Not all Sanrio characters are cheery! In Japanese, when you're lazy, you are referred to as gude gude. And that's where our new friend gets its name. Warhol-isms Andy Warhol,2022-05-10 A unique

collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

Dire Moon (Hot Moon Rising #9) Eliza March,2017-05-19
Her aura has never reacted to any man this way. After the female dire wolf under her protection goes missing, Laurel Finnegan's new assignment, vetting the brother, proves even more challenging. He's everything Laurel isn't. And everything she wants. Before the full moon rises, she'll have to test their mutual attraction, find his sister, and keep him away from the other females who will stop at nothing to be the dire wolf's mate. He refuses to accept the significance of their mingled auras. Lucas MacDugal's family is the last of the purebred dire wolves, and times have changed. So when his sister fought tradition and fled Scotland for

Sarasota, he agreed. Now, he has to deal with her female security guard. Laurel has extraordinary elemental assets and is instrumental in deciphering evidence, but she's also the first female to destroy his self-control. He has until the full moon rises to figure out why. After that, his unusual attraction to Laurel may prove deadly for her. All the evidence indicates Grace set herself up. Laurel's worst fears prove true. Rogues from the south have infiltrated the outlying pack land. When she discovers Grace's location and telecommunications fail, she decides to rely on the elemental connection she formed with Lucas. He's in denial... But there's no denying how much she hungers for him, and his lust rises with the waning moon. The innocent female haunts his thoughts night and day. He has to respond. Too many lives are at stake for him to ignore the appeal he can't resist. The full moon calls his wolf to action. Lucas will give up everything to claim Laurel as his, but he won't risk her life. The fear of losing her drives him to discover the mystery surrounding their irresistible connection.

Tokyo Graffiti Lord,2018 Does street art exist in spotless Tokyo? Yes! But strict vandalism laws and conservative Japanese culture have suppressed the graffiti scene in Tokyo. This stunning survey by photographer and graffiti artist Lord K2 takes you into the Tokyo neighborhoods exhibiting a colorful array of urban art created on the fly and as low-key as possible. Here is a look at vibrant stickers, tags, highly elaborate murals by both local and international artists, and a gallery of work by the artist network Pow! Wow! Worldwide. The images are accompanied by well-researched commentary and a history of Tokyo graffiti by Little Pink Pills (Mika Revell), positioning this book as a comprehensive introduction to the best kept secrets Tokyo's graffiti scene has to offer. --lordK2.com.

Ordering Chaos Bridget K. Balint, 2009 From c. 1100 until c. 1170, Latin prosimetrical texts characterized by dialogue, allegory, and philosophical speculation enjoyed a notable popularity within the cultural ambit of the French cathedral schools. Inspired by Boethius's (TM) *Consolation of Philosophy*, the prosimetrum writers applied his literary techniques to the ethical and anthropological concerns of their own era, producing texts of great artistry in the process. This book investigates the rise of the Boethian impulse in Latin, the innovations of the twelfth-century writers, the difficulties that arose when they attempted to recapture the certainty that characterized the *Consolation*, and the survival of aspects of this literary mode in later Latin and vernacular literature.

Carioca Fletch Gregory McDonald, 2018-11-06 In this installment of the popular Fletch series, McDonald brings to life the vibrant, provocative culture and indomitable spirit of Brazil. After escaping to South America on a questionable "arrangement," Fletch has all but settled in to his new life of never-ending vacation, shacking up with the young and beautiful Laura Soares, enjoying the expansive Copacabana Beach, making new friends from all walks of life, and preparing for the most exciting time of the year in Rio de Janeiro: Carnival! But right before the festivities begin, an old woman off the street tells Fletch that he's the reincarnation of her husband and implores him to solve the mystery of his death. Caught between the rhythmic chaos of Carnival and this past-life murder, Fletch starts to lose more than just sleep as he pokes around through favelas and sambas through nightclubs searching for answers.

Fletch Reflected Gregory McDonald, 2019-01-01 Directly following the events in *Son of Fletch*, this indelible series comes to a close with Jack Fletcher Faoni following closely in his father's investigatorial footsteps. After

dropping his very first groundbreaking news piece onto the desk of Global Cable News, Jack is once again a free agent. But before he can set out to search for the next big scoop, he receives a phone call from an old fling who pleads for his help. Shana, recently engaged to the son of a multimillionaire inventor, is convinced that the recent accidents surrounding her future father-in-law are much more than that—someone is determined to murder him. Somewhat intrigued, and frankly, without anything better to do, he secures himself a job at the palatial estate as the resident pool boy and quickly gets to work. Realizing he might be in over his head as the attacks begin to escalate, he calls in the one man whose peerless wit and quirky investigation skills can't be beat: his father, I. M. Fletcher.

Fletch's Moxie Gregory McDonald, 2018-10-02 Ms. Moxie Mooney is Hollywood royalty—and she's in trouble. At the summons of his on-again, off-again lover, Fletch drops in on Moxie's film set, located in sunny Florida. If being called up for help by the box office beauty isn't work enough, Steve Peterman, Moxie's sleazy manager, is murdered while the cameras are rolling, and no one managed to see a thing. Despite the obvious lack of evidence, the rumor mill is still quick to churn up a potentially plausible suspect: Moxie. Realizing the need for a little R&R away from prying eyes, he hastily flies Moxie and her drunken father off to Key West. But trouble follows Fletch, in every sense of the word, and soon enough he's playing host to a full house of Hollywood's brightest. In true Fletch style, he delves into the investigation, dodging police inquiry, betting on race horses, taking a leisurely sail, and talking up his elite houseguests to get the dirt and solve this perplexing murder.

Fletch's Fortune Gregory McDonald, 2018-09-04 Fletch, as unbridled as ever and still living the good life in Italy on

his ill-gotten fortune, gets a surprising visit from two surly FBI agents. The pair offers him a deal: either he attend the American Journalism Alliance convention and work as an undercover spy for them, or be shipped back to headquarters and face jail time for tax evasion. Reluctantly agreeing to the scheme, he catches a red-eye flight back to the States. But just as rubber hits tarmac in Virginia, news breaks on a murder at the convention. The victim-a newspaper tycoon and former employer of I. M. Fletch-was no stranger to enemies. And at a hotel full of reporters who'd all had their dealings with the tyrannical leader, everyone's a suspect.

Americana Bhu Srinivasan, 2018-12-04 An absorbing and original narrative history of American capitalism NAMED A BEST BOOK OF 2017 BY THE ECONOMIST From the days of the Mayflower and the Virginia Company, America has been a place for people to dream, invent, build, tinker, and bet the farm in pursuit of a better life. Americana takes us on a four-hundred-year journey of this spirit of innovation and ambition through a series of Next Big Things -- the inventions, techniques, and industries that drove American history forward: from the telegraph, the railroad, guns, radio, and banking to flight, suburbia, and sneakers, culminating with the Internet and mobile technology at the turn of the twenty-first century. The result is a thrilling alternative history of modern America that reframes events, trends, and people we thought we knew through the prism of the value that, for better or for worse, this nation holds dearest: capitalism. In a winning, accessible style, Bhu Srinivasan boldly takes on four centuries of American enterprise, revealing the unexpected connections that link them. We learn how Andrew Carnegie's early job as a telegraph messenger boy paved the way for his leadership of the steel empire that would make him one of the nation's

richest men; how the gunmaker Remington reinvented itself in the postwar years to sell typewriters; how the inner workings of the Mafia mirrored the trend of consolidation and regulation in more traditional business; and how a 1950s infrastructure bill triggered a series of events that produced one of America's most enduring brands: KFC. Reliving the heady early days of Silicon Valley, we are reminded that the start-up is an idea as old as America itself. Entertaining, eye-opening, and sweeping in its reach, Americana is an exhilarating new work of narrative history.

Paper: Paging Through History Mark

Kurlansky, 2016-05-10 From the New York Times best-selling author of Cod and Salt, a definitive history of paper and the astonishing ways it has shaped today's world. Paper is one of the simplest and most essential pieces of human technology. For the past two millennia, the ability to produce it in ever more efficient ways has supported the proliferation of literacy, media, religion, education, commerce, and art; it has formed the foundation of civilizations, promoting revolutions and restoring stability. By tracing paper's evolution from antiquity to the present, with an emphasis on the contributions made in Asia and the Middle East, Mark Kurlansky challenges common assumptions about technology's influence, affirming that paper is here to stay. Paper will be the commodity history that guides us forward in the twenty-first century and illuminates our times.
