratives of nation embedded in several major musical genres, such as classical music and folkloric song and dance, and enacted by the most well-known performers of the country, including Bayanihan, The Philippine National Dance Company and the Philippine Madrigal Singers. Castro delves into the ideas and works of prominent native composers, from the popular art music of Francisco Santiago and Lucio San Pedro to the People Power anthem of 1986 by Jim Paredes of the group Apo Hiking Society. Through both archival research and ethnographic fieldwork, Castro reveals how individuals and groups negotiate with and contest the power of the state to define the nation as a modern and hybrid entity within a global community.

Independent Music and Digital Technology in the Philippines Monika E. Schoop,2017-04-21 Since the turn of the century, the impact of digital technologies on the promotion, production and distribution of music in the

Philippines has both enabled and necessitated an increase in independent musical practices. In the first in-depth investigation into the independent music scene in the Philippines, Monika E. Schoop exposes and portrays the as yet unexplored restructurings of the Philippine music industries, showing that digital technologies have played an ambivalent role in these developments. While they have given rise to new levels of piracy, they have also offered unprecedented opportunities for artists. The near collapse of the transnational recording industry in the Philippines stands in stark contrast to a thriving independent music scene in the country's national capital region, Metro Manila, which cuts across musical genres and whose members successfully adjust to a rapidly evolving industry scenario. Independent practices have been facilitated by increased access to broadband Internet, the popularity of social media platforms and home recording technology. At the same time, changing music industry structures often leave artists with no other option but to operate independently. Based on extensive fieldwork online and offline, the book explores the diverse and innovative music production, distribution, promotion and financing strategies that have become constitutive of the independent music scene in twenty-first-century Manila.

Made in Nusantara Adil Johan, Mayco A. Santaella, 2021-03-17 *Made in Nusantara* serves as a comprehensive introduction to the history, sociology, ethnography, and musicology of historical and contemporary popular music in maritime Southeast Asia. Each essay covers major figures, styles, and social contexts of genres of a popular nature in the Nusantara region including Malaysia, Indonesia, Brunei, Singapore, and the Philippines. Through a critical investigation of specific genres and their spaces of performance, production, and consumption, the volume is organised into four thematic areas: 1) issues in Nusantara popular music; 2) history; 3) artists and genres; and 4) national vs. local industries. Written by scholars working in the region, *Made in Nusantara* brings local perspectives to the history and analysis of popular music and critically considers conceptualisations developed in the West, rendering it an intriguing read for students and scholars of popular and global music.
