The Father-Daughter Talk R. C. Blakes, 2014-06-30 As the father of three daughters, the author became extremely concerned about the rapid and constant erosion of female dignity in our society -- video vixens, sex tapes, multiple sex partners, etc. Research shows that girls with an unstable father figure are more likely to have an unplanned pregnancy, low self-esteem, be a school dropout, and become involved in drugs and alcohol. This book should be read by every father, as a no-holds-barred guide to having a heart-to-heart life-changing talk with their daughters. It should also be placed into the hands of every young woman -- even if there is no father figure present in her life. This candid advice will help her become assertive, proactive, productive, and creative as she grows into adulthood.
