Adrian McKinty

Siren of the Waters Michael Genelin, 2008 In the end, we must acknowledge that we have been held spellbound by a master storyteller. Highly recommended.--Library Journal Starred Review A truly fine novel. It's filled with exactitude of place and people, taking us into a world that seethes with dangerous secrets. On that treacherous journey, Michael Genelin makes unfamiliar worlds seem knowable, and does so with great style.--Pete Hamill, author of *North River* A terrific novel by a man who knows crime, knows Europe, and knows how to write. *Siren of the Waters* is a genuine pleasure.--Thomas Perry, author of *Silence* Jana Matinova entered the Czechoslovak police force as a young woman, married an actor, and became a mother. The regime destroyed her husband, their love for one another, and her daughter's respect for her. But she has never stopped being a seeker of justice. Now, as a commander in the Slovak police force, she liaises with colleagues across Europe as they track the mastermind of an international criminal operation involved in, among other crimes, human trafficking. Her investigation takes her from Ukraine to Strasbourg, from Vienna to Nice, in a hunt for a ruthless killer and the beautiful young Russian woman he is determined either to capture or destroy. Michael Genelin, a graduate of UCLA and the UCLA Law School, has served in the LA District Attorney's Office and the US Department of Justice in Central Europe. He has written for film and has been an adviser to television series. He now lives with his wife and daughter in Paris.

No Lights, No Sirens Robert Cea, 2012-12-18 A New York Police Officer's relentless journey into the criminal netherworld, told with brutal truth and honesty. Perhaps Neitzsche described Rob Cea's life best, way before he was born: Take care when chasing the animals; for you can very well become the animal you are chasing. *No Lights, No Sirens* is a sojourn so dirty and nasty it defies belief. Rob Cea starts off as an idealistic young cop, a true believer in the system for which he works tirelessly. He is sadly mistaken. The system he tried so hard to appease ultimately led to his downfall and the ruination of his life. What separates this from other cop-and-robber stories is the brutal authenticity from the cop himself. We will see and hear exactly what is discussed in a patrol car. We will see how the law was-and is-routinely bent to make collars stick any way possible. And we will see how Cea slowly spirals to depths of hell. *No Lights, No Sirens* is simplistic in its scope: A young idealistic boy becomes a man through fire, and then becomes exactly what he has been chasing for so long, a hardened man possessed by demons. With rapid fire and gritty narrative, Cea writes about his fall to the depths, and his salvation. We see the dark side of detective work in New York's most crime-riddled neighborhoods from a first-hand view never before seen.

I Hear the Sirens in the Street Adrian McKinty, 2019-05-28 This propulsive thriller is a "gruesomely accurate portrayal of '80s life in Ireland" (Kirkus) from The New York Times bestselling and Edgar Award-winning author Adrian McKinty. "Adrian McKinty just leapt to the top of my list of must-read suspense novelists. He's the real deal." --Dennis Lehane A torso in a suitcase looks like an impossible case, but Sean Duffy isn't easily deterred, especially when his floundering love life leaves him in need of a distraction. So with Detective Constables McCrabban and McBride, he goes to work identifying the victim. The torso turns out to be all that's left of an American tourist who once served in the US military. What was he doing in Northern Ireland in the midst of the 1982 Troubles? The trail leads to the doorstep of a beautiful, flame-haired, twentysomething widow, whose husband died at the hands of an IRA assassination team just a few months before. Suddenly Duffy is caught between his romantic instincts, gross professional misconduct, and powerful men he should know better than to mess with. These include British intelligence, the FBI, and local paramilitary death squads-enough to keep even the savviest detective busy. Duffy's growing sense of self-doubt isn't helping. But as a legendarily stubborn man, he doesn't let that stop him from pursuing the case to its explosive conclusion.

The Siren Alison Bruce, 2010-07-22 'Bruce is doing for Cambridge what Colin Dexter did for Oxford with Inspector Morse' Daily Mail All it took was one small item on the regional news for Kimberly Guyver and Rachel Golinski to know that their old life was catching up with them. They wondered how they'd been naïve enough to think it wouldn't. They hoped they still had a chance to leave it behind - just one more time - but within hours, Rachel's home is burning and Kimberly's young son, Riley, is missing. As DC Goodhew begins to sift through their lives, he starts to uncover an unsettling picture of deceit, murder and accelerating danger. Kimberly seems distraught but also defensive and uncooperative. Is it fear and mistrust of the police which are putting her son at risk, or darker motivations? With Riley's life in peril, Goodhew needs Kimberly to make choices, but she has to understand, the one thing she cannot afford is another mistake. Praise for Alison Bruce: 'Menacing and insidious, this is a great novel' R J Ellory 'A fast-paced gritty tale guaranteed to have you hooked from beginning to end' Cambridgeshire Pride 'A gripping tale of murder and mystery' Cambridge Style

Death of a Siren William S. Schiell, 2016 A fugitive New York City cop is on the run from both the law and the mafia after killing a local thug. Trying to make his escape in a boat he stole from his uncle, castaway Fred Freiman, a German American, comes ashore on the islands and stumbles upon the body of a beautiful, enigmatic German baroness with a hatchet in her head.

Reading Sounds Sean Zdenek, 2015-12-23 The work of writing closed captions for television and DVD is not simply transcribing dialogue, as one might assume at first, but consists largely of making rhetorical choices. For Sean Zdenek, when captioners describe a sound they are interpreting and creating contexts, they are assigning significance, they are creating meaning that doesn't necessarily exist in the soundtrack or the script. And in nine chapters he analyzes the numerous complex rhetorical choices captioners make, from abbreviating dialogue so it will fit on the screen and keep pace with the editing, to whether and how to describe background sounds, accents, or slurred speech, to nonlinguistic forms of sound communication such as sighing, screaming, or laughing, to describing music, captioned silences (as when a continuous noise suddenly stops), and sarcasm, surprise, and other forms of meaning associated with vocal tone. Throughout, he also looks at closed captioning style manuals and draws on interviews with professional captioners and hearing-impaired viewers. Threading through all this is the novel argument that closed captions can be viewed as texts worthy of rhetorical analysis and that this analysis can lead the entertainment industry to better standards and practices for closed captioning, thereby better serve the needs of hearing-impaired viewers. The author also looks ahead to the work yet to be done in bringing better captioning practices to videos on the Internet, where captioning can take on additional functions such as enhancing searchability. While scholarly work has been done on captioning from a legal perspective, from a historical perspective, and from a technical perspective, no one has ever done what Zdenek does here, and the original analytical models he offers are richly interdisciplinary, drawing on work from the fields of technical communication, rhetoric, media studies, and disability studies.

Lights and Sirens Lisa Henry, 2018 Paramedic Hayden Kinsella is single and the life of the party. He likes

driving fast and saving lives, and he doesn't do relationships--he does hookups. Except he wouldn't hook up with copper Matt Deakin if he were the last guy on the planet. Hayden thinks the feeling is mutual . . . until clearing the air leads to a drunken one-night stand, which leads to something neither of them was expecting: a genuine connection. Police officer Matt Deakin moved to Townsville to take care of his elderly grandfather. In between keeping an eye on Grandad, renovating his house, and the demands of his job, he somehow finds himself in a tentative relationship with Hayden and very slowly gets to know the damaged guy beneath the happy-go-lucky persona. But the stressors of shift work, fatigue, and constant exposure to trauma threaten to tear Hayden and Matt apart before they've even found their footing together. In the high-pressure lives of emergency services workers, it turns out it's not the getting together part that's hard, it's the staying together.

Sirena Donna Jo Napoli, 2000 The gods grant immortality to the mermaid Sirena when she rescues a human man from the sea and they fall in love, but his mortality creates great conflict between love and honor when he is called to defend Greece in the Trojan War.

American Sirens Kevin Hazzard, 2022-09-20 The extraordinary story of an unjustly forgotten group of Black men in Pittsburgh who became the first paramedics in America, saving lives and changing the course of emergency medicine around the world. Until the 1970s, if you suffered a medical crisis, your chances of survival were minimal. A 9-1-1 call might bring police or even the local funeral home. But that all changed with Freedom House EMS in Pittsburgh, a group of Black men who became America's first paramedics and set the gold standard for emergency medicine around the world, only to have their story and their legacy erased--until now. In *American Sirens*, acclaimed journalist and paramedic Kevin Hazzard tells the dramatic story of how a group of young, undereducated Black men forged a new frontier of healthcare. He follows a rich cast of characters that includes John Moon, an orphan who found his calling as a paramedic; Peter Safar, the Nobel Prize-nominated physician who invented CPR and realized his vision for a trained ambulance service; and Nancy Caroline, the idealistic young doctor who turned a scrappy team into an international leader. At every turn, Freedom House battled racism--from the community, the police, and the government. Their job was grueling, the rules made up as they went along, their mandate nearly impossible--and yet despite the long odds and fierce opposition, they succeeded spectacularly. Never-before revealed in full, this is a rich and troubling hidden history of the Black origins of America's paramedics, a special band of dedicated essential workers, who stand ready to serve day and night on the line between life and death for every one of us.

I Hear the Sirens in the Street Adrian McKinty, 2013-01-01 Sean Duffy knows there's no such thing as a perfect crime. But a torso in a suitcase is pretty close. Still, one tiny clue is all it takes, and there it is. A tattoo. So Duffy, fully fit and back at work after the severe trauma of his last case, is ready to follow the trail of blood - however faint - that always, always connects a body to its killer. A legendarily stubborn man, Duffy becomes obsessed with this mystery as a distraction from the ruins of his love life, and to push down the seed of self-doubt that he seems to have traded for his youthful arrogance. So from country lanes to city streets, Duffy works every angle. And wherever he goes, he smells a rat ...
