Down in the Garden Anne Geddes,2006-09 Babies as beatific butterflies. Babies as snoozing hedgehogs. Babies as tiny fairies dwelling in a magical garden. It's been ten amazing years since Anne Geddes brought these unmistakable inhabitants to life in *Down In The Garden*, her extraordinary ode to tiny babies and the enchantment they bring. *Down In The Garden* became an international bestseller and was the perfect showcase for this now world-famous photographer's artistic vision. The book captures newborns in a variety of mythical poses: brightly coloured flowers with babies peeking out from behind them, sleeping babies snuggled inside bright green peapods, sprightly gnomes with darling baby faces. All come together to make Geddes' *Down In The Garden* an artistic masterpiece unlike any other. This special 10th anniversary edition features all the striking images from the full-size volume in a more intimate package. Complemented by gently humorous text, the images reflect Geddes' appreciation for the beauty and innocence of babies. Her masterful imagery immediately communicates her deep and abiding love of children in a universal language understood by people everywhere.

The Poltergeist Prince of London James Clark, Shirley Hinchings, 2013-10-01 It began with a key. One afternoon in 1956, in the home of the Hinchings family in Battersea, south London, a small silver key appeared on Shirley Hinchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history - but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all - Shirley herself.

Law School Shane Patrick Irvine J D, 2020-07-10 LAW SCHOOL, Learn to Think Like a Lawyer - Hello, my name is Shane Irvine! And I want to be your law professor. I am both the author and the narrator of this audiobook titled, Law School. Now, let me give you a hypothetical. On one hand you have a statement made in a criminal law class at Yale University. The statement is that, First degree murder is the killing of one human being by another with malice aforethought. On the other hand, you have a statement made by a drunken beachcomber on the beach who also proclaims that, First degree murder is the killing of one human being by another with malice aforethought. The statement is that, First degree murder is the killing of one human being by another with malice aforethought. Okay, which of these claims has more truth and justice in it. The statement made in Yale School of Law or the statement made by the drunken beachcomber? Obviously, the statement is the same. The information coming from Yale University can be the same as the bellowings of a drunken beachcomber. That's because the information is generic. Yes, the legal information at Yale University Law School is basically just generic information. This series of classes that I provide, cover the breadth requirement courses necessary in law school to earn a Juris Doctor degree. Nothing is watered down except maybe the latin. The information is just as difficult to comprehend in this audiobook as it is at Yale University. Upon completion of this series of coursework, you will probably have more questions than answers. Don't worry... That's common. It's the nature of the study of law to spark thought. Each person is going to have a different mind set. I present the basic information necessary for you to form the questions. It's therefore, up to you to find your own answers. After all, that's what lawyers, traditional or otherwise, do, they provide differing schools of thought, they question everything, and they resolve to explain the unexplainable. That's the basic objective of being able to think like a lawyer - To be able to create a framework for thinking and ultimately an order for applying that framework. The curriculum for Law School includes Contracts, Tort Law, and Criminal Law, Criminal Procedure, Evidence, Civil Procedure, Family Law, Property law, Constitutional Law, Corporate Law, Wills, Trusts and Probate. These are the basic courses necessary to earn a juris doctor degree. I suggest you repeatedly listen to the material over and over. I also suggest that you purchase the four-volume text of the audiobook, found on Amazon, and follow along. The combination of listening and reading along will further help hold your attention as it all sort of sinks in and you will eventually find yourself thinking like a lawyer. However, unlike having that prestigious Yale University law school diploma on the wall, hypothetically, you will have that equivilent education plus the \$150,000 you would have paid in tuition at good ole Boola, Boola.

Only Forward Michael Marshall Smith, Neil Gaiman, 2015-05-07 Michael Marshall Smith's surreal, groundbreaking, and award-winning debut which resonates with wild humour interlaced with dark recollections of an emotional minefield. May we introduce you to Stark. Oh, and by the way -- good luck. Stark is the private investigator who goes to work when Something Happens to you. And when a Something happens it's no good chanting 'go away go away go away' and cowering in a corner, because a Something always comes from your darkest past and won't be beaten until you face it. And that's not easy in a city where reality is twisting and broken, a world in which friends can become enemies in a heartbeat -- and where your most secret fear can become a soul-shredding reality. And the worst of it is, for this nightmare you don't even have to be asleep... Considered a modern classic, and consistently featured in lists of Books To Read Before Your Head Explodes, ONLY FORWARD is a novel you'll never forget.
