Quicklet on Castle Season 2 Nicole Silvester, 2012-04-04 ABOUT THE BOOK Richard Castle is a mystery writer who has developed writers block after killing off his main character. When a copycat killer starts murdering people based on Castles books, he is investigated by NYPD Detective Kate Beckett. Beckett happens to be smart and beautiful, as well as a good cop, so Castle is intrigued by her, and comes up with an idea for a new series of novels about a character based on her. Initially, Beckett is not receptive to Castles request to shadow her so he can give his books more realism, even though she is secretly a fan and has read all his previous books. It takes Castles use of some high-placed connections, including the mayor of New York, to get permission, but he finally joins the team. MEET THE AUTHOR Nicole has been writing since she could make letters with a pencil, and has been making a living at it for more than ten years. She has gone back to school too many times, studying archaeology, folklore, writing and visual art. She writes fiction under several pen names, and also does printmaking, book arts, and photography. She's an avid amateur natural historian with a particular fascination for things that fly, whether it's birds, bats or insects. And if it's possible to be both a luddite, with a love for the low-tech, and a technophile, with a fascination for everything new and shiny, Nicole is both. She reads too many books, plays too many video games, and watches too much anime. EXCERPT FROM THE BOOK Where season one was an introduction to the characters and their unusual partnership, season two delves more deeply into their interactions and relationships. Castle is still, in many ways, a murder-of-the-week show, or a police procedural, in which the focus is on solving a murder, but it also has more depth. At the end of season one, Castle and Beckett were estranged because Castle interfered too much in trying to help Beckett with the mystery of her mothers murder. So as season two begins, the first thing he has to do is reconcile with her. At first Beckett doesnt want him around at all, but a murder investigation brings them together and she decides to allow him to help as long as he agrees to leave her alone afterward. But the time the investigation has concluded, Beckett has to admit that she enjoys having Castle around. CHAPTER OUTLINE Quicklet on Castle Season 2 + About Castle + Andrew W. Quicklet on Glee Season 2 (CliffsNotes-like Summary, Analysis, and Commentary) Paula Braun, 2012-03-04 Quicklets: Your Reading Sidekick! ABOUT THE BOOK Glee is part musical, part teenage drama, and part dark (but not too dark) comedy. The show is set in Lima, Ohio at fictional McKinley High School. Glee tells the story of the New Directions, McKinleys show-choir team that is composed of ambitious misfits. They are determined to win the national competition, but it is an uphill battle against their show-choir competitors, social pressures to be popular, and their own interpersonal dynamics. If that's not enough, Sue Sylvester, the cheerleading coach at McKinley, is hell-bent on destroying the glee club. She constantly torments the students for her own entertainment and inexplicably hates their coach, Will Schuester. Beneath her tough exterior, though, she's a bully with a big heart. Drawing off the popularity of American Idol, Glee provides prime-time audiences a rich context to experience the power of music. As the on-screen characters wrestle with their stereotypical identities, music gives them opportunities to express themselves fully and feel that they are part of something special. It's not all campy show tunes and sappy love songs. Often satirical, and at times absurd, Glee allows viewers to connect with their inner you-fill-in-the-blank: inner diva, inner jock, inner geek, inner over-achiever. . . you get the picture. The ensemble cast brilliantly portrays the anxieties and crises teenagers face. In watching them, we're reminded that our insecurities don't all disappear the day we graduate high school. MEET THE AUTHOR Paula Braun is a recovering bureaucrat. On a whim, she took a one-year assignment in Iraq and followed it with another one-year assignment in Afghanistan. After that, she needed a break, so she semi-retired and joined a bridge club. To support her bridge habit, she entered the glamorous world of freelance writing. You can follow Paula on twitter @paula_braun EXCERPT FROM THE BOOK Finn feels personally responsible for Sam's injury and confesses to Emma that all three prayers he made to Grilled Cheesus have been answered. Emma provides practical explanations for what occurred, and tells Finn, Everyone struggles with the big questions. Finn is shaken by the news and sings R.E.M.'s Losing My Religion. Kurt is excited about the fashion at Mercedes church, and he shows up with her wearing a fabulous hat. Mercedes asks the congregation to pray for Kurt's father and leads the choir in an ensemble performance of Bridge Over Troubled Water by Paul Simon and Art Garfunkel. After church, Kurt visits his father in the hospital and tells him, I don't believe in God, Dad, but I believe in you, and I believe in us. You and me. That's what's sacred to me. Kurt lightly squeezes Kurt's hand, and Kurt calls for a nurse. The episode ends with the New Directions singing Joan Osborne's One of Us. Will expects Sue to turn him in to Principal Figgins, but she agrees not to use the song against Will. She had a change of heart after visiting her sister Jane who told her God never makes mistakes. Finn finally eats the remaining half of his Grilled Cheesus sandwich... Buy a copy to keep reading!
