**Rap Beyond Resistance** Cristina Moreno Almeida, 2017-09-15 This book fills the gap in existing literature by exploring other forms of political discourses in non-Western rap music. Theoretically, it challenges and explores resistance, arguing towards the need for different epistemological frameworks in which to look at narratives of cultural resistance in the Arabic-speaking world. Empirically, it provides an in-depth look at the politics of rap culture in Morocco. Rap Beyond Resistance bridges the humanities and social sciences in order to de-Westernize cultural studies, presenting the political narratives of the Moroccan rap scene beyond secular liberal meanings of resistance. By exploring what is political, this book brings light to a vibrant and varied rap scene diverse in its political discourses—with an emphasis on patriotism and postcolonial national identity—and uncovers different ways in which young artists are being political beyond 'radical lyrics'.

Rap Music and the Youth in Malawi Ken Lipenga Jr., 2022-11-29 Rap Music and the Youth in Malawi is one of the first book-length studies of Malawian hip hop. It studies the language and content of contemporary Malawian hip hop as a window onto the country's youth culture as Malawian young people negotiate what scholar Alcinda Honwana calls 'waithood,' or the condition, common among Malawian youth, of lacking opportunities to advance from a situation of dependence and being stuck in a state of relative childhood. The book argues that rap music made by Malawian youth speaks of – and represents, through its very agency – their need to break out of this stagnant state. After situating Malawian hip hop with respect to both other musical genres in the country and to the nation's language in culture, Rap Music and the Youth in Malawi shows how Malawian youth use rap music to create a sense of community, which then becomes a foothold from which they can do activities that get them out of waithood and into the adult world, such as getting involved in the music industry, realizing electoral power, or participating in activism about issues such as violence against people with albinism and the COVID-19 pandemic. Hip hop has been a crucial tool for Malawian youth to build the skills, identity, and agency necessary to exercise their economic, cultural, and civic independence.

**Rap Capital** Joe Coscarelli, 2022-10-18 From mansions to trap houses, office buildings to strip clubs, Atlanta is defined by its rap music. But this flashy and fast-paced world is rarely seen below surface-level as a collection not of superheroes and villains, cartoons and caricatures, but of flawed and inspired individuals all trying to get a piece of what everyone else seems to have. In artistic, commercial, and human terms, Atlanta rap represents the most consequential musical ecosystem of this century so far. Rap Capital tells the dramatic stories of the people who make it tick, and the city that made them that way.--

**Sounding Race in Rap Songs** Loren Kajikawa,2015-03-07 As one of the most influential and popular genres of the last three decades, rap has cultivated a mainstream audience and become a multimillion-dollar industry by promoting highly visible and often controversial representations of blackness. Sounding Race in Rap Songs argues that rap music allows us not only to see but also to hear how mass-mediated culture engenders new understandings of race. The book traces the changing sounds of race across some of the best-known rap songs of the past thirty-five years, combining song-level analysis with historical contextualization to show how these representations of identity depend on specific artistic decisions, such as those related to how producers make beats. Each chapter explores the process behind the production of hit songs by musicians including Grandmaster Flash and the Furious Five, The Sugarhill Gang, Run-D.M.C., Public Enemy, N.W.A., Dr. Dre, and Eminem. This series of case studies highlights stylistic differences in sound, lyrics, and imagery, with musical examples and illustrations that help answer the core question: can we hear race in rap songs? Integrating theory from interdisciplinary areas, this book will resonate with students and scholars of popular music, race relations, urban culture, ethnomusicology, sound studies, and beyond.

**Metal, Rap, and Electro in Post-Revolutionary Tunisia** Stefano Barone,2019-04-23 Metal, Rap, and Electro in Tunisia is a trip into the music scenes of Tunisia after the Arab Springs. Based on extensive field research, the book explores the social life of heavy metal, rap, and electronic music in a North African country whose mass revolution of 2010/2011 led the way to a troubled and yet unique democracy. What is it like to be part of a music scene in a place affected by poverty and inequality? How do the many conflicted souls of Tunisian Islam shape local metal, rap, and electro? What are the social and cultural stakes for music in a nation constantly represented as a bridge between Europe and the Middle East? How do music scenes articulate the complex political scenario that followed the Tunisian revolution of 2011? Barone answers these questions by offering new theoretical reflections on youth cultures and popular music in a global perspective, and thus pushing the debate on post-subcultures and scenes forward. At the same time, the book offers a dense sociological analysis of youth and music in reality - the Tunisian one - whose society, culture, religion, and politics are at stake in a historical transformation.

**Let the World Listen Right** Ali Colleen Neff,2009-01-01 In the Mississippi Delta, creativity, community, and a rich expressive culture persist despite widespread poverty. Over five years of extensive work in the region, author Ali Colleen Neff collected a wealth of materials that demonstrate a vibrant musical scene. Let the World Listen Right draws from classic studies of the blues as well as extensive ethnographic work to document the changing scene of Delta music making. From the neighborhood juke joints of the contemporary Delta to the international hip-hop stage, this study traces the musical networks that join the region's African American communities to both traditional forms and new global styles. The book features the words and describes performances of contemporary artists, including blues musicians, gospel singers, radio and club DJs, barroom toast-tellers, preachers, poets, and a spectrum of Delta hip-hop artists. Contemporary Delta hip-hop artists Jerome TopNotch the Villain Williams, Kimyata Yata Dear, and DA F.A.M. have contributed freestyle poetry, extensive interview materials, and their own commentaries. The book focuses particularly on the biography of TopNotch, whose hip-hop poetics emerge from a lifetime of schoolyard dozens and training in the gospel church.

*Great Lost Albums* Mark Billingham,David Quantick,Martyn Waites,2014-09-25 We can all name the classic rock and pop albums of the last fifty years. But what about the great lost albums? The albums that fell behind the back of the musical sofa? The albums that, in a very real sense, have been completely made up by the authors of this book? It took a bestselling crime writer or three to hunt down these fifty lost classics, and an award-winning TV comedy scriptwriter to buy them a pint and make them write it. From the 60s to the 00s, with track listings and full histories, *Great Lost Albums* reveals the recordings that - just perhaps - never existed, but really should have done. Albums include: · Bob Dylan's legendary collaboration with Liberace · Joy Division's 'musical theatre' period · Coldplay's IKEA Sessions, including 'Conscious Uncoupling (See Leaflet for Details)' and 'In my Place (There's a Lovely HEMNES Shelving System)' · The Who's magisterial, abandoned rock opera 'Bingo Wizard' · Kraftwerk's hastily deleted Christmas album, featuring the melancholic classic 'I Wish to Return this Item' ...and many, many more.

**The First Collection of Criticism by a Living Female Rock Critic** Jessica Hopper,2021-07-06 Jessica Hopper's criticism is a trenchant and necessary counterpoint not just on music, but on our culture at large. —Annie Clark, *St. Vincent* An acclaimed, career-spanning collection from a fiercely feminist and revered contemporary rock critic, reissued with new material Throughout her career, spanning more than two decades, Jessica Hopper, a revered and pioneering music critic, has examined women recording and producing music, in all genres, through an intersectional feminist lens. *The First Collection of Criticism by a Living Female Rock Critic* features oral histories of bands like Hole and Sleater Kinney, interviews with the women editors of 1970s-era *Rolling Stone*, and intimate conversations with iconic musicians such as Björk, Robyn, and Lido Pimienta. Hopper

journeys through the truths of Riot Grrrl's empowering insurgence; decamps to Gary, Indiana, on the eve of Michael Jackson's death; explodes the grunge-era mythologies of Nirvana and Courtney Love; and examines the rise of emo. The collection also includes profiles and reviews of some of the most-loved, and most-loathed, women artists making music today: Fiona Apple, Kacey Musgraves, M.I.A., Miley Cyrus, Lana Del Rey. In order for the music industry to change, Hopper writes, we need "the continual presence of radicalized women . . . being encouraged and given reasons to stay, rather than diminished by the music which glues our communities together." *The First Collection of Criticism by a Living Female Rock Critic*—published to acclaim in 2015, and reissued now with new material and an introduction by Samantha Irby—is a rallying cry for women-centered history and storytelling, and a groundbreaking, obsessive, razor-sharp panorama of music writing crafted by one of the most influential critics of her generation.
