Andrea Hannemann, aka Earthy Andy, presents a guide to plant-based eating that is simple, delicious, and fun. INCLUDES A 30-DAY PLANT OVER PROCESSED CHALLENGE Andrea Hannemann, known as Earthy Andy to her more than one million Instagram followers, believes that food is the fuel of life, and that consuming a nourishing, plant-based diet is the gateway to ultimate health. Andy's mantra, "plant over processed," embodies the way she eats and feeds her family of five in their home in Oahu, Hawaii. But it wasn't always this way. Andy was once addicted to sugar and convenience foods and suffering from a host of health issues that included IBS, Celiac disease, hypothyroidism, asthma, brain fog, and chronic fatigue. Fed up with spending time and money on specialists, supplements, and

fad diets, she quit animal products and processed foods cold turkey, and embarked on a new way of eating that transformed her health and her body. In *Plant Over Processed*, Andy invites readers to join her on a “30-Day Plant Over Processed Challenge” that will detox the body, followed by a long-term plan for going plant-based without giving up your favorite dishes. Packed with gorgeous photography and mouth-watering recipes—from smoothies and bliss bowls to plant-based comfort and decadent desserts—this life-changing guide takes you to the North Shore of Hawaii and back, showing you how easy it is to eat plant-based, wherever you are.

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the

Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
