Sovereigns, Quasi Sovereigns, and Africans Siba N'Zatioula Grovogui, In this trenchant critique, Siba N'Zatioula Grovogui demonstrates the failure of international law to address adequately the issues surrounding African self-determination during decolonization. Challenging the view that the only requirement for decolonization is the elimination of the legal instruments that provided for direct foreign rule, Sovereigns, Quasi Sovereigns, and Africans shows that the principles recognized in international law today are not universal, but instead reflect relations of power and the historical dominance of specific European states.

Endgame in the Western Sahara Toby Shelley,2013-07-04 Why does this remote swathe of Sahara along the Atlantic seaboard concern the USA and Europe? Why does Morocco maintain its occupation? Why has the UN Security Council prevaricated for three decades while the Sahrawis live under Moroccan rule or as refugees? In this revealing book, Toby Shelley examines the geopolitics involved. He brings out: The little-known struggle of Sahrawis living under Moroccan rule to defend their identity. USA/European competition for influence in the Maghreb. The natural resources at stake -- rich fishing grounds, phosphates, and the prospect of oil. The reasons behind the UN failure to resolve what is now Africa's last decolonisation issue. The evolution of the USA-backed Baker Plan to settle the dispute. How the Western Sahara's history and future is tangled up with Moroccan--Algerian rivalry. The political development of Polisario, independence movement and state-in-waiting. Toby Shelley has talked to Polisario, Moroccan, Algerian and other diplomats. He has visited the territory and had access to opposition activists and Moroccan officials. In the refugee camps he interviewed the leadership of Polisario. What emerges is that the fate of the Western Sahara is being moulded by global and regional forces and that it is the Sahrawis under Moroccan rule who are best placed to influence that fate.

Language and Thought John L. Pollock,2014-07-14 Most philosophical theories of language have assumed that statements (products of assertion) and propositions (objects of belief) are the same things. John L. Pollock denies this, maintaining that even when the speaker is perfectly sincere, what he is thinking need not be the same thing as what he is saying. Originally published in 1982. An Assessment of NASA's National Aviation Operations Monitoring Service National Research Council,Division on Engineering and Physical Sciences,Aeronautics and Space Engineering Board,Committee on NASA's National Aviation Operations Monitoring Service (NAOMS) Project: An Independent Assessment,2009-12-24 The National Research Council of the National Academies was requested by the National Aeronautics and Space Administration (NASA) to perform an independent assessment of NASA's National Aviation Operations Monitoring Service (NAOMS) project, which was a survey administered to pilots from April 2001 through December 2004. The NRC reviewed various aspects of the NAOMS project, including the survey methodology, and conducted a limited analysis of the publicly available survey data. An Assessment of NASA's National Aviation Operations Monitoring Service presents the resulting analyses and findings.

Aesthetics as Phenomenology Günter Figal,2015-02-02 Connecting aesthetic experience with our experience of nature or with other cultural artifacts, *Aesthetics as Phenomenology* focuses on what art means for cognition, recognition, and affect—how art changes our everyday disposition or behavior. Günter Figal engages in a penetrating analysis of the moment at which, in our contemplation of a work of art, reaction and thought confront each other. For those trained in the visual arts and for more casual viewers, Figal unmasks art as a decentering experience that opens further possibilities for understanding our lives and our world.

Shattered Hopes Josh Ruebner,2014-10-07 President Barack Obama's first trip abroad in his second term took him to Israel and the Palestinian West Bank, where he despondently admitted to those waiting for words of encouragement, "It is a hard slog to work through all of these issues." Contrast this gloomy assessment with Obama's optimism on the second day of his first term, when he appointed former Senate Majority Leader George Mitchell as his special envoy for Middle East peace, boldly asserting that his administration would "actively and aggressively seek a lasting peace between Israel and the Palestinians." How is it that Obama's active and aggressive search for progress has become mired in the status quo? Writer and political analyst Josh Ruebner charts Obama's journey from optimism to frustration in the first hard-hitting investigation into why the president failed to make any progress on this critical issue, and how his unwillingness to challenge the Israel lobby has shattered hopes for peace. Written in a clear and accessible style by the advocacy director of a national peace organization and former Middle East analyst for the Congressional Research Service, *Shattered Hopes* offers an informed history of the Obama administration's policies and maps out a true path forward for the United States to help achieve Israeli-Palestinian peace.

Rethinking Life Shane Claiborne,2023-02-07 Drawing on Scripture, church history, and his own story, Shane Claiborne explores how a passion for social justice issues surrounding life and death--such as war, gun ownership, the death penalty, racial injustice, abortion, poverty, and the environment--intersects with our faith as we advocate for life in its totality. Many of us wonder how to think about and act on issues of life and death beyond abortion and the death penalty--yet the heated debates in our churches and the confusion of our own hearts sometimes feel overwhelming. What does a balanced, Christian view of what it means to be pro-life really look like? Combining stories, theological reflection, and a little wit with a Southern accent, activist Shane Claiborne explores the battle between life and death that goes back to the Garden of Eden. Shane draws on his childhood growing up in the Bible Belt, his own change of perspective on how to advocate for life, and his years of working on behalf of all people to help us: Learn from the Bible and the early church about valuing life Deepen our understanding of what a pro-life stance can look like Discover ways to discuss topics that are dividing our culture and churches Find encouragement when we feel politically homeless Renew our hope that there is a good way forward, even in difficult times We need a new movement that stands up for life--without exceptions. This moving and incredibly timely book creates a larger framework for thinking about God's love and our faith as we embrace a consistent ethic that values human life from womb to tomb.

Successful International Negotiations Marc Helmold,Tracy Dathe,Florian Hummel,Brian Terry,Jan Pieper,2020-01-21 This book describes how international negotiations can be conducted in a structured, professional and effective manner. It also offers recommendations based on examples of successful negotiations from both economically leading countries such as the USA, China and Japan, as well as smaller countries such as the Netherlands, Israel and Morocco. Providing practically relevant experiences from middle and top management positions in different business sectors, the contributors focus on all elements of negotiations, spanning from preparation, execution, strategies and tactics to non-verbal communication and psychological factors. Moreover, the chapters offer detailed introductions to more than 25 countries around the globe, which can be used as a

reference guide to doing business in the specific contexts.

Small Talk Justine Coupland, 2014-06-11 This study presents a new perspective on small talk and its crucial role in everyday communication. The new approach presented here is supported by analyses of interactional data in specific settings - private and public, face-to-face and telephone talk. They vary from gossip at the family dinner table and intimate 'keeping in touch' phone conversations, to interpersonally-focused talk in institutional settings, such as the government office and the university research seminar. Drawing on a range of methodological approaches, including Discourse Analysis and Pragmatics, Interpersonal Communication and Conversation Analysis, the author elevates small talk to a new status, as functionally multifaceted, but central to social interaction as a whole.

Rethinking Classroom Management Patricia Sequeira Belvel, Maya Marcia Jordan, 2003 Based upon the authors' many years of classroom experience and consulting work this volume is filled with practical, research-based and tested strategies to help teachers create an environment that supports students' sense of self-esteem, influence and autonomy whilst preventing possible conflict.

A Principal Manager's Guide to Leverage Leadership 2.0 Paul Bambrick-Santoyo, 2018-08-07 Build better schools by training better leaders A Principal Manager's Guide to Leverage Leadership answers the question that district leaders have been asking across the country: if Leverage Leadership is a roadmap for principals on how to lead great schools, what can principal managers and districts do to support them on that path? A Principal Manager's Guide to Leverage Leadership offers a step-by-step guide to coaching principals to the highest levels of achievement, and it is rooted in studying the most successful principal managers and districts across the country. It can be used by principal managers/supervisors, superintendents, district and state leadership, and principal training organizations to accelerate the growth of principals in your community. Used in conjunction with Leverage Leadership 2.0, this book identifies the key actions principal managers should take to create exceptional school leaders, integrating the seven levers of leadership into district culture from the principal manager on up. With a particular emphasis on the two "super-levers" of data-driven instruction and student culture, this book is packed with advice, professional development materials, and real-world videos of principal managers in action, offering principal managers a valuable resource for bringing about change. A Principal Manager's Guide to Leverage Leadership introduces a new unifying approach that is also highlighted in Leverage Leadership 2.0: See It, Name It, Do It. It gives you the tools to See it (see models of effective practice and identify gaps), Name it (name concrete actions for improvement) and Do it (provide means to practice these action steps until a principal masters them) With A Principal Manager's Guide to Leverage Leadership in hand, principal managers, superintendents and principal training organizations can facilitate district-wide and state-wide transformations and hasten the benefit to the students and community as a whole.

Talk Show Campaigns Michael Parkin, 2014-02-05 Over the past twenty years, presidential candidates have developed an entertainment talk show strategy in which they routinely chat with the likes of Oprah Winfrey, David Letterman, and Jon Stewart. In fact, between 1992 and 2012, there have been more than 200 candidate interviews on daytime and late night talk shows with nearly every presidential candidate—from long shot primary contender to major party nominee—hitting the talk show circuit at some point during the campaign. This book explores the development of the entertainment talk show strategy and assesses its impact on presidential campaigns. The chapters mix detailed narrative with extensive empirical data on audiences, content, viewer reaction, and press coverage to explain why candidates have embraced this strategy and the conditions under which these interviews are most likely to meet their expectations. The book also explores how these interviews can enhance campaigns by connecting a

critical segment of the voting population with candidates who provide useful political information in a casual setting. Talk Show Campaigns shows that this is more than a gimmick—it's a key part of how candidates communicate with voters, which reveals a lot about how campaigns have changed over the past two decades.

The Top Books of the Year Proximity Talk The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Proximity Talk : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
