Virtual Reality als gemeinsames Erlebnis. Entwicklung einer interaktiven Anwendung zur

Echtzeitsynchronisation mobiler Endgeräte Christian Bleser,2017-01-01 Virtual Reality Anwendungen erlauben es dem Benutzer, sich in eine virtuelle Welt zu versetzen und mit ihr zu interagieren. Wird dabei als Ausgabemedium ein Head-Mounted Display verwendet, kann der Benutzer komplett in die virtuelle Welt eintauchen. Damit diese virtuelle Welt für mehrere Benutzer erlebbar wird, muss eine Synchronisation der Anwendungen erfolgen. In diesem Buch wird eine Anwendung entwickelt, die grundlegende Funktionen für die Synchronisation von Aktionen in der virtuellen Welt und Interaktionen

zwischen den Benutzern bereitstellt. Dazu werden die Grundlagen erörtert und die zur Verfügung stehenden Technologien analysiert und bewertet. Es wird definiert, welche Bedingungen eingehalten werden müssen, damit eine hohe Immersion erreicht werden kann. Mithilfe der ausgewählten Hard- und Software wird ein Prototyp entwickelt, mit dem untersucht werden kann, welche Latenzen bei der Synchronisation über das Netzwerk auftreten. Dabei stellt sich heraus, dass bei der Synchronisation von bis zu drei Benutzern eine mit 40 ms sehr geringe Latenz eingehalten werden kann. Ein Anstieg der Latenzen ist auch bei einer höheren Benutzeranzahl nicht zu erwarten.

The Bounty Hunter Code Daniel Wallace,Ryder Windham,Jason Fry,2013-10-29 Around the time legendary bounty hunter Boba Fett tumbled into the Great Pit of Carkoon, the Rebel Alliance discovered a secure, blast-proof bounty hunter's case holding Boba Fett's personal items. For years it remained hidden away. But now all who wish may unlock the secrets held within.... Press the buttons, insert the data card, and the case opens with sounds and lights. Housed within is a text of great import. At some point in his career Boba Fett bound together the latest edition of the Bounty Hunters Guild Handbook and a manifesto from Death Watch, the secretive splinter group of Mandalorians. Together, these volumes make up *The Bounty Hunter Code*. The handbook is an essential guide for all bounty hunters. Senior Guild members offer advice for hunters new to the Guild, a detailed list of the tools and techniques crucial to the crimson trade, and the basics of making a living on the margins of galactic law. Boba Fett has scrawled additions and commentary in the margins throughout, as have the bounty hunters Greedo, Bossk, and Dengar, all of whom were once in possession of the Handbook. The Death Watch volume--part informational guide, part manifesto--is full of Death Watch history, philosophy, and discussions of key Mandalorian gear: their famous T-visors, their celebrated armor, and their impressive jetpacks. This Death Watch booklet was originally taken from Death Watch leader Tor Vizsla and given to Boba by his father, Jango Fett, and features handwritten notes from father to son. Boba in turn intended to leave it to his daughter, and so he's added his own annotations to aid in her education. The bounty hunter Aurra Sing and the pirate Hondo Ohnaka have added their commentary as well. Tucked beneath *The Bounty Hunter Code* is Cradosk's memoir, *Making a Killing*, a brutal account of his rise to the top of the Bounty Hunters Guild. From the creators of *Book of Sith* and *The Jedi Path*, in collaboration with Lucasfilm, *The Bounty Hunter Code* reveals the secrets of the hunt and offers insight into this demanding, dangerous, and misunderstood profession. The case includes: *The Bounty Hunter Code* The 48-page memoirs of Cradosk, former head of the Bounty Hunters Guild, with an inscription from the author to Boba Fett A Kamino saberdart Boba Fett's

captain's license Boba Fett's arms permit Slave I's official operating license An Imperial wanted poster for Han Solo An inventory slip from the Rebel Alliance forces who discovered and seized Boba's property

Speaking of Race Celeste Headlee, 2021-11-02 A Boston Globe Most Anticipated Fall Book In this urgently needed guide, the PBS host, award-winning journalist, and author of *We Need to Talk* teaches us how to have productive conversations about race, offering insights, advice, and support. A self-described “light-skinned Black Jew,” Celeste Headlee has been forced to speak about race—including having to defend or define her own—since childhood. In her career as a journalist for public media, she’s made it a priority to talk about race proactively. She’s discovered, however, that those exchanges have rarely been productive. While many people say they want to talk about race, the reality is, they want to talk about race with people who agree with them. The subject makes us uncomfortable; it’s often not considered polite or appropriate. To avoid these painful discussions, we stay in our bubbles, reinforcing our own sense of righteousness as well as our division. Yet we gain nothing by not engaging with those we disagree with; empathy does not develop in a vacuum and racism won’t just fade away. If we are to effect meaningful change as a society, Headlee argues, we have to be able to talk about what that change looks like without fear of losing friends and jobs, or being ostracized. In *Speaking of Race*, Headlee draws from her experiences as a journalist, and the latest research on bias, communication, and neuroscience to provide practical advice and insight for talking about race that will facilitate better conversations that can actually bring us closer together. This is the book for people who have tried to debate and educate and argue and got nowhere; it is the book for those who have stopped talking to a neighbor or dread Thanksgiving dinner. It is an essential and timely book for all of us.

BioShock: Rapture John Shirley, 2012-06-26 The prequel to the award-winning and bestselling video game franchise--Cover.

A Little Bit Wicked Kristin Chenoweth, 2009-04-14 Life's too short. I'm not. You might know her as a Tony Award-winning Broadway star, who originated the role of Galinda the Good Witch in the smash musical *Wicked* and won a Tony for 1999's *You're a Good Man, Charlie Brown*. Or you may recognize her from her starring roles on TV -- *The West Wing*, *Pushing Daisies*, *Sesame Street*...oh, and her

Huge Hit Sitcom Kristin on NBC. (Huge hit. L.A. breast-implant huge. Ask either of the people who watched it.) Or maybe you saw her sexy spread in FHM magazine? Or her appearance on Pat Robertson's The 700 Club? Kristin is a wonderful collection of contradictions -- but everyone who's ever met her remembers her as the little girl with the big voice. At four foot eleven, Kristin Chenoweth is an immense talent in a petite but powerful package. In this lively, laugh-out-loud book, Kristin shares her journey from Oklahoma beauty queen to Broadway leading lady, reflecting on how faith and family have kept her grounded in the dysfunctional rodeo of show biz. The daughter of an engineer and a nurse, Kristin was singing in front of thousands at Baptist conventions by age twelve and winning beauty pageants by age twenty-two. (Well, actually she was second runner-up almost every freaking time. But, hey, she's not bitter.) On her way to a career as a professional opera singer, she stopped in New York to visit a friend and went on a whim to an audition. Through a combination of talent, hard work, and (she's quick to add) the grace of God, Kristin took Broadway by storm. But of course, into every storm, the occasional drizzle of disaster must fall. Filled with wit, wisdom, and backstage insight, A Little Bit Wicked is long on love and short on sleep; it's essential reading for Kristin's legions of fans and an uplifting story for anyone seeking motivation to follow his or her dreams -- over the rainbow and beyond.
