J. I. Rodale

Country Wife and Other Plays William Wycherley, 1998 Wycherley's four comedies are admired for their satirical wit, farcical humour, vivid characterization, and social criticism. *Love in a Wood*, a lively comedy of intrigue, established him as a brilliant new dramatist. *The Gentleman Dancing-Master*, in contrast, disappointed contemporary audiences, but the central relationship between Hippolyta and Gerrard features an original and sympathetic study of a young woman's attitudes and feelings. *The Country Wife* is a sharp but also highly amusing attack on social and sexual hypocrisy. *The Plain Dealer*, a powerful dramatic satire loosely based on Moliere's *Le Misanthrope*, continues and enlarges Wycherley's assault on greed and corruption. Under the General Editorship of Michael Cordner of the University of York, the texts of the plays have been newly edited and are presented with modernized spelling and punctuation. In addition, there is a scholarly introduction, a note on staging, and detailed annotation.

The Synonym Finder J. I. Rodale, 2016-04-22 Originally published in 1961 by the founder of Rodale Inc., *The Synonym Finder* continues to be a practical reference tool for every home and office. Roget's International Thesaurus, 7th Edition Barbara Ann Kipfer, 2010-08-03 A classic reference book that has been used by millions all over the world, Roget's International Thesaurus is the product of more than a century and a half of continual expansion, reorganization, and improvement. Today this book is not only the most time-tested and bestselling thesaurus ever, but, newly revised, it is also the most up-to-date and comprehensive reflection of the English language as it is currently used. The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand-new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size, without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A-to-Z entries. This brilliant organization makes Roget's International Thesaurus both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated seventh edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. At the same time, it retains all the hallmarks that have made Roget's International Thesaurus the most popular word reference book next to the dictionary.

Roget's International Thesaurus Christopher Orlando Sylvester Mawson, 1962 Completely revised and brought up to date 240,000 words and phrases grouped by ideas.
