David Apostolico

**Lessons from the Professional Poker Tour** David Apostolico,2006 Poker legend Apostolico recounts his experiences playing in the Professional Poker Tour - the game's first invitation-only tournament where players have to qualify to enter. He describes and analyses different hands that were played and focuses on the lessons he learned therefrom. Chapters cover subjects like 'Early Stage Play', 'Playing Short Stacked' and 'Playing AK'. Each chapter highlights the number of hands Apostolico observed or played and includes passages on hands taken with some of the game's top names.

**Secrets Of Professional Tournament Poker** Jonathan Little,2021-07-21 This new, expanded, fully updated and revised, edition of 'Secrets of Professional Tournament Poker' is a landmark in poker publishing. Originally published in two volumes in 2011 and 2012 this was both a critical and commercial success. Over the last decade, the understanding of poker has changed dramatically and this new edition fully reflects current thinking on the game. This book will give readers a thorough understanding of everything they need to know about playing tournaments and Jonathan Little is undoubtedly the person best qualified to impart this information. The book is split into seven sections: 1) How Tournaments Work -This explains why tournaments are a highly profitable form of poker and examines the basic concepts that need to be mastered. 2) Playing Deep Stacked -This deals with situations where (most) players have stacks of 50 big blinds or more. All situations are dealt with including pre-flop and all three post-flop streets. There is further information on general topics at this stack depth. 3) Playing Mid Stacked -This deals with situations where the basic stack depth is between 27 and 50 big blinds. These situations are tricky because with the shorter stack, players are often going all-in. This means that very clear adjustments are required compared to the deeper stack strategies. 4) Playing Short Stacked -This section focuses on play below 27 big blinds. Now play is almost exclusively focused on the possibility of players going all-in. Knowing the correct ranges and plays here is vital to maximise your chances for tournament survival. 5) The Late Stages -As the prospect of serious prize money looms, huge adjustments need to be made. How to play on the bubble and concepts such as risk premium and the Independent Chip Model are fundamental to maximising your chance of landing a major prize and they are all thoroughly explained. 6) Hand Examples -This will test your understanding of everything you have learnt so far. 7) Other Considerations -You can improve your tournament results by also working on your general attitude and approach. This section encompasses all the non-technical aspects of playing, including learning, the mental approach, tells and practical tips. Jonathan Little has dedicated himself to educating players who are keen to improve their poker strategy, and in 2020, he was awarded the prestigious title of Global Poker Index “Poker Personality of the Year” - voted for by the poker-playing public. As well as being an immensely successful professional player with over \$7,000,000 in live tournament cashes, Jonathan runs the highly respected coaching site pokercoaching.com. By interacting regularly with his students, he has developed a clear understanding of how to explain important concepts in a language that can be easily understood by players of all skill levels. The result is Secrets of Professional Tournament Poker - the definitive guide to modern tournament play.

*Think Like a Poker Pro* Byron Jacobs,2016-03-24 Do you suspect that your poker skill is insufficiently well rewarded?Do you wonder how the professionals always get the money?Would you like to know how top players study and refine their game? If you have ambitions to join the ranks of the consistently winning players, this book will help you plan your campaign. Poker is a strange and fascinating game. There is a great deal more to being a successful player than simply knowing how to play a good game. Playing good poker is largely a technical skill which can be learned. Being a consistently successful player is much harder and necessitates acquiring expertise in many other areas. Byron Jacobs has been a successful online poker player for seven years. In this book he identifies precisely how this can be achieved and shows how much of the battle actually needs to be conducted away from the table. If you already play a fair game of poker but want to become one of the very few players who consistently “play well”, then you need this book. The concepts discussed in this book are brought into clear focus on the accompanying 180 minute CD of videos where the author can be seen explaining his decision-making process. Here is an extract:

**How to Play Stud Poker for Beginners** George Federick,2021-02-20 LEARN HOW TO PLAY STUD POKER LIKE A PRO Stud poker games have been popular since the eighteenth century, and modern versions such as five-card stud have been around for well over a century. Stud poker is characterized by each player being dealt both face-up and face-down cards. As any given hand progresses, their hands develop as they receive more cards. While five-card stud was a mainstay in the twentieth century, these last few decades have seen a huge surge in interest in seven-card stud. This game is extremely popular in home games, but it is also a go-to game for casinos and card rooms. As one of the simpler poker games, stud is perfectly suited for introducing new players to poker. The goal of each player is to win the pot, which contains all the bets that the players have made in any one deal. A player makes a bet in hopes that they have the best pot, which to give the impression that they do. In most Poker versions, the top combination of five cards is the best hand. In this guide you will learn how to play 5 card and 7 card stud poker game and start playing like a pro. GET YOUR COPY NOW BY CLICKING BUY NOW...

Real Grinders Ashton Cartwright,2014-12-23 Six different countries. Twenty eight professional poker players. All of them Real Grinders. If you’ve ever wanted to know if you have what it takes to be a professional poker player, now is your chance to find out. We’ve brought together some of the best pro players from around the world to talk about what it's like playing poker for a living; the good parts, the bad parts, the successes, and the challenges. Everything that separates the winners from the losers in a game where fortunes can be won or lost on the turn of a card, and a level head and a quick wit control the table. Professional poker doesn't get more real than this.

John Patrick's Casino Poker John Patrick,1996 John Patrick's Casino Poker is a book for anyone who has enjoyed a friendly game at home, yet wishes to test his skill against varied (and hitherto unknown) opponents. The book is not for the novice or the high-stakes professional. It is meant for the intermediate player, instructing him in the skills required to know when to hold 'em and when to fold 'em, how to watch for tells in other players, and how to keep from offering a tell. The book concentrates on reading your opponents' play style as well as on self-discipline and money management.

**The Professional Poker Dealer's Handbook** Dan Paymar,Donna Harris,Mason Malmuth,2009-11 Recognizes that the poker industry has recently grown at a phenomenal rate. It wasn't that long ago that only a few places had small poker rooms. But times have changed. Today there are many locations throughout the country that offer poker, including several giant poker facilities. This explosive growth has created a need for quality dealers, which is immediately apparent to anyone who either plays poker or works in the industry. Dealing poker is an occupation that looks easy when performed by a top quality dealer. In fact, the best dealers not only perform their job in a seemingly effortless manner, they enjoy what they are doing. We hope that this text will establish a standard for the industry. It will assure that poker continues to grow and prosper. It is the ultimate book for anyone interested in a career as a professional poker dealer.

**Secrets the Pros Won't Tell You About Winning Hold'em Poker** Lou Krieger,Sheree Bykofsky,2006 Experienced players can take their game to the next level with this book that reveals the actual techniques professional gamblers use to win.

*Vegas or Bust* Johnny Kamps,2018-05-22 Can a former semi-pro win against the best poker players in the world? In 2006, Johnny's pie-in-the-sky dreams of becoming world champion were dashed when his kings ran into aces in the World Series of Poker Main Event. But lady luck was with him when he met Amy, the woman of his dreams, who soon became his wife. Like many players, he drifted away from the game after Congress passed a law later that year that cut off funds to online poker and harkened the decline of the game. But even as Johnny returned to the working world, the itch remained. A decade later, now with two small kids in tow, Johnny convinces Amy to take a six-week family trip from their home in rural Alabama to Las Vegas, where he will risk his \$10,000 bankroll in hopes of playing in the Main Event again and winning millions. Along the way, he examines how the game has changed since 2006. Although the Unlawful Internet Gambling Enforcement Act was the beginning of the end of the poker boom, the game still thrives, and WSOP is Exhibit A. Johnny also muses on the outlandishness of the adult fairyland that is Vegas.
